IN MEMORIAM: JOHN FITZGERALD KENNEDY, LL.D. 1950, 35th PRESIDENT OF THE UNITED STATES

"IN PARADISUM DEDUCANT TE ANGELI."
On the Cover:

Father Norton (left) and Father Cavanaugh adjust the doctoral gown of Congressman John F. Kennedy (D.-Mass.) after confer­ring the honorary degree of Doctor of Laws at midyear commencement exercises in January, 1950. Father Cavanaugh was requested to offer Mass before the coffin of President Kennedy in the East Room of the White House on November 23, 1963.

The back cover illustrates the dead Presi­dent’s many honorary and familial ties to the University of Notre Dame: as an honorary alumnus and member of the Advisory Council for the College of Liberal and Fine Arts; as recipient of both the Loelare Medal end the Potriotism Award of the senior class; and through similar honors conferred on his brother, father and grandfather over the past fifty years.

As we went to press on November 22, the cover was to depict the ringing down of the curtain on the happy “Dromo of Challenge I.” But that day saw the curtain drawn on the tragic drama of a man intimately involved with the University, whose years of greatness and challenge to America, 1960-63, corresponded to the years of Notre Dame’s greatest development to date, the period of Challenge I.

“I do not shrink from this responsibility — I welcome it.” Thus President Kennedy began the career that ended at the hands of an assassin in Dallas. As Father Hesburgh has written, “May this sad day be not one of darkness, no triumph for the powers of evil, but the birth of a great new light that will for yeors to come inspire others to great deeds, come what may.” To the memory of John Fitzgerald Kennedy this issue is prayerfully dedicated.

The CLOSING CURTAIN, formally ending Challenge I, has been rung down. This thrilling Notre Dame drama in real life officially ended on June 30, 1963. The meeting of the $18,000,000 Challenge target was a soul-stirring performance on the part of many devoted men in many different roles. The approving applause of all those interested in private higher education, especially of all our Notre Dame faculty and students, still thunders throughout the land and across the campus.

The purpose of this brief report in the ALUMNUS is to call certain persons and certain categories of people out into the spotlight for a special curtain call and then to take a quick look in review behind the scenes of this remarkable drama.

Like every successful production, Challenge I required the best efforts and the most loyal dedication of the entire cast. Each person connected with Challenge I played his part well. There were few missed cues and the timing was without major flaw. Those in leading roles and those in supporting parts each contributed the full measure of their good talent. Older players and younger players accepted together the weight and the burden of the job to be done.

First, a special curtain call for Mr. I. A. O'Shaughnessy, the Honorary National Chairman of Challenge I. His concern for the campaign and his interest in its success were never far from his heart.

Second, a very special curtain call for the National Chairman for Challenge I: Mr. J. Peter Grace of New York, Special Gifts Chairman, and Mr. Joseph I. O'Neill, Jr., the General Appeal Chairman! Both deserve special credit for the inspiring leadership, the wise direction, and the boundless enthusiasm they brought to the Campaign. It is not too much to say that the Campaign might not have been a success at all if they had not interpreted their roles so convincingly.

Next, the City Chairmen, both Special Gifts and General Appeal, in some 170 cities! To assemble all of these men on any real stage for a curtain call would be an impossibility, but the stage of human gratitude and appreciation is a large one. Our City Chairmen occupy that stage in all Notre Dame hearts. Their performance was intense and thorough. They captured the spirit of the drama well, and they gave great depth of meaning to the roles they played. Because of our City Chairmen, Challenge I was a play with a happy ending, a comedy, rather than the play with an unhappy ending, a tragedy, it might otherwise have been.

Next on stage, the 3,500 Committeemen who so well and so willingly became, during this dramatic period, salesmen and ambassadors for Notre Dame. They were persuasive, indeed, as the results clearly show. Over 80% of Notre Dame's alumni responded to the appeal of Challenge I. This is a near record, if it is not in fact a record, for percentage of alumni participation in any university capital gifts campaign.

And finally on the vast stage of our imagination, the 23,500 who contributed from their own means and resources to Challenge I. Each has been thanked and each knows of Notre Dame's lasting gratitude. But the best thanks of all is each one's own realization that he is helping in the noble work of building a great university, Notre Dame. Each one, too, realizes that he will share in the prayers and the gratitude of all future generations of Notre Dame men.
To one and all Notre Dame's thanks and Notre Dame's congratulations.

But now to move backstage, behind the scenes! With the theater emptied and in the full light of day, how do we assess the drama and the value of Challenge I? How do we get at the facts and the spirit behind the statistics?

As is true of all drama, whether in real life or on the stage, Challenge I was a tense and difficult drama all the way. Its outcome — the conflict or the action it demanded — would be unresolved until the play's very end. At the beginning, many people knew the attaining of this goal — the meeting of the challenge — would strain all talents and all energies, if it were not actually impossible. As the curtain went up, both those on stage and those in the wings were, perhaps, a bit stage-frightened. But as the drama started to unfold, as in the theater of this Campaign became more swept up in the impulse of the developing plot, and as the reality of the drama became more apparent to everyone, a sense of confidence, of poise, and of assurance seemed to give new vividness and force to the performance.

The play's end carried with it a wave of deep and genuine enthusiasm and a joyful sense of accomplishment. As Notre Dame men everywhere saw what they could do for the University, they felt an even greater pride in their University and in themselves and they shared gladly and gratefully in the momentum of the success. Challenge I has been called the greatest outpouring of Notre Dame spirit, loyalty, and cooperation in the entire history of the University. The magnificent new Notre Dame Memorial Library, the largest university library in the world, now almost finished and already completely paid for, is one evidence of this — but only one.

The first act of the drama of Challenge I called for setting the stage, planning the strategy, developing materials, explaining the case, and enlisting the ideas and the assistance of the men who were to carry the Challenge Campaign to the front lines. Meetings of the Special Gifts Chairmen and later the General Appeal Chairmen were held on the Notre Dame campus in the fall of 1960 and 1961. It was explained that the Ford Foundation had selected Notre Dame as one of five universities to participate in its Special Program in Education and had challenged Notre Dame to raise $12,000,000 in cash in three years by offering to match that amount by an unrestricted §6,000,000. The Chairmen, who attended these meetings, were delighted with the honor implied for Notre Dame and they were sure that with hard work the Challenge could be met. A na-

tionwide telephone network linked together Notre Dame alumni and friends in 140 cities to explain, to inspire, and to launch the General Appeal phase of Challenge I.

But Act II, forwarding the action and the involvement of the dramatis personae, meant actually mobilizing the strength and the immense good will of all Notre Dame alumni and friends. If the challenge was to be successfully met, Notre Dame would have to raise, in each of three years, not twice but triple the amount it had raised in any previous year. This message had to be clearly understood by all members of the Notre Dame family. It would be necessary to highlight its urgency and its priority. The University Administration and the Assistant Directors of the Notre Dame Foundation had to take this message to every corner of the country. Thirty-five hundred volunteers, Notre Dame men all, worked with them and assisted them in every way.

Act III, the climax — the moment of decision and the denouement! Act III required that every Notre Dame alumnus and Notre Dame friend wherever humanly possible, be personally contacted and urged to contribute. The scene shifts away from the Notre Dame campus to thousands of homes and hundreds of offices across the country where the crucial moment of the drama would be enacted. It is easy to imagine the hundreds of different settings in which Notre Dame men gathered in small groups and in large groups to discuss Notre Dame and to decide how actively they would share in its future.

The alumni volunteers began their calls. The Assistant Directors of the Notre Dame Foundation kept their bags packed ready to catch early morning and late night planes. The lights burned throughout the night in the Notre Dame Foundation Offices. How would it go? How would the Challenge be received and answered by the Notre Dame family? Now we would know whether we were ready, whether we had been overly optimistic, whether Notre Dame alumni and friends, whose loyalty was never in question, could rally in such dollar amounts to the Challenge Program at this time in Notre Dame's history.

