**VOLUME 3, NUMBER 19**

**A Voice Tribute**

**Thirteen Years of Service**

Tonight the Notre Dame student body honors its president of 13 years, Fr. Theodore M. Hesburgh, for his service. Fr. Hesburgh's vision has not been limited to the physical plant of Notre Dame; as he says, "the only lasting works are those of the spirit."

Fr. Hesburgh has directed the whole campus toward academic excellence. Notre Dame has been manifested to the world as one of the most prestigious institutions in the United States. The University's current board of trustees, under Dr. Thomas J. Courtenay, will be the focus of a testimonial dinner on Thursday, April 23. The dinner will be held in the University's new center for continuing education, which will open on Jan. 1.

**Education Center to be Open Jan. 1**

The 8.5-million dollar Center for Continuing Education Center should be in operation by January 1966, according to Dr. Thomas J. Courtenay, President of the University. The Center will be a significant addition to the University's facilities, providing opportunities for adult education and training. The purpose of the center is to extend Notre Dame's educational services to people outside the university. The Center will be open to adults of all ages, and the courses will be offered on a wide variety of topics. The Center will also provide a home for the University's new House of Science, which will be dedicated on Jan. 1.

**Circle Elects Chesire, Inducts New Members**

The Blue Circle Honor Society elected John Chesire its chairman for next year. Chesire, an English major from Omaha, Nebr., was a major force behind the move to increase the number of students who have been elevated to the society. The number of elevations has increased from 25 in 1964 to 75 in 1965.

**Seven Nobel Winners to be Honored**

Twelve eminent figures in the world of science, seven of whom Nobel laureates, will receive honorary doctorates at a special convocation Saturday, May 1. A special residence hall, the Alumni Center at the University of Notre Dame, will be dedicated at 8 a.m.

**Liturgical Changes to be Made**

"The difference between the old liturgy and the new is the difference between rubrics and real prayer," according to Father James Dorton, S.C.S., University secretary. The change is being made to adapt Notre Dame at Liturgy.

Last Tuesday, Father Dorton and priests joined together in consecrating many. For this year's summer, the liturgy, or Mass, will be recited with hymns and dialogue.

**Student Body Honors Father Hesburgh**

Father Hesburgh has done much to accommodate a maximum of 100, even in Sacred Heart Church itself, there is a possibility of modifications being made in the sanctuary.

**Freshman new members are**

Notre Dame pays tribute to her president tonight, as 600 students are expected to gather in the North Dining Hall to express appreciation to Father Hesburgh whose name has been expanded with progress and achievement.

The dinner honoring Father Theodore M. Hesburgh, a tribute form the students and the faculty, will begin at 7:05 with an invocation by Bishop James J. Doherty of South Bend. The principal convocation speaker will be Dr. Charles H. Townes, provost of the University of Notre Dame. The dinner will be enriched by students who will be present, including Dr. John Chesire, president of the Blue Circle Honor Society.

A Modest Proposal

If any impecunious student can't keep a room in this student village, then the recent bloodbath of intrahall and trial halls selections should provide it.

Several house was broken and un-

ned needs have emerged - one tradition-

al and one peculiar to this year. The

first involves the place of the hall rec-

tors in room selection. For more freedom?

that a hall to remain, and would provide

for slight variations (perhaps 10%) from

the established quotas. After these years, the

quotas would have been filled, and the system

would perpetuate itself.

The Stay Hall Committee considered a proposal similar to this, but rejected it in favor of a system with a shorter period. One thing at least is certain: if Farley Hall is any lesson, then the enforced que-

tions are so adequate.

A Modest Proposal

by Buck McFadden

Notre Dame might have an easier time winning law suits to defend its good name - with a strong crowd who so eagerly awaited the Your April 7 editorial does, comply with magazine policy concerning cartoon with Bob Farmer. It was fired as LEPRECHAUN Art Editor just before the publication of our Oct-

ber 1964 issue. One week later he was fired altogether. This was long before there was any talk of his publishing his own humor magazine. If, in this light, Bob's decision to publish on his own seems simple self-interest, I think the reasons for the LEPRECHAUN fired Bob were much,

ly similar to the reasons that led to the publication of G. Person's article on the housing problems en-

countered by our Negro faculty, and even less overwhelming by the fact that from a base of zero Negro students prior to 1944, we have "progressed" to 25 (roughly 15 American and 10 African Ne-

groes) in 1965 - a monumental example of conversions or unconscious token integration.

Of course, I realize that if a man has a house he can do anything and must lean heavily upon his ad-

ministrative chiefs, who unfortunately can't do anything either; the students' role is to make the administration subject upon student initia-

tive. With, G. Person has shown some real initiative, and until our administration gives aggres-

sive respect to G. Person, and "puts its money where its mouth is", I believe there is room for legitimate skepticism as to the commitment of our adminis-
	ration to the principle of student initiative in general and campus newspaper in particular.

