Mann and Simone Appear Saturday
On Saturday, Feb. 22, the Ford Catamounts will bring "A Politic and Jazz: Vfang Die" to Stepu Center of Notre Dame.
"The concert, slated to begin at 9:30 p.m., will feature Nina Simmon and her quartet, the Horle Mann and her vocal trio, Robin Elion, an Italian folk singer, and The Moonshiners, a trio of two guitars and three voices.
A Miss Simone, well-known vocalist and accomplished pianist, first came into the public eye in 1955. Her album, "The Amazing World of Nina Simone," led to appearances on Carnegie Hall, the Hollywood Bowl, and on television. She is presently planning an European tour.
Herbie Mann, noted as one of America's leading interpreters of African and Latin rhythms, toured in 1960 as part of the U.S. International Cultural Exchange Program. Attracted to Blues Score during a tour of Brazil, he was stimulated in his repertory of Yoho folk.
Robin Elion toured with a group of Israeli singers and dancers throughout France and Belgium. In 1968, during Israel's Ninth Anniversary celebration, Eilid Sullivan performed "The Little Drummer Boy," in the United States for CBS's 'special Israeli show.'
The three young college men, who comprise The Moonshiners, produce a collective musical ground which is unique in the area.
Tickets to the "Vang Die" will be available at Stepuen Saturday, Feb. 8. Each ticket is a chance on a 50 record albums to be given away at the concert. Entry blank, which is available at the local music store, gets a chance to win one of three Riechers tickets to be given away nationally.

Robert C. Liebenow, President of the Chicago Board of Trade, the world's oldest and largest contract grains exchange, will speak at the annual Finance Forum, Feb. 25-27, on "Commodity Trading."
The Finance Forum is an annual series of lectures sponsored by the Finance Club. It presents portfolios from the world of business whose work speaks on topics of general interest to students preparing for a business career or merely interested in such subjects as banking or marketing.
Liebenow will give the keynote address, Tuesday evening at 8:15 at the Morris Inn.
Three sessions will be held on Wednesday, featuring Erwin H. Graham, comptroller of Chrysler Corporation, speaking at 10:00 a.m., 'The Chrysler Story;' Richard N. Allen, secretary and controller of Central Bank, following Graham, with his talk on 'The Application of Cost Accounting to the Marketing and Finance Departments,' and W. Wendell Ross, manager of the Transportation Section of Dairy Products, W. C. Hutton and Company, who will address 'The Dairy Industry and Its Impact on the Economy' at 1:30 p.m.
Thursday's sessions include -
Froggs J. McCormack, vice-president in charge of Security Investments for the Lincoln National Life Insurance Company, speaking on 'Investment Avenues for Life Insurance Companies' at 10:30 a.m.; Donald H. McConaig, president of the Board of Governors of the University of Chicago, speaking on "The Economics of Broadening Education," and W. McConaig, chairman and president of the Fleeblt Bank and Trust Company, who will have his talk on "Management of Personal Finances" and "Personal Finance to all students who miss class while attending the Forum.

New Policies For Campus Clubs
Don Kulak, Campus Clubs Com- missioner, last week announced three new policies concerning the clubs.
The first and probably most important of these was the establishment of a new "Campus Clubs Policy. A committee of campus club presidents, the Academic Senate, and the Academic Senate will be charged with the duty of making recommendations to the system on policies that will be considered valid on the basis of the number of members and the length of time the club has been in existence. These recommendations will be reviewed on the basis of both the number of members and the length of time the club has been in existence. In the event of noncompliance, the club will be asked to submit a statement outlining the activities in the club for the previous year. This statement will be reviewed for compliance with the established standards.

The new policy also regulate the use of credit cards in the purchase of goods. This will now be determined on the basis of the number of club members. The use of the Engineer's Auditorium will be restricted to clubs only. Halls and classes shall have first preference to use the Stepuen Center for meetings.