The drama of Challenge I is now played out to its amazing and thrilling and highly successful conclusion. The answer is now well known and fully recorded. Into it went the great love of many people. No university and no person could ask for more than that. But love is not to be measured in dollars and cents important as these are to the growth of any great university. Notre Dame, like every great private university, will face, we can be sure, further challenges and further dramas in the future.
THE SCOPE OF YOUR ACHIEVEMENT

individual alumni donors lies the force and the forecast of the new era which Challenge I has brought to Notre Dame men.

The Challenge Program, the Ford Foundation matching grant incentive, the New Library and other phases of the immediate success are well known. I would like to pay tribute, at this point, to factors which contributed to this success, which might escape the appreciation due them if they are not mentioned in its relating.

The alumni who, in 1868, created the first Alumni Association, recognized the integral part of the graduate in the life of his alma mater.

Father John W. Cavanaugh, and a group of cooperative lay alumni, saw in 1908 that the Alumni Association needed the stimulus of constitutional control, regular meetings, an active program, and active leadership.

It is to this program and leadership, during its 55 continuous years of building, that a part of today’s success story must be attributed.

To Fathers James Burns and Matthew Walsh, who found in the University’s first fund-raising effort the essential relationship of organized alumni, and who immediately in 1929, established an Alumni Office, an Alumni Secretary, and an ALUMNUS magazine, must be given a segment of the success we are now heralding.

And to the succession of officers and directors of the Alumni Association, through the Alumni Boards, who have guided and directed and expanded the Office, the staff, and the magazine, through war, depression, and progress, a very substantial amount of the accomplishment must be attributed.

This is no small progress. As late as 1940, the Alumni Association was struggling with a scattered membership of 10,000, an obsolete system of annual dues, an independent and limited fiscal structure that approximated a total annual expenditure — office, staff, and magazine — of $15,000. Our Clubs were heroic but haphazard. Our Reunions were a frequently embarrassing appendage to the growing dignity of Commencement weekends.

Now, in the bright reflected glow of Challenge I, the Alumni Association of the University of Notre Dame is demonstrated to be a mature, integral, substantial part of the University and its life.

Our broad programs are rapidly achieving the proper goals of a distinct part of University life, an essential part of the Notre Dame pattern.

We need not put away or even regret the joys, the fraternal instincts, the enthusiasms of our past. Even then, a close look finds them surging around a maturity and a purpose that circumstances could not until now implement. Rather, we should mellow all these good and desirable qualities in the new plateau of a stature we will never again lose, a new breadth and depth that is in itself a new basis of promise.
DURING the past several years, a number of alumni have voluntarily presented copies of books written by themselves to your Alumni Secretary or to the Director of Libraries. As the gifts were received, the thought kept recurring that someday when the University of Notre Dame had adequate facilities, a determined and purposeful effort ought to be made to begin a collection of books written by alumni of the University. The benefits of such a collection would be numerous, and one of the most meaningful would be the educational impact of this collection on the students of the University. Undoubtedly, it would also be a source of pride to the former teachers of the alumni authors.

One of the most delightful facilities of the new Memorial Library is the Treasure Room. It is beautifully and distinctively furnished. It has walnut paneling and wall to wall carpeting. It is quite proper that the Treasure Room is decorated in this manner because it will house the most rare and beautiful books and collections of the University libraries. The Treasure Room will also house the books of the Notre Dame collection. This collection will comprise books written by alumni authors, books written about the University of Notre Dame, and biographies of alumni. The books desired for this collection are not only books of fiction, but professional books and technical works, pamphlets, as well as manuscripts, correspondence, research notes or anything that was concerned with the writing of the particular work.

The efforts of the alumni are also solicited to bring other desirable library materials to the Memorial Library. Great libraries are the result of the attention and support of many. Perhaps, among the friends of the alumni, there are book collectors who could be persuaded to donate their collections to the Memorial Library. Furthermore, alumni who are attorneys can frequently counsel clients who have book collections to donate them to the University and take advantage of the tax angle. On the other hand, book collections can be donated to the libraries as a deposit and given to the library as an outright gift on the death of the donor, thus enabling heirs to claim a charitable deduction in the settlement of the estate.

The University libraries at Notre Dame are interested in books of all special fields regardless of age, because books in all areas are needed to build up the research collections of the University libraries. At the moment, the field of local Catholic history is of special collecting interest, and this would include all types of material such as anniversary histories of churches, parishes, religious establishments, jubilees, etc. Nothing should be overlooked because the rarest book is sometimes found in a seemingly unimportant collection of books.

If potential donors cannot be approached directly, the administration of the library will be happy to make the contacts. Please contact, Mr. Victor A. Schaefer, Director of Libraries, for any further information about the Program of Collections.

CONVENTION WILL RETURN TO GRAND BAHAMA

It will be off again to Grand Bahama Island, to the new Lucayan Beach Hotel next year for alumni attending the Second Annual Notre Dame International Convention in 1964.

The convention is planned for April 24, 25 and 26. Plans have progressed to a point where convention officials expect to follow in the footsteps of last year’s successful convention, held at West End, Grand Bahama Island.

The 1964 convention will be jointly sponsored by the Notre Dame Alumni Clubs of Miami, Fort Lauderdale and Palm Beach County. They offer an open invitation to every Notre Dame alumnus throughout the country. The weekend. They base their projections on the turnout of more than 250 last year, and the great success of the first international convention.

The committee has been assured by the 1963 University representative, Ed “Moose” Krause, that he and his lovely wife, Elite, will return in 1964 with a large contingent of Notre Dame alumni from the Midwest.

The 252-room Lucayan Hotel is an ideal location for the 1964 convention, according to the committee. Every room and suite in the hotel will overlook the water after completion in December. In addition to its beach-front location, there are canal ways, a lake, and a yacht marina adjacent to the hotel. An 18-hole championship golf course adjoins the modern hotel for use by convention delegates.

For further information on the upcoming international convention, write the Notre Dame Convention Headquarters, 100 East Las Olas Boulevard, Fort Lauderdale, Florida.
A Look at the 'New Look'
of the Board of Directors of Your Alumni Association

As ballots are being tabulated for the election of four new members to the Alumni Association Board of Directors, it would be well to review the organizational changes and accomplishments of that dynamic but little-heralded body over the past few years.

The Alumni Board has become such an all-pervading influence in the affairs of the University and the Alumni Association that its presence is seldom noticed — an invisible force behind a tremendous mobilization of men, money and ideas in 50 scattered classes and nearly 200 alumni communities around the world. It is mentioned often enough in the usual president's letter on the back cover of the ALUMNUS, in the roster on the inside front cover, in editorials and columns and countless memos to club and class officers — but the work of its committees and the fantastic variety of activities in their purview are seldom apparent in accounts of meetings.

For many years the Board met to consider the reports and recommendations of standing committees concerned only with problems of "housekeeping", or the internal organization of the Association. Even in recent years — in the administrations of Pat Canny '28, Mike Layden '36, John O'Connor '38, etc. — organizational matters were the principal consideration, although the problems were mounting astronomically with the "population explosion" in alumni membership and the alumni clubs.

In these years, however, the Board took increasing cognizance of the identification of alumni with the University in the field, the need for the alumni to be informed of administrative policies and problems, and for the campus to be aware of alumni opinion and problems.

This awareness led to the creation of new committee areas and enlargement of the study areas of existing committees under Walter Fleming '40 and Ambassador William Mahoney '38.

Perhaps the best way to explain these changes is to call the role of the committees:

EXECUTIVE. The Executive Committee reports on all matters of the Board's membership, organization and policy, appointing the other committees and recommending candidates for interim appointments to the Board. Its members are the honorary president (currently Ambassador Mahoney), the president (Oliver H. Hunter '43), three vice-presidents (John Dempsey '49, Patrick Dougherty '50, and William Fallon '37) and Executive Secretary James Armstrong. It is this committee that recommended the changes recently adopted and described below.

CLUB ACTIVITIES. Under the Club Vice-President, now Mr. Fallon, this committee is concerned with the organization and activities of the alumni clubs, including the admission of new clubs to the system. The chairman also presides at Club Presidents Councils held at the University or regionally. He works closely with the Alumni Office staff and particularly with the Alumni Field Secretary, Thomas Kernan '53, whose appointment last year was the result of a Board recommendation.