As everyone knows, thirteen-twenths of the earth's surface is water. Thus we can see how important it is to know and understand our seas. Toward this end American colleges last year embarked on a program to increase enrollment in oceanography.

I am pleased to report that results were at last visible last year.

In one single semester the number of students majoring in oceanography rose by 100—from one student to the Bolognese. The one student was Edward Lyznicki and Allen Teicher will be at the Catholic Travel Office, 1436 Connecticut Ave., Washington, D.C.

Irish Nine Defeats Detroit 5-1
By Mike Reed

Propelled by Dick Saager's 4th inning home run which broke a scoreless tie, the Notre Dame baseball team rolled to a 5-1 victory over the Detroit "Titans".

The victory was the 8th of the season for the Fighting Irish against 6 defeats, and a very important one at that, Detroit was the top independent in the area, sporting a record of 6-2.

Ed Lupton started on the hill for Notre Dame and went 7 innings before permitting a Titan to cross the plate, Even though he had himself hit by a pitch and two singles, his effort was good enough to gain credit for the victory.

Thursday, the Michigan "Wolverines" will be on Carther Field for one game, Friday Notre Dame faces Bradley in the first of a two-game series. The second will be held Saturday.

After 17 games, Dick Saager still leads the Irish at the plate with an average of .390. He is followed by Tom Stazio with .342 and Pat Topolski at .309.

Ruggers Win Challenge Cup on Toohey Kick

By Bill Dwyre

Notre Dame emerged as a national rugby power Sunday by winning their own tournament in Notre Dame Stadium via a 19-0 victory over the Toronto Nomads. The tournament included many of the strongest teams in the country. Besides Toronto, teams from Columbia, Army, Virginia, Indiana, Dartmouth, and St. Louis battled for the "Irish Cup." With this win the Irish distinguished themselves as the power in a field of teams that contained seven other outstanding clubs.

The crucial victory came on Jamie Toohey's penalty kick from 50 yards out with only seconds remaining in the game. Up to this last second kick the game was a masterful display of rugby skill by both teams resulting in a virtual deadlock. Toronto threatened twice early in the game, but kicks by Gay Pang and Toohey got the Irish out of the jams. Toronto continued to keep the advantage throughout the first half due to their exceptional kicking skill, while Notre Dame had bad luck with many of their kicks rolling into the end zone of Toronto. The only Irish threats in the first half resulted in three long penalty kick attempts by Toohey, each of these kicks fell short.

Early in the second half Toronto just missed a medium range penalty kick. When the Toronto kick wavered to the left the Irish ruggers turned on the pressure, and most of the remainder of the game was played in Toronto territory.

Toohey's game winning kick was set up when Bob Mier found the ball lost in the midst of the Toronto players and gave it to short kicks placed off. In the following action a penalty was whistled and Toohey's straight on kick was perfect.

Notre Dame reached the finals by routing Columbia 26-3 on Saturday morning. This was followed by a 19-0 victory over the University of Virginia in the afternoon. Toronto beat Indiana and Army enroute to Sunday's finals. In Saturday's semi-final victory outstanding back John Redding opened the scoring with a beautiful long run. Toohey converted after Redding's try, and a short while later Toohey kicked a penalty kick for an 8-0 lead.

Toronto controlled Indiana in their opening contest, but ran into a stubborn West Point team roughly 600 people who attended the final game rose to their feet and gave the Notre Dame ruggers a vote of appreciation and confidence that has been four years in the coming.

At the end of the game the "Irish Challenge Cup" was presented to moderator Ken Featherstone and team captain Mike Murphy. The cup, which was donated by rugby enthusiast Don Gentile, will remain a symbol of Notre Dame Rugby Tournament supremacy.
Freshman Class Council Sponsors "The Whisper"

On Thursday, April 8 the first edition of "The Whisper" appeared in the freshman halls. Printed on a new metered form is a sheet the size of the Religious Bulletin, "The Whisper" purports to be more than just a freshman newsletter.

Pat Collins, the editor, believes that "The Whisper" will give appreciation to the genuine idea of the freshman class's impression about Notre Dame after seven months. He hopes the faculty and administration will see how the freshmen are developing in their awareness of campus and academic life. Collins wants to voice a freshman reaction to regulations, stay hall, honor code, and other current campus topics. He also plans to double the size of his next issue, to add an SMC report section to the staff, and to introduce SMC topics to the paper. He wants to continue the paper next year, changing its format so that it will grow with the Class of '68. It will be independent of class government.

The idea for a class paper was born in the Freshman Class Council, which approached Collins because he had shown interest in starting a newspaper for Breen-Phillips Hall. He agreed to edit "The Whisper" on the condition that the Council have no censorship powers and that he be responsible only to moderator Fr. Michael Heppen and Student Affairs Vice-President Fr. Charles McCarragher.

Collins, who worked on the Washington Daily News last summer, assembled his staff and began work on the first issue last month. The next issue is due April 29.