A Geographical Clubs Committee has recently been established to provide a closer working relationship between the campus and the geographical clubs themselves.
The G.C.C. is composed of the geographical clubs: Idaho, Montana, Washington, and Oregon. The geographical clubs are the only organizations in the University that have a geographical affiliation. The geographical clubs are composed of students from the same geographic area. The geographical clubs are the only organizations in the University that have a geographical affiliation. **LETTERS TO THE EDITOR**

**Dear Editor:**

Now that the girls at SMC have had their hands extended, it seems to bring the Saturday night fun to a close. It would be possible to do something, but only every four years.

L. S.

**Dear Editor:**

I was quite surprised to find that both fronts are on eight pages. It was a very creditable feat. I now realize that even the editorial staff is putting in a full day's work. It has certainly improved since September. The paper now has what the school paper is failing to provide for: a purpose of being different. It is a newspaper, and that last is the purpose of a newspaper. Your Events Calendar is invaluable.

H. T.

**QUOTABLE QUOTES**

- "Fun is like innovation: the older you get, the more it costs." — Ed Hubbard
- "Experience is the name everyone gives to their mistakes." — Oscar Wilde
- "Many people have character who have nothing else." — Dan Herold
- "Brandy-and-water spoils two good things." — Charles Lamb

**Worthy of mention were two cultural events taking place at Notre Dame and St. Mary's last week. The Drama Department of St. Mary's produced "The Scarlet Letter," a dramatic religious Drama Workshop, and although much of the organizational spirit of last year's event was lost, it proved itself a worthwhile endeavor for all those taking part. The play was presented varied from the poor, "Babbling Bogues," to the extremely funny, "The Penitente Took Off Their Shoes." Also making up the program were past productions, a seminar on the graphic arts, and varied aspects of contemporary religious drama.**

**On Notre Dame's side a symposium on the future of music and literature from Europe from the late 16th to the early 18th centuries proved to be a highly effective gathering of experts.**

"The Library of Congress, a music of the future," was the theme of the University Library's annual exhibition. The Library Gallery had a current exhibition of Baroque paintings, sculpture, prints and drawings from its permanent collection. By combining all of these aspects in an organized symposium, the scholars and musicians hope to determine the nature of music in the United States today and its place in the United States educational system and contribute to the development of a unique and inclusive view of the Baroque age."
100 Students Volunteer To Tutor in South Bend

"We feel it is a significant contribution to the South Bend community; a contribution which is both interdenominational and intercultural," said Mr. Leonhardt. "It was referring to the jointly sponsored St. Mary's and Notre Dame tutoring program. Plans are being made for calling on them for 100 students." The number of student participants and tutoring districts in the immediate future.

The concept of college students tutoring grammar and high school students is relatively new, even on the national scene. Yale University inaugurated tutoring programs approximately one month ago. A 100 student tutoring program at St. Mary's and Notre Dame, meet every Monday and Thursday night at St. Vincent's.

Halls Enter Pizza Business

Pizzas will soon be made and sold by campus halls, according to Barry McNameer, President of the Hall Presid-ent's Council. Walsh Hall has already inaugurated a pizza service on an experimental basis. He determined that hall students request and respond. The results, McNameer stated, "were very successful. Now the service will be expanded to all other halls. We will determine the type of pizza, such as pepperoni, sausage, manner of preparation (frozen or from scratch), and price (to $1.25).

Arrangements have been made for the purchase of pizza ovens. A contract is expected to be signed soon. It is expected that made pizzas would be beneficial to the pizza purchaser in added convenience; while the hall stood to gain by the increased revenue. This added revenue will be used for hall improvements (television, chairs), parties and lectures.

About the new product, one pizza tasting observed, "Oh, it's pretty and pretty good...but it could use some more tomato sauce."

Salty Dog Coffee House

Bills Metz

Whether the fellows are looking for new social contacts for the coming year, or looking for social contacts of the past years, they certainly succeeded last Sat-urday night.

Thirty-nine freshmen from Cavars on, Sons of the American Legion, held its annual Christmas banquet in the college ball room.

The formal coat and tails were followed by the traditional "take off" of one hat, with putting on of the other, "The future of Cavars, as seen in the eyes of the youthful members of the Class of 1960, will be based on the foundation the class of 1959, laid down in the College Ball Room on December 7, 1958."