FOUNDATION. As AGC President and Vice-President, Mr. Dougherty, is chairman of a committee studying the officers and activity of alumni classes, especially class columns in the ALUMNUS and class reunions. He presides at conferences of the class officers.

INTER-ALUMNI AFFAIRS. A committee under the chairmanship of Vice-President Dougherty reviews opportunities for contact and cooperation with the alumni of other institutions, usually social, civic or intellectual activities on the alumni club level.

PUBLIC RELATIONS. One of the original standing committees, the Committee on Prestige and Public Relations was once principally concerned with the "image" presented to the public through the spotlighting of distinguished alumni and the high academic purpose of the University in such events as Universal Notre Dame Night. It underwent a "face-lifting" in the Fleming administration to catch up with current concepts of public relations, involving all facets of the University's operation — administrative, athletic, fund raising, etc. This involved consultation with many departments — the Foundation, Public Relations, Public Information and Athletic Publicity Offices — as well as with the Executive Vice-President. The recommendations of this committee were instrumental in a reorganization of the public relations apparatus under a new Vice-President of Public Relations and Development, Rev. John Walsh, C.S.C. The committee, now under Mr. Kernan, continues to observe the public relations potential of U.N.D. Night, prominent alumni, etc.

A later report will detail the work of other committees — Religion and Citizenship, Nominations, Budget and Finance, and such new committees as those on Athletics, Academics and Student Affairs.

Three Notre Dame Men Cited at Convention For Their Contribution to Newman Apostolate

At the recent national convention of the Newman Clubs of America, it is interesting to note that three Notre Dame men were singled out for their influence on religion in public higher education and made a prominent part of the program: Dr. George N. Shuster ’15, not only for his service at Notre Dame but also for previous work as an author, administrator and college president; Archbishop Paul Hallinan ’32, of Atlanta, long a Newman Club booster and now a leading voice of the 21st Ecumenical Council; and Rev. Richard Butler, O.P. ’42, present leader of the Newman chaplains and author of a recent highly acclaimed book about religion on the campus.

Declaring that the Index of Forbidden Books has “little relation to the student mind today,” Archbishop Hallinan told delegates that the Index “may be changed, updated, modified or abolished altogether.

“Whatever the outcome,” he said, “it is to be earnestly hoped” that the decision will be taken in the spirit of Pope John’s opening address to the Ecumenical Council, in which he said that the Church today “prefers to make use of the medicine of mercy rather than that of severity” in dealing with error.

Archbishop Hallinan said the Index today “does not touch the university library on an intellectual plane. In fact, it does not touch anything at all on that level.

“The list of named authors and named books is largely unknown to today’s student, only the French novelists, certain English philosophers and a few other authors ever appearing on any college reading list,” he said.

“Even the prescription by categories does not concern the student as he looks over the highly pornographic content of the average paperback book rack,” he commented.

Archbishop Hallinan said that if the Index “disappears tomorrow,” the duty to teach and foster truth will remain for Catholics.

“We must honor the scholar who honestly seeks truth in his field, whether he is on our side or not, whether we like him or not, whether he likes us or not,” he said. “Anything else is intellectual dishonesty.

“Our students must imbibe this respect for a scholarship from us,” he continued. “The Church did not suffer when St. Paul walked among the intellectuals of Athens, when Augustine urged his pupils to love intelligence, when Aquinas investigated the philosophy of the Arabian, or when Father Montini read the works of Thomas Mann and Bergson with his students.

“This is the vast burden that is ours, the task of consecrating the intellect to God,” he declared. “It is difficult today because, although there are more educated minds than a century ago,
they are not educated in the things that pertain to God.

"The good news of salvation has not had a good press. It would be a mistake to assume that all Catholic students have Catholic minds."

Archbishop Hallinan spoke of the need of awakening in the minds of students a "gaudium de veritate, the joy of finding truth."

"This will be a far more effective tool than the Index, because the Index did not touch sins against the mind, which is God's own created instrument for truth," he said.

He warned of a current tendency to "simony of the intellect." This form of simony, he said, is "the temptation of the educated man to sell one's mind for sordid gain or for popularity or for the coin of mediocre achievement or the perversion of other minds."

The 1963 John Henry Cardinal Newman Honor Society Award was presented to George Shuster, assistant to the president of the University, for "excellence in Christian education."

In accepting the award Shuster, a former president of Hunter College, New York, said the Newman apostolate is "the most important in the United States."

Father Richard Butler, O.P., of Chicago, president of the chaplains' association, said the group will seek to emphasize unified action by the various groups within the Newman apostolate.

Father Butler voiced optimism in an interview over indications during the convention of "a marked transition from a past tendency of these Catholic students to isolate themselves and merely organize themselves as a mutual protection club.

The October issue of Notre Dame's quarterly political review contains some articles of special interest to alumni. In "Profile of Crisis: The Review of Politics, 1939-1963," Professor Fitzsimons writes:

"The first issue of The Review of Politics was published in 1939, the year of Hitler's attack on Poland. (The Review) was established and edited, until his death in 1954, by Waldemar Gurlian, a distinguished scholar of Bolshevism and politics. His principal Notre Dame collaborators in editing The Review are Professor Frank O'Malley, who has served as an editor since 1939, an inspiring student of the history of the philosophy of literature; Rev. Leo R. Ward, C.S.C., a professor of philosophy with far-ranging social interests; F. A. Hermens, professor of politics and an authority on proportional representation and constitutional government; and the eminent American Church historian, Rev. Thomas T. McAvoy, C.S.C., who has served as managing editor for twenty years. The author of this article, M. A. Fitzsimons, professor of history, associated with The Review since 1942, was appointed editor in 1955. The new magazine, thus, appeared at the end of one historical period, the interwar years, and at the beginning of a new and deeper reaches. In this endeavor The Review's work would be focused on two vital centers: the personality of man, and the communal life of mankind, each facing a formidable array of destroyers. From this arose the emphasis on 'the image of man,' man as composed of body, mind, and spirit, man as a person and man the social animal."

WHY DO I TRAVEL?
by FRANK J. McGINNIS, '24

The author, recently retired as an executive of the Ford Motor Company, has a new career as founder of "Words & Pictures," 3802 Crestlake Drive, Birmingham, Mich. He now tours the world producing color films and lecturing on his travels. He is now making bookings for the 1964-65 lecture season on two of his productions, "Glorious Greece Today" and "Europe's Fabulous Rivieras."

WHAT ARE the profits of travel?

I think Daniel, the ancient prophet, put it in a capsule when he said, "Many shall run to and fro and knowledge shall be increased."

To me, knowledge is the great reward of travel; many kinds of knowledge. Travel gives you knowledge to check your dreams by, knowledge of the many beauties man has created.

For instance, in Athens from the top of your hotel in Syntagma square, in one sweep of your eyes, you can see both today's modern buildings and the incomparable Parthenon, built in 438 B.C., atop the famed Acropolis. For enduring beauty I'm sure you'll buy the Parthenon.

You will gain knowledge that makes the very rocks come alive when you find yourself sitting in the seat-prints of history. When we were in the Agora, meeting place of the ancients, our guide said, "You are sitting on the rock where they say Socrates drank the fatal hemlock." We arose with alacrity and a new respect for these rocks.

You learn of the origin of great ideas and how they came into being. . . .

For instance, when we were in Olympia, site of the legendary statue of Zeus, they told us it was an ancient Greek named Philo who created the concept of the seven wonders of the ancient world. He created the idea because he was a publicity man and he was given the job of stimulating tourism in the eastern Mediterranean.

In Rhodes, that lush, semitropical, tourist's paradise, you see the beautiful medieval castle of the Knights of St. John of Jerusalem whose story gives you knowledge of the violent sweeps of history and the vicissitudes of men and nations. This "strongest fort in the world" was built by the Crusaders in 1389, successfully defended against the Turks for 133 years, lost to them through treachery in 1522, grabbed by the Italians in 1912 and completely restored at tremendous expense by Mussolini who wanted to make it a summer villa and tourist attraction, finally in 1948 awarded to the Greeks with the other Dodecanese islands.

Most of all, I've confirmed my belief that this is still a big, wide, wonderful world we live in and I am a very fortunate refugee from the rat race now able to seek out the interesting sights and sounds of the world and bring them back for the information and entertainment of my fellow Americans.

