Mural Canvas Is Contractor's Loss

BY BOB LUMPKINS

Contrary to the rumor going around campus, the administration's decision to have the mural hung in the student union on the weekend of Sunday, April 26, is not the contractor's fault.

The contractor was put up by the architect, according to the Vice-President of Business Affairs, who said, "The contractor was working on the high winds the first part of the week, and the mural was only at the frame when the wind stopped."

Notre Dame cheerleader was held in the student union on the same day.

**Political Atmosphere**

The recent elections are in sharp contrast to the last election year. The need for a new parishon- ary, to determine to highest offices in student government, and to elect candidates applied to the four available offices, and to decide the top position — student body president — would seem to be a top priority for the College and every other student in the Student Senate as a prerequisite to a successful B.F.P. That provision should be eliminated.

It is a mistaken presumption to hold that quality students necessarily improve themselves in their college careers, and have spent time in the Student Senate. Men with ambitions and ideas will arise at any time when the opportunity and the challenge are great.

While familiarity with the mechanics of student government is to some degree necessary, that can be gained during the spring vacation, but a better way would be to have them themselves in their college careers, and have spent time in the Student Senate. Men with ambitions and ideas will arise at any time when the opportunity and the challenge are great.

**Jazz In The Cowpalese**

The College Jazz Festival, that pleasant and musical interlude which has decorated our spring calendar the past six years, has once again come and carried us through the festival was, from nearly every point of view, a success.

Discounting a somewhat sub-par session Friday afternoon, the music was of a polished excellence. Even that initial meeting, however, was blemished by the late arrival. Not due to late arrivals, found distinction in the competition. Student body president, that band, the band of the big-band competition.

All this is not to say that CJF '64 was a study in perfection. Acoustically, the field was less than satisfactory. Understated electronic devices called microphones were turned down in order to balance the band with the stage, but the Festival will have a new home next year, one that will hopefully provide better acoustical conditions. The Festival will also be blessed with a better sound system.

The primary defect of the Festival, however, was not its technical problem, but the failure of the university community to offer a Festival of the response communiqué with its quality and purpose. The Saturday night audience was the only one that didn't meet expectations, but even then, a remark to the last event.

(For the Festival to be successful, the Festival is properly conducted, as well as students, must bring their complaints and suggestions to the persons in charge (if they can be reached), as isolated individuals can not carry on a fight against a rather formidable bureaucracy. The lack of proportion is obvious, and should be removed by every other possible means.

The Faculty Library Committee should be much more than a polite formality, and the student government should take steps to minimize its burdens, in order to ensure the Senate Dinner Hall Committee.

But until such steps are taken, we would point out some pertinent faults that exist in any organization that we can see the task of the faculty in the library and its facilities for undergraduate students.

First, the fines for overdue books are not entirely consistent, and are inconsistently applied. Furthermore, when the due date happens to fall during a vacation period, the fine will be doubled without the option in rates, despite the fact that a student has not played return a book. The result is that the amount of a fine often exceeds the value of a book — an incongruity that no conscientious student can bear.

Another area of concern is the availability of books to undergraduates, which is easily hindered by the lack of good graduate students. The latter are permitted to remove any number of books to their carriages, the library for a car, without any other actions or limitations.

Books can be similarly retained by locking them in the faculty offices, and the tower and assigned to individual graduate students. These licenses should be immediately restored, and we are more equal sharing of the Library's resources.

Finally, some change machines could be installed (one for dollars as well as half dollars and quarters) to facilitate the use of their coin-hungry automobiles.

There are suggestions that students should be carefully considered — they may fill in some of the most obvious chinks in that big wall.
The annual Presidential Review of the University on Friday will take place on May 5 at 4:00 p.m., on the ROTC Field, north of the tennis courts. About 1,500 midshipmen, Air Force and Army cadets will participate in this ceremony.

The Presidential Review has customarily been held on Assumption Day or Mother's Day, but this year the location is the library dedication on Assumption Day. The annual ROTC Mass will not be held this year.

This will do nothing to detract from the color and pageantry of this annual event. Following the presentation of 21 awards to members of the three services for academic and military excellence by various foundations, companies, and various societies, the joint brigade will parade past the reviewing stand, where Rev. Theodore Hesburgh, C.S.C., and guests of the ROTC units will be present.

In addition, a Color Guard from all three services and the Army ROTC Band will participate.

R.O.T.C. Review To be May 5: Military Mass Cancelled

Cadet Brigadier General Daniel G. Murray, ARMY, will be the joint commander, since the Army is the coordinating service for the Review this year.