The University of Notre Dame includes the College of Arts and Sciences within the academic division of the university. The College of Arts and Sciences comprises the following departments: Biological Sciences, Chemistry, Computer Science, Economics, Engineering, English, History, Mathematics, Music, Philosophy, Physics, Political Science, Psychology, Romance Languages and Literatures, and Sociology.

This College of Arts and Sciences is the largest of the university's colleges, and it contains the largest number of students. The College of Arts and Sciences is divided into four schools: the School of Business Administration, the School of Engineering and Architecture, the School of Law, and the School of Education.

Senior Class President Bruce Tuttle will present John Glenn of the class of 1957, with the Hall of Fame Award of the evening. Mr. Tuttle will also present the most outstanding senior class member, a plaque and a letter of appreciation from the Hall of Fame.

The pizza will be served at the University of Notre Dame's new pizza parlor, which was opened last month. The pizza parlor is located on the first floor of the Hesburgh Library.

The pizza parlor will be open from 11 a.m. to 10 p.m. daily. The menu will feature pizzas topped with pepperoni, sausage, mushrooms, onions, and cheese. The parlor will also offer a variety of side dishes, such as salads, pasta, and sandwiches.

The pizza parlor has become a popular spot for students to gather and socialize. It is located in a convenient location, across from the university bookstore and the student union.

This pizza parlor is one of the many new attractions on campus, which have been added in recent years. The university continues to invest in infrastructure and facilities to enhance the student experience.

The pizza parlor is open to all members of the university community, including faculty, staff, and visitors. It is a great place to enjoy a meal or grab a quick bite on-the-go.

The pizza parlor is managed by the university's Dining Services department. The department has a strong commitment to providing high-quality food and excellent service to its customers.

The pizza parlor is a great addition to the campus, and it is sure to become a popular spot for students, faculty, and staff alike.
Irish Bounce Back Against Billikens

Playing one of its best games of the season, Notre Dame salvaged the home crowd last Saturday afternoon by upsetting the Billikens of St. Louis University 23-7. Big Walt Sahm was magnificent in scoring 33 points and pulling down 21 rebounds as teammate Larry Sheffield contributed 26 points to the Irish attack.

Notre Dame took the lead at 22-20 midway through the first half and was never again behind. By halftime, the margin had grown to 47-32 as Sahm poured in 20 of his points. St. Louis, led by the lumbering giant Gary Garrison and guard Dave Ulrich, staged a resurgence in the second half and closed the gap to 4 points at 65-62 but at this juncture, the Irish settled down and pulled away.

In addition to the overall brilliancy of Walt Sahm, the play of Buckley McDonald and Larry Jewell contributed heavily to the Irish victory. McDonald played an outstanding floor game in his best performance of the year, and Jewell, despite the fact that he has seen very little action, made his first 12 points come with 12 points.

Another important factor in the win was the head-up defensive play displayed by the Irish. In summary, St. Louis was forced into taking difficult shots much of the time.

Boyle, Carver Pace Trackmen

Despite strong performances by Captains Frank Curver in the long jump and Bill Boyle in the 440, Notre Dame's inconsistent trackmen carry only a 1-3 record in triangular encounters and a week showing in the Michigan State Relays into their dual meet with Pittsburgh in the Irish Fieldhouse this Saturday.

Fencers Win Four

The Irish fencing team scored victories in all four events over the weekend by defeating Iowa, Wayne State, Lansing and Detroit at Detroit.

Fence night at Wayne State the Irish first overpowered Iowa 18-5 and then defeated a new team by Wayne State 14-5. In the latter contest, one of Notre Dame's men was defeated by a senior from Iowa, which was the only matter.

Friday night at Wayne State the Irish overpowered by a score of 18-5 and then repeated by a score of 14-5. In the latter contest, one of Notre Dame's men was defeated by a senior from Iowa, which was the only matter.

Both of these teams were formerly held by Irish junior Ken Foden, who won the 5-4.

The Irish fencing team scored victories in all four events over the weekend by defeating Iowa, Wayne State, Lansing and Detroit at Detroit.

Individual leaders for the weekend were Bill Ferrence and Alex McKone, each posting 2-0, and seven. In the first meet, the Irish men's team record now stands at 3-6.

The medals of new Notre Dame football players were held up due to Saturday's meet.