THE GROTTO at Notre Dame is a place of memories and prayers. The canopy of trees, digging their roots into the unhewn rock, is the proudest grove on the campus. And rightly so. These trees are a garland of green on a crown of rocks. They have lived up to all the beauty of Kilmer's poem... as all trees must. But these have done more. They have listened to May songs; they have watched flickering vigil lights; they have stood as silent sentinels while anxious prayers and burdened hearts lifted hopeful eyes to a Lady. The trees of the Grotto—if they could speak—would speak only in a whisper.

It's been a long time since that day in 1876 when old Father Sorin began work on the Grotto. The bearded black-robe had visited Lourdes in 1873. It was there he got the idea to build a facsimile of that famous shrine. In those days it was a small campus. Father Sorin chose for the Grotto one of the
MAN and the
MOMENT

most beautiful spots, a wooded dell within the shadow of the Church and the Dome. A natural mound leans down from the Church and leads to the lake. This mound was the spot chosen. That the choosing of the site of the Grotto was not a haphazard matter is shown by this excerpt from the Scholastic of August 20, 1896: "Just behind the Presbytery is a little wooded dell which has always been regarded as one of the charming spots of Notre Dame. For past years the pilgrims from Kalamazoo and Jackson have chosen it as a resting place after their long journey; it has been a favorite walk with visitors at all times; and during the spring and autumn those who live at Notre Dame seek it instinctively for the coolness and attractiveness."

Even though work on the edifice was begun in 1876 it was not completed until 20 years later. The delay was caused by lack of funds. It was largely through the contribution of Father Thomas Carroll of Oil City, Pennsylvania, that the work was completed. The Grotto was blessed on August 5, 1896 by the genial giant of Gettysburg, Father Corby, who was Provincial Superior.

Much has been written of this wonderful spot at Notre Dame because the Grotto is very much a part of every Notre Dame man. What comes to mind now is Doctor Tom Dooley's last letter to Notre Dame. It was written in Hong Kong in early December of 1960. His cancer was acting up. They had him flat on his back with plaster, sand bags, and hot water bottles. The entire letter, written in pain, is worth repeating but I will quote only a few paragraphs:

"I realize the external symbols that surround one when he prays are not important. The stark wooden cross on an altar of boxes in Haiphong with a tortured priest... the magnificence of the Sacred Heart Bernini altar... they are essentially the same. Both are symbols. It is the Something else there that counts.

"But just now... and just so many times, how I long for the Grotto. Away from the Grotto, Dooley just prays. But at the Grotto, especially now when there must be snow everywhere and the lake is ice glass and that triangular fountain on the left is frozen solid and all the priests are bundled in their too-large, too-long black coats and the students wear snow boots... if I could go to the Grotto now, then I think I could sing inside. I could be full of faith and poetry and loveliness and know more beauty, tenderness and compassion. This is soggy sentimentalism, I know. Cold prayers from a hospital bed are just as pleasing to God as more youthful prayers from a Grotto on the lid of night.

"But like telling a mother in labor, 'It's okay, millions have endured the labor pains and survived happy... you will too.' It's consoling... but doesn't lessen the pain. Accordingly, knowing prayers from here are just as good as from the Grotto doesn't lessen my gnawing, yearning passion to be there."

FAMILIAR NAMES?

Our Alumni Office has just received the new Directory of the Indiana Priests Province, C.S.C.

One vivid reaction comes to me as I read it. On the site of the old Novitiate, north of the old Boat House, adjoining the new Moreau Seminary, is Holy Cross House, attractive sanctuary for those Holy Cross priests who have contributed their life-work span to the Congregation, or whose further work indicates a need for temporary retirement.

Alumni frequently remark about the absence of familiar faces and names on the campus. Holy Cross House contains many men who are away from the beaten path, but whose footsteps shaped it, who are away from the pressures of their vocation, but never away from the traditions.

Among the men now living in Holy Cross House, you may find old friends who would add much to your Christmas remembrance, for example:

SUMMER LATIN AMERICAN APOSTOLATE CONTINUES; 
GRADING CHANGES, VARIED EVENTS MARK FALL TERM

The Council of the International Lay Apostolate is primarily concerned with the role of the lay apostolate in the Church. For the second summer in a row members of Notre Dame's CILA spent the summer working in Peru and Mexico.

The work in these countries was very diversified as it ranged from such elementary chores as passing out bread and milk to the building of homes. Some of the boys taught classes, premedical students worked in clinics, and one student was even called upon to deliver a baby.

While spending most of their time working with the common people, the members of CILA had the opportunity to talk with political leaders, businessmen, and priests. It was generally agreed that this trip gave our boys a better insight into the problems of the area.

Measuring the success of such an adventure is an impossible task, but the members of the trip concede that it gave them a greater comprehension of our role and duties in society as Christians.

The academic council has at long last adopted the 4-point system conventional at most colleges and universities throughout the country. It was realized that as hard and as often as the University tried to explain our 6-point system to other schools there was still a great deal of confusion and misunderstanding. Graduate schools tended to read their own interpretations into our old system. To avoid confusion in the future the 4-point system is now in effect. Under this system a 4 is an A; 3 a B; 2 a C; 1 a D. To graduate a student needs a cumulative average of 2. The dean's list level is now 3.25, and to graduate with honors you must maintain this average. To graduate magna cum laude a student must have a 3.5, and to graduate maxima cum laude he must have a 3.75.

Under the auspices of Professor Paul G. Bartholomew of the political science department, a mock Republican convention will be held on the campus. Since it is a foregone conclusion that President Johnson will be renominated by the Democratic Party, only the Young Republicans will have a chance to voice their preferences. Delegates from each of the 50 states will demonstrate as if this were the real convention. Of course, some of the states will come up with their favorite son candidates, but the leading contenders, on campus as in the papers, are Governor Nelson Rockefeller of New York and Senator Barry Goldwater of Arizona. With an air of conservatism on the campus, especially among the Young Republicans, it looks like Barry will be the choice of the Republicans on campus.

The weekend of Nov. 3 was Homecoming. On Friday night Father Hesburgh kicked off the festivities as principal speaker at the pep rally. Coach Hugh Devore and All-American end Jim Kelly also spoke. Later the Homecoming Dance, with the crowning of the Queen, initiated social activities. The traditional hall decoration contest, a pre-game parade and a concert by the popular New Christy Minstrels took place on Saturday. All these social events, together with the Navy game, had interest at a fever pitch as the big weekend drew near. Captain Bob Lehman, Tom McDonald and sidelined Don Hogan were among the other pep rally speakers keeping up the spirit and enthusiasm through a gruelling football season.

The Senior Trip this year was scheduled to take us to Michigan State, where for the last time in our four years we would challenge the Spartans. The senior class arranged transportation, accommodations, and a party with some of the coeds from MSU. From all indications almost the entire senior class planned on invading East Lansing, and it should have been a weekend that no one will soon forget.

And speaking of trips, over 100,000 college students were expected in New York over the Thanksgiving vacation, about 3,000 of these from N.D., as this was the student trip. Everywhere on campus you heard students asking one another if they planned on hitting New York for the big weekend. Of course, of primary importance was the game with Syracuse on Thanksgiving Day. But there was also the fascination of the big city. Hope all you alumni in the New York area remembered that the game begins at noon. See you there.

Alumni Clubbers in Erie are quite proud of Rich-
Idaho

The Notre Dame Club of Idaho held its annual Summer Picnic at the historic ghost town of Silver City, Idaho. This town is located in the rugged Owyhee Mountains of Southern Idaho. During the 1800's and early part of this century, this area produced millions of dollars in gold and silver. During its lively period, this area had a population of over 20,000 people, but at the present time there are only a few permanent residents of this old but interesting town.

Our guest for this year's outing was the Reverend FATHER SWEENEY from the University. It was the Club's pleasure to have Father Sweeney for the members and their families in the old Catholic Church of Silver City.

Our host for this year's gathering was Mr. JOE NETTLETON, a prominent rancher in the Owyhee County area. A fine dinner of the Idaho Club's finest foods was served. All went away completely filled with this choice product of the West.