General Program Tells Curriculum Changes

There will be several changes in the curriculum of the General Program this fall, and the Undergraduate Dean, 1946, Sophomore will be required to take French in their first year. There will be a special dissertation requirement for seniors in the form of a thesis.

Formerly sophomores in the program could choose any major his faculty was in charge of. As a result, since all students will now have French, the French Department will assign French to students in the General Program, and the English Department will assign English to students in the General Program.

The state's still reeling how THE WEST WAS WON. This is known in Geek academic circles, and this film was intended- ers to children, but should still find it enjoyable. This semi- public film not only uses and one of the best films to learn about the West. It's a history lesson for the uninitiated. I think an overall effect is very good. Three chairing daily at 1:30, 4:30, and 8:15.

The COLFAX is showing GLIO- PACRA for the next four weeks. What can I say? In case you haven't noticed, the audience has been phenomenal, and they still want more. Also, since all students are now registered, the annual Curriculum Challenges will be held on May 10, 1964.

The Curriculum Challenges will be held on May 10, 1964. The challenges will be held in the fieldhouse. There will be a cash prize of $50 for the winning team. The cash prize will be awarded on the last day of the school year. The winning team will be awarded a plaque.

The winning team will be awarded a plaque.

Two Buildings Broken Into

Two campus buildings were broken into Friday night, with no serious results. The door of a set of double doors in the rear of the Administration Building was broken into around midnight Friday, but the inner door was locked. Sometimes that night, someone removed the bolts from the hinge of the rear locker room door in the fieldhouse. This had to be done from inside. Repair shop employees and a trap door will have to be installed before the Administration Building can be used.

The films are on show at 1:30, 4:30, and 8:15. The price is a dollar and twenty-five cents, with a dollar and fifty cents which are one dollar.

The Granada will be showing THE INCREDIBLE M I L L I FF , a disaster film that has been a hit in Europe. It is about a fantastic fish in a cartoon Odyssey. Very interesting film, and it will make you laugh.

The A V O N has come up with Bergman's new film, THE GLASS MENAGERIE. It is a film that is about a young woman who is in love with a trap door man before the fieldhouse. This had to be done from inside. Repair shop employees and a trap door will have to be installed before the Administration Building can be used.

Shawn Fitzmaurice and Ed Lepore (pictured here) are two good reasons for the upswing in Irish baseball fortunes this spring.

Irish Nine Come Alive

Coach Jake Shumak’s unhappy nine heads into two victories this past week. Purdue and Toledo were the victims of the Irish upswing.

On Wednesday, the Boilermen collapsed beneath an Irish scripted attitudinal Irish game that exploited 2 home runs and a double. He was 4 for 4 in this contest and flirted the average to .300.

John and Than Fitzmaurice, now hitting at a .300 clip, are two of the night’s heroes in Notre Dame’s 1964 baseball picture. Churchill has clubbed 5 singles, and 2 homers, this spring.

After whipping Toledo, Friday, behind their record to 1-1, the Irish were prepared to even their record with another game at Toledo, Saturday. Hopes were dashed when a downpour which had begun during a pre-game ceremony did not let up, and the game was cancelled.

Frank Karazim, a northpaw junior who was slated to pitch this game, will most likely start Tuesday against Northwestern.

Karazim, did, cancelled.

There are two not let up. and the a northpaw to go well pitch wins. Vidson, a senior and Fallon hopes Notre monogram winners returning, New York men is more from Puerto Rico, is playing in the number one position in his first year of competition.

With six of last year’s seven monogram winners returning, Notre Dame coach Tom Fallon hopes that his 8th year at the helm will see an improvement in baseball fortunes this spring.

Franklin, a two time monogram winner from New York City, is a sophomore from Puerto Rico. He is currently playing in the number one position in the lineup.

Next in line are juniors Jim Goetz from Cleveland, Ohio, and Ruben Carneal, Senior, National College, California, Goetz, who is playing in the number three slot, is a lad who won with consistency during the 1963 campaign while Captain Frank Eulton was an experienced performer.

Rounding out the squad are Bob Fitzgerald, a junior from Evanston, Illinois and a pair of left-handers. Evanston, Illinois and a pair of hard-handed juniors.

Six Tennis Monogram Winners Return

Dr. John Clancy Vos-vard, 13th year coach, Tom Fallon, is at the helm. The coach, who has built the Fighting Irish into one of the top tennis teams in the country, was one of the most consistent performers of the 1963 campaign while Captain Frank Eulton was an experienced performer.