In attendance were approximately fifty alumni, their families, and friends. The attendance is indeed remarkable in that the guests must journey over some very rugged western roads in order to gather at this historic locale.

Indianapolis

This year has so far been an extremely active one for Central Indiana alumni. At the highly successful annual dinner held in May, FRED L. MAHAFFEY '47 was named Man of the Year in what must have been one of the most popular selections in the 15-year history of the dinner. Immediately following, Fred received new officers that announced that Nick included Judge JOHN M. RYAN '41, president; colorful city F. McMAHA '54, vice-president; WILLIAM D. STUHLREHDER '53, secretary; and RICHARD K. OWENS '42 as the permanent treasurer. New Directors named were DAVID J. FOX '52, and WALTER J. KRAWL '56, W. O. L. WOLL '41, and FRANK CONATY, BSXIE '43 President; and THOMAS M. CREHAN BA '56 and LL. B. '59 Secretary. The Class of '67 area representatives are as follows:

Area: FRANK SIERAWSKI, Treasurer

On June 20th BOB WELCH '50 arranged a testimonial dinner at the Indiana Athletic Club for new football coach HUGH DEVORE. Present, in addition to a large number of alumni and friends, were TOMMY McGAY, ANN STEWART, and JOE LEYMAN, the entire football coaching staff, and FATHER T. M. BRENNAN, who renewed a great many Indiana University friendships from the Indiana University days. On hand were the irrepressible JIMMY CONZELMAN, who flew in from St. Louis, and longtime N.D.-friend ED HEALY. All present left with the conviction that Hughie is one of the finest representatives of Notre Dame football has been privileged to have, and that the entire Indianapolis Club wishes him every success on the gridiron.

A week later the Club had the annual stag outing at the McNamara farm, under the direction of DICK MCNAMARA '54, assisted by BILL SAHM '51 and PAT FITZGERALD '52. On July 18th the annual golf outing was held at Highland Golf and Country Club, and a record turnout of 164 golfers and 200 diners showed up. The affair was very ably handled by BILL KENNY, JR. '42, assisted by JOHN A. WELCH '71, PAT FITZGERALD '52, JIM WELCH '50, and JOHN MCMANAMA '50. The winner of the Peter C. Kelly trophy was TIP WILLIAMS '49, and runner-up was ED MCMANAMA '35. Overall low gross shooter, however, was a guest, Dr. Bill Dichl, who maintained his domination over the Irish that began when he played first string guard on the great Iowa teams led by Nile Kinnick that defeated Notre Dame twice in a row in 1939-40.

Guests included Guy Mackey, Jack Mollencoppel, BERNIE CRIMMINS, and Bob DeMoss of Purdue; Bob Den and Howard Brown from Indiana; Tony Hinkle and Bob Ditche from Butler, and GUS CIFELLI and DAVE HURD from the N.D. football staff.

Further Club activities as we go to press included the annual family picnic in late August, the Scholarship Ball on October 14, participation in a local charity trip to the Syracuse game in November.

In closing, we'd like to once again congratulate DR. TOM CARNEY '57 and BOB WELCH '50, who did such outstanding jobs in enabling the Indianapolis Club to become one of the first clubs in the country to go "over the top" in both divisions of the $16,000,000 Challenge Program.

Kansas City

The 1963 Freshman Send-Off Dinner was held at the Black Angus in Kansas City, Mo. The new Notre Dame men introduced themselves and their families to the sizable group of alumni in attendance. The Class of '57 area representatives are as follows: DENNIS HOGGARTY, HUGH O'NEIL, ED KIBLER, MIKE MARTIN, JIM RASEY, JIM BREZETTE, PAT SMITH, DON KNIGHT, CARL CURSO, TOM NEUBERGER, BILL SHARP, and PAUL BRAUSENDORF.

JIM GIBBONS, assistant director of public relations, was the featured speaker, and his informative speech concerning current University study programs was enjoyed by all. Especially helpful to the students (Senior Trip), friends and well-wishers with tickets, and informing them of the upcoming Kansas City area freshmen were talks describing campus activities and tips regarding clothing, etc., by TOM HEURER and JOHN GORDON of the class of '56. TOM MCGEE was the chairman of this successful event. JIM HIGGINS, the club president, presided at the dinner.

Kentucky

For a while it appeared this column might have to be written in the shadow of defeat (although not much to write about). Out Loudon's own BOB LEHMANN brought smiles back to the faces of all Kentucky Clubbers as he led the Fighting Irish back to their hotel after a day of the best golf in the world. Bob has been called the best Captain the Irish have had in the past ten years, and the Kentucky Club is mighty proud of him. Even in defeat, he and Coach Hugh Devore have bought back the old zip (or is it crunch?) back to N.D. football.

Congratulations are in order for three club members who recently traded their trademark collection of baseball cards for that little gold band: JACk MUeller '52, JIM KREIS '56, and BILL SHERMAN '58. Your correspondent has expended so much energy cheering the Big Green on weekends (and collecting and paying off on Monday morning) that he doesn't have much left for this column. Just two thoughts before closing. First, don't forget the N.D.-U.K. basketball game or the Christmas Dance (full details to be announced). Second, if you're not on the Club mailing list and would like to be, drop me a line at 210 Woodmont Drive, Louisville 20, and I'll rectify the situation.

Lansing

The Lansing Club's monthly luncheons continue, the last one having been held Oct. 21 at Tappar's Restaurant.

The Club sponsored a mammoth rally and social at the Hotel Jack Tar on the night before the N.D.-MSU game. Held in the main ballroom, the Lansing Room, the party welcomed N.D. alumni, students (Senior Trip), friends and well-wishers with hand band music, snacks and refreshments, plus guest speaker from the University.

The officers, President BERNIE MAYOTTE, Vice-President FRANK SIERAWSKI, Treasurer B. ALFES and Secretary JOHN POWERS, held a ticket drawing at the November board meeting.

Lehigh Valley

Following up the successful U.N.D. Night held on April 20, 1963, Notre Dame Club of the Lehigh Valley held their annual Student Send-off at the Knights of Columbus Home in Allentown (All-American City), Pa. Over fifty alumni, students, freshmen and their families attended. After an evening of informal Notre Dame talk, the evening was topped off by the showing of "The 1962 Notre Dame Football Highlights" film.

TOM FOGARTY '38 and JIM ALLEN '58 were in charge of the arrangements for the night.

Other functions planned for the year include a group gathering for the color television broadcast of the N.D.-Stanford football game on Oct. 26; Annual Communion Breakfast, Dec. 8; Christmas Dance, Dec. 28; and Universal Notre Dame Night, April 4, 1964.

Maine

The annual Notre Dame alumni family picnic for the State of Maine was held on Saturday, August 31, at the wonderful Camp Sebago, situated in North Sebago, Maine. This is the camp run by the Holy Cross Fathers, which has a beautiful assortment of camping buildings, main building, pavilion, infirmary, as well as a modern and up-to-date baseball field and watercrafts, swimmable and sailable in many boats. These facilities were turned over to the Notre Dame Club of Maine by Father Hanna, the director of the camp. He and his assistant Father Toste, plus a dozen seminarians from the North Easton Seminary, were most gracious hosts to the Notre Dame Club.

Although our State is widely scattered, we did manage to have out for the picnic the following alumni and students. Among the alumni were DON GRIEVES '51, PAUL SCULLY '41, TONY SILVA '56, RAY GEIGER '32, JOE DOYLE '42, MIKE SALTZ '56, and the group attending from the University were NORMAN LAURENDUA, PETER THORNTON, STANLEY LIBERTY, ERNEST AUSTIN; and in addition to these we had with us REV. LEONARD COLLINS, C.S.C., dean of students at Notre Dame, and JIM DAYE, a long-time friend of the Maine Club and FATHER LUCE, C.S.C., as well as 27 assorted parents, brothers and children of the alumni. This was our first attempt at a family picnic and it proved most successful, although two of our most prolific alumni, JESS DELOIS with six children and JACK WILKINSON with eight, were unable at the last minute to join us. However, for those who were on hand it was a delightful day with the Farmers' Almanac weather being just exactly right—beautiful, clear and sunny.

New officers were elected for the year 1963-1964 as follows: PAUL SCULLY '41, president; ANTHONY SILVA '41, vice-president; RAY GEIGER '52, secretary; and DON GRIEVES '51, treasurer.

Ray Geiger, reporting for the Scholarship Fund, announced that up to date $2,930 had been disbursed as follows: PAUL SCULLY '41, president; ANTHONY SILVA '41, vice-president; RAY GEIGER '52, secretary; and DON GRIEVES '51, treasurer.

As part of the program the callers made corrections in the addresses and telephone numbers of members. This information will be used to compile a club directory which will be mailed to each "full" member in place of a membership card.

The nine stalwarts were: RON BUKOWSKI, DENNIS LANDRY, ROGER LAUR, TOM MULCAHY, JOHN PENZA, JOHN SCHLÖGEL, THOMAS MULCAHY, JR., JOHN SCHLÖGEL, PHIL VOGEL. On September 26th the club held its annual Fall Smoker at the Pabst Brewery hospitality room. If there was ever a more collegiate "atmosphere" it is unknown to us.

Featured on the program were the 1953 Heisman Trophy winning Wisconsin halfback Paul Hornung and his All-American teammate DON PENZA. The latter had the platform first, and John wound up the talks with an inspiring monologue that was reminiscence of the Friday night pep rally. The 82 members present were then shown the 1962 Fighting Irish highlights.

JIM MORSE and STAN TYLER, Jr., together with JOHNNIE FREDERICK, BILL TARDANI and JIM FORCE, combined with the beautiful summer weather and the green fairways of the Pontiac Country Club to make our annual golf stagg a delightful occasion for one hundred and eight attending, including PAUL HORNUNG.

It would have been incomplete without some representative from the University and having FATHER DURBIN, BILL EARLY and assistant coaches BRAD LYNN and DAVE HURD.

I haven't the chance to tally the financial score with our good Treasurer BILL TARDANI, but it should be on the plus side and provide a win for our scholarship fund.

New Mexico

August 4, 1963, was the date of the annual Club picnic. The site was again the Benedictine Monastery in the Sangre de Cristo Mountains near Pecos, New Mexico. Chairman PAUL FARMER did an excellent job in making arrangements for the outing; approximately fifty members and their families enjoyed a pleasant afternoon in the mountains.

To raise money for our Club's scholarship fund, a drawing for an all expense paid trip for two to the N.D-Stanford game at Palo Alto, Calif., was held on October 18, 1963. The proceeds from this drawing will go towards a partial scholarship grant which will be awarded to a deserving student from New Mexico who is attending Notre Dame. All of our members are to be commended for supporting this project which will apparently be a financial success.

On October 26 our club gathered for a telecast party to see the Fighting Irish ouflought by Stanford. PAUL FARMER was host to a crowd of about thirty sufferers.

Aside from my marriage to the former Miss Mary Jean Payton on June 15, that's about it for this news note.

New York

The Club's outstanding fall function will be the Syracuse game rally and dance to be held in the Waldorf Astoria Main Ballroom on the evening before the game. There will be a cocktail party and dance after the game, with music by Frank Walker's orchestra. Chairman BILL GUDY AND President ED FITZPATRICK have left nothing undone to make this a gala occasion. The Waldorf has set aside a Notre Dame registration and meeting room, where out-of-town alumni may list their temporary addresses and phone numbers and arrange for get-togethers with classmates. Special consideration will be given to all alumni who wish to stay over at the Waldorf. Peter Linc Hayes will be the host.

BILLY MURPHY'S Westchester division held a well attended picnic at the Blind Brook Polo Club on September 22nd.

GORDON FORESTER was chairman of the annual freshman smoker; over ninety freshmen and their parents were in attendance. An inspiring talk given by Judge ROBERT A. PATTERSON was highlighted by a game of cards in the Pontiac Country Club to make our annual golf stagg a success.

The extended social hour, was LOU FINOCCHIARO, who again served as head chef for the evening. Among those attending were several students who spent the evening updating some of the "old-timers" on current campus activities. On Sunday, July 28, the Pine Lakes Golf Club was the location for the first annual Notre Dame Club of Peoria golf outing. A Notre Dame Bon Voyage Party was held on the Philadelphia Pennsylvania Railroad. JACK LIBERTY chartered the 400-passenger "Showboat" for a cruise on the Delaware River to launch the 1964 season. The ship was the largest private vessel to ever leave the dock. The successful show was staged by JERRY GROOM BSC '51, who is in the business of moving to St. Louis. JERRY WOOMBACHER '51 has been transferred to Louisville by his company. He is a former member of the Philadelphia Alumni Club. And there have been a lot of recent changes within the local area. BILL SHEA '31, a special thanks to CONNIE LANE '57 for being such a wonderful host.

The Notre Dame Soccer team visited St. Louis during the first week of October for two games. In the first they met the finest college soccer team and defending NCAA champions, St. Louis U., and were defeated 8-1. This one goal is the only one scored on St. Louis in six games so far this year. Two days later they defeated Washington U. 3-1, first of luck to the team during the rest of the season.

On Friday October 11th over sixty alumni and friends left for South Bend on our annual Football Special. A trip to Chicago on the Wabash, a ride to Notre Dame and back, all made for a very enjoyable weekend. The Irish never looked better with the Keadens, Carroll, Harris, Clcarv, Wellington, and defending NC-VA champions, St. Louis U. in the third game. Thank you to the Emmens and the St. Louis Club for making it a great week.

San Gabriel Valley

On July 4, 1963, we held an old fashioned fourth of July barbecue at a private residence. We had a marvelous crowd of Notre Dame families with everyone extremely enthusiastic and deeply interested in our patriotic theme.

Everyone enjoyed picnic lunches, swimming (including swimming games for the children), band music and a nice time. The cook was ideal and the conviviality abundant. The following Club members with their wives, families and a few friends, thoroughly enjoyed the affair: HARRY HAYMES, '57; ALFRED BRADFORD, '55, and his gracious wife, Mary, were the hosts at the most attractive Bradford home on beautiful Azure Drive, La Canada. The Club is much pleased to note that ten young men from Spokane are presently students at the University. Included are the sons of: JIM LYNCH, '40, and VINCE SLATT, '43. Youngstown

The Youngstown-Warren Notre Dame Club had its Annual Golf Party June 18, at the New Castle Country Club. It was a good hot day for the seven mountain goats who played. BUD GRUGER '54 was in charge. "MOOSE" KRAUSE gave us very bright hopes. Our own OLLIE HUNTER was very close in evidence.

We had a Dinner Meeting October 10, at which we planned the remaining activities for the year. We planned for participating in a College Career Night, October 27, and also for a "Husband and Wife" November 21; a Communion Breakfast on December 8; and a High School Football Introduction next fall. Fifty-five years ago, GEORGE CUTSHAW was playing with an ND baseball team that wound up with a 20-1 record. Forty years ago a ruptured appendix forced George into retirement from Cobb’s Detroit Tigers after service with the Brooklyn Dodgers and Pittsburgh Pirates as an infielder. A retired grapefruit rancher in California’s Imperial Valley, he spent the summer touring the U.S. with Mrs. Cutshaw, visiting former (and famed) baseball baddies and also the ND campus.

“I’ve been back many times, but I’ve never seen it changed so much. All those new buildings are really something,” he said, “and South Hall—we must have made it a holy place. They’ve even got nun staying there for summer school.” The visit was capped by a return powwow with Coach JAKE KLINE, 17.

Since locking up the August-September column back in June, we have had said tidings of some graver locus on the seminestarian breast. Probably the first and oldest alumnus in Butte, Mont., DR. RICHARD C. MONAHAN, ’98, died in August. First practicing as a physician and surgeon in Chicago, Dr. Monahan moved to Butte in 1903, was a cofounder and early president of the ND Club of Montana and State Republican Chairman for many years. Sympathy to his family, especially DR. JOHN MONAHAN, ’35, son, in Ekalaka, Mont., nearby.

We also like to console JAMES A. DUBBS, ’06, on the death of his brother JOHN W. DUBBS, L.L.B. ’30, at歇ton in April. Reported to the office months ago, it was delayed somehow in reaching this department. Besides his brother, his widow and a daughter, Mr. Dubbs left four alumni sons (JAMES ’32, JOHN JR. ’39, JOE ’40, JERRY ’48) and one graduated grandson, PETER ’50.

A third lawyer, JAMES J. JORDAN ’07, died in late August in Scranton, Pa., where he had been residing since his marriage in 1918. We share the sorrow of his widow and daughter and his son, RICHARD J. JORDAN ’51, also an attorney, who, he reports, first discovered his wife in law, MARY J. MARTIN-DILLON of the "Evening Times," Cumber- nder, Md., whose ND president forebear was among the Civil War chaplains memorialized at the Germania Field Memorial.

"Word has just reached me of the death on Sept. 12, at San Diego, Calif., of SAM H. NUSSBAUM ’27, who was an ND student during the presidency of FATHER THOMAS WALSH. He was a native of LaPorte, Ind., and Sam’s father was for many years an intimate friend of FATHER SORIN. The Nussbaums were also friends of the Wire family (early Jewish friends of the University as he had known it. From early boyhood he was a favorite of the late PROF. JAMES F. EDWARDS and was a close friend of the late BROTHERS ALEXANDER, LAWRENCE and ALPHONSO, C.S.C. He had known the last as PAUL SWEET, a fellow student in Carroll Hall.

Mrs. Nussbaum is less than four years ago. Sam is survived by his daughter, Mrs. Dayton Brown of San Diego, and a son, Hamilton Jr. He was 95 years old.

John T. Kearns ’29, shown with wife Ruth and daughter Rosemary at the Class party after the Wisconsin game, has a son, James, as a sophomore member of Alex Wilson’s ICHA championship cross-country team. Another son, John ’58, and daughter Ann both inched to be married before the end of this year. The Kearns live in Champaign, Ill., where Ruth teaches.

The passing of a prep schooler of the Nineties was recently reported to FR. CHARLES DABRY by his son. A. J. RUMELY SR., an Academy grad of ’94, died in September in LaPorte, Ind. His son, who succeeded him upon his retirement as president of LaPorte Foundry Co., reported his age as 87.

RED SMITH ’27, in his national column following the ND-Washington game, coupled tributes to Coach HUGH DEVORE ’34 and parent STAN MUSIAL with a story on two other Irish baseball players. "Wayne, a member of the confines of Boston’s Fenway Park, where it was raining, CARL MIHALSZEWSKI, left field, completed his third hit against the Dodgers with an overlapping grip on the batting crown of the American League. . . . The Boston strong boy may be the first player to secure the American League batting championship while still attending college. . . . The big leagues have had a couple of pretty handy baseball boys from Yastrzemski who earned their letters on the campus. One was ADRIAN CON- STATINE ANSON (circa 1970), first baseman and manager of the Chicago Nationals for 19 years. . . . Cap Anson won the batting championship four times . . . and still holds the National League record of hitting .300 or better for 20 years. . . . One of the New York giants of ‘12, twice led the National League in home runs and twice tied for the lead. . . ."

WILLIAM J. CUSACK, who since 1923 has been practicing law in Los Angeles, California, writes that he expects to be out of this world before the end of the Class of June in June of next year, though if the forecast hold true he has not had Stanford in California we should not have been surprised to find him at one of the "Cal" games he here promptly.

Bill and Miss Elizabeth Gentle were married in Washington, D.C. in 1922. Now they live in the hills. It doesn’t take too long for him to reach his law office, where he is chief for the 34th football team when they played on the "first string" as one end while Knute Rockne held down the other. Of his famous passes it might have been Fred Gushurst doing the receiving instead of Rockne. But Fred does modestly remark that "after all it was our Class which put Notre Dame in the national athletic spotlight."

After graduation from Notre Dame he returned to his home town of Lead, S. D., and not too long after that, married Teresa Galcor of Custer, S. D. For a while he helped in his father’s mercantile business and then became involved in the army was athletic director for the South Dakota School of Mines for a few years.

In 1934 he moved to Miami, Florida, engaged for several years in the manufacturing business and finally ended up by operating a bowling center. His eldest daughter, Mrs. Dorothy of West Point, has three grown sons. Their daughter, Mary Teresa, a graduate of Denver Univ., has two bodies at home while Fred, III, a member of the Class of ’46, has a master’s from Columbia and two young daughters. All the family live in Denver. For many years Fred has been coming back for our fifteenth next June and wants to see again all the old gang who are left.

In Cleveland at the end of August, RAY T. MILLER exploded a bombshell when he resigned abruptly after more than a quarter century as chairman of the Cuyahoga County Democratic Party. Nominated by criticism of his appointments from one wing of the party, Ray (who had resigned three

I addressed a letter to all known living members of the Class of 1913 at Notre Dame. One purpose of the letter was to establish contact, if possible, with all living members. Another purpose was to attempt to arouse some interest among my fellow alumni in the forthcoming Golden Anniversary of our graduation—June 12-13, 1965.

The address list I used was dated July, 1959, so as might be expected, some of the letters were returned unclaimed for want of a current address. One such letter was addressed to REV. STANISLAUS KUSZYSKI, C.S.C. It is possible that this information may be of use to some other source. (Reported in 1960. Ed.)

I had addressed a letter to RAYMOND JOHN SULLIVAN at New Hampton, Iowa. His son, T. J. Sullivan, informed me that his father had passed away in November, 1961.

I was greatly surprised to receive a letter from HAROLD D. MADDEN who lives at 7123 Silvercrest Drive, Cincinnati 36, Ohio. He brought to my attention that despite the fact that he has always been known as Harold D. Madden, the records at Notre Dame carry him as Daniel H. Madden.

Harold informed me that he has five children, 25 grandchildren. His youngest son Bill has a Ph.D. from Michigan and received an AB at Notre Dame in 1960. His wife, also a graduate of Notre Dame, is now deceased. He was a close friend of Grover F. Miller, who was in sales work here for many years, is now deceased. He was a close friend of "Women in the state can be ever grateful for the outcome. It was affirmative and a Constitutional Amendment followed some years later."

Edward J. Mc Elder states that his residence address has been changed from 1122 Forest Avenue, River Forest, Illinois, to 203 So. Emerald Drive, River Forest, Illinois. He states further that he is "still active in business, not retired."

A cheerful note from JOHN A. WELCH, Circle Tower, Indianapolis indicated that he is "proud of the tremendous growth, physical, moral and in our alumni of Notre Dame. "I will see you in June, 1965."

Our good friend and fellow alumnus, JUDGE RAYMOND J. KELLY sends word that he is retired but still is practicing law for over a year but even so he did handle one real big case which was completed last March. Since then he and his good wife "spent three months vacationing in Europe and Africa (10 days in Ireland)." He assured me that he would try and contact members of the 1915 Law Class and encourage them to join their classmates on the Campus in June, 1965. Judge Kelly now resides at 18073 Fairfield, Detroit, Michigan.

Letters addressed to the following members of the Class of 1915 were returned unclaimed: EDWARD G. GUSHURST, M.D., JOSEPH J. HEALY and DAVID M. LIPPEATT. All should keep in close touch with the University—aware of its tremendous growth and development.

SCHENECTADY — Principals for Universal Notre Dame Night included (from left): John F. Hurley ’57, president of the Schenectady ND Club; Rev. Louis Thornton C.S.C., ’29, guest from the campus; ND Man of Year and Mrs. D. Vincent Cerrito. At San Mateo, California, with the aid of the police, I reached GREENE MCDONALD via phone, as he is not listed in phone books at the given address.

In Olympia, Wash., I contacted the old Hardier himself—E. M. STARRETT. Had a very interesting visit with him last year of Ray’s gala Silver Jubilee testi- monial. He saw me and said he would write and I imagine you have heard from him.

MUST have overlooked LOUIS HELLERT at Portland. I’ll blame Starrett for that—as he had said he would call him. In Denver I contacted quite a few of the fellows. MISSED DR. RENE RODRIGUEZ, as it was a holiday, but I still went west. He came out west to overcome an illness and he is sure is looking good. This guy JAMES Sweeney—maybe a little older—is the same genial guy he always was. Placed him and had to wait so that he might pick me up and drive me around Denver to see its night lights. In the morning he called for me and we went over to Hanlon and from there to his home to meet his charming wife and family. It’s a holiday, but right on time, he is still showing 'em and I’ll state that he still is. Sweeney came out west to overcome an illness and he sure has—looks great and has a family and grandchildren.

At Council Bluffs I phoned ED MCDONNELL. He stated that all that he was noted for around school was that he stayed at Cerby and his roommate was a quarterback named Larkin. Promised he’d write. Had to phone the javelin thrower CARLSTON D. BEL, You do and you get a command to come right over to the Red Build- ing, center of town. You may have to get fingerprinted before they’ll let you in to see Mr. Big B., but once in—the place is yours. We had a very nice and interesting bull session. With coffee right in the office, Carlston looks great and his two sons working with him are real chips off the "Old Man."

THOMAS A. HAYES, one of the "Hayes boys" mentioned in the 1917 column among the Fort Wayne Central Catholic High School, seven boys who debated the question of women’s suffrage in Indiana. "Women in the state can be ever grateful for the outcome. It was affirmative and a Constitutional Amendment followed some years later."

Though relatively few normally went on to college after high school in those days, Central Catholic’s first class must be considered unusual. JIM HAYES, TOM HAYES, JEROME MILLER and EUGENE O’CONNELL all went to the University of Notre Dame. Both Hayes boys became lawyers. We owe thanks to CHARLIE CALL for Golden Jubilee Class stationery. As yet we have not thanked him for it.

As for my trip west, I’ll try to mention all those whom I contacted. Let’s admit that I person­ ally got more out of it than I put in it.

Going west, I missed Minneapolis—therefore did not contact JAMES A. STARK at 5788 Colum­ bus Ave. At Spokane I tried to reach THOMAS D. MOTT, Jr., 511 Summer Ave.; had no luck via phone, but left word requesting him to write.

At San Mateo, California, with the aid of the police, I reached GREENE MCDONALD via phone, as he is not listed in phone books at the given address.

In Olympia, Wash., I contacted the old Hardier himself—E. M. STARRETT. Had a very interesting visit with him last year of Ray’s gala Silver Jubilee testi­ monial. He saw me and said he would write and I imagine you have heard from him.

It’s a holiday, but right on time, he is still showing 'em and I’ll state that he still is. Sweeney came out west to overcome an illness and he sure has—looks great and has a family and grandchildren.

At Council Bluffs I phoned ED MCDONNELL. He stated that all that he was noted for around school was that he stayed at Cerby and his roommate was a quarterback named Larkin. Promised he’d write. Had to phone the javelin thrower CARLSTON D. BEL, You do and you get a command to come right over to the Red Build­ ing, center of town. You may have to get fingerprinted before they’ll let you in to see Mr. Big B., but once in—the place is yours. We had a very nice and interesting bull session. With coffee right in the office, Carlston looks great and his two sons working with him are real chips off the "Old Man."

In Rock Island, Ill., I called GEORGE E. HAR­ BERT and that was a commiseration where I was until he picked me up. That was the start of an enjoyable evening with him and his wife and dinner out on the town. He told me to be sure and call SHERWOOD DIXON as I had to go through Dixon to reach home. I called his office but he was out. He stated that he would call me—untelephone—tent to me via BILL BRADBURY as Dixon did not have my address, and I have yet to answer a letter that was sent to me via phone, but left word requesting him to write.

That’s about all that I have to write about my trip west—other than that I made over six thousand miles getting around twenty-seven miles per gallon of gas with no tire trouble. I did replace a
Clutch first day out. Other than that no trouble with the car (Falcon).

Circuit Judge ALBERT S. O'SULLIVAN of Rockford, Ill., was recently selected as chief judge of the 17th Judicial Circuit, consisting courts in Winnebago and Boone Counties. As chief judge under a new judicial article, Al has general administrative authority in the courts, subject only to the Illinois Supreme Court, beginning next January. He was elected unanimously for the job by his fellow circuit judges.

A card from MORRIS STARRETT, Olympia, Wash.; "Chipper miler GEORGE WAGG was in to check upon us on route to San Francisco via Portland's BILL SCHMITT and U. of P., to see SLIP MADIGAN, JIMMY PHELAN, etc., etc.

P.S. George’s 45th Reunion slides were most inspiring.

And President CHARLES CALLS writes of Secretary Wagg; "We were both on the track team and both ran the mile. He was a far better runner than I, although I was fortunate to win a couple of monograms. We plan to make a quick trip to Rio, maybe in October. We have urged George to visit us in Winter Haven, Fla., this winter."

The Washington Star and other D.C. newspapers devoted scores of column inches to the death of CHARLES M. EGAN, former Star news editor and sports writer. He died July 12, aged 81, after a lingering illness which forced him to retire to his hometown of Rochester, N.Y., to recuperate and rest. Many of his friends and associates, sports writers, city editors, and even owners, in defense of the same personnel. Egan once remarked of one of his sports writers, "He’s probably the best reporter in his field in America, but he could not cover a horse race because he had no horse sense."

"That this memory will be restricted to pros wouldn’t have displeased Egan, who died at 63 after a lingering illness which forced him to abandon sports editorship of The Star. There were times when Egan seemed so keen on the outside as he assuredly was soft and sentimental on the inside. He barked at and chewed on his reporter-city editor and sportsmen, but he was the editor and sports editor of the Washington Star and other D.C. newspapers."

The answer is apparently in the negative to Hilgartner's question: "Are you related by chance to a DANIEL J. DUFFY who was in Carroll Hall about 1912 or ’13, and whose father was a Chicago police captain? I was on the campus from 1909 to 1917, when I got a degree by parcel post at Fort Sheridan, Ill., First Officers Training Camp, World War I."

Another grand classmate has been summoned to his reward: this time God beckoned JOHN F. "TUFFY" HART of 1200 Rovemore Avenue, Cincin-
tnati, Ohio, who died on June 29 of a heart attack. The information was furnished by a son—EDWARD G. HART ’53, President of the Commercial Service Co., 740 St. Francois Street, Florissant, Missouri. For many years, John was affiliated with the truck-
ing industry in an official capacity, being stationed mostly in the Cleveland, Buffalo, and Cincinnati areas. John was always a great favorite among his classmates because he was so sincere and friendly to others. He attended most of our reunion gatherings in the past including our most recent 40th Reunion last year. At future clas conclaves, our beloved "TUFFY" will be very greatly missed. Our deep sympathy and prayers are offered to the widow, Catharine, son Edward ’53 and others of the family.

We of ’22 also extend our deepest sympathy to R. GERALD JONES of San Mateo, California on the death of his beloved wife, Marion C., who died July 29 of a heart attack at the family home. Our sympathy goes out to all members of the Jones family. We extend our sympathy to HERT GAUHILL of the N.D. Athletic Department, a brother of the deceased. The RALPH CORYNS of Moline, Illinois were

consin during the summer.

Your secretary is full of apologies to the wonder-
ful JOHN PAUL CULLENS of Milwaukee for being so tardy in just now announcing the celebration of their 25th Wedding Anniversary last January 13. A son Peter of N.D., another son, Mark of Marquette University, and a daughter Mary Alice of the University of Wisconsin were hosts and hostess to their parents at dinner in the Karl Ratzeh downtown restaurant. Our hearty, if belated, congratu-
lations and best wishes to the Cullens.

The Milwaukee Times had a fine "human in-

ans' service and she formerly with the U. S. treasurer's office, Washington) have a son, Peter, at N. D.; another, Mark, in the Navy after Mar-
quette grad school; and a daughter, Alice, doing graduate work in fine arts at Wisconsin.

Following a highly successful 40th reunion last June, the Class of ’23 is embarking on the next year with a complete new administration. A slate of officers submitted at the Reunion by a nominating committee was ratified by the
Charles A. Conley '33 and family (from left, Mary Helen, Chris, Marty, Mrs. C.) among the thousands of Notre Damer who visited the Father Corby memorial on the Gettysburg battlefield last summer. For Charlie it was one of several trips as a member of Philadelphia's Gettysburg Committee. He also visited the replica on campus at last summer's Class Reunion.

In the infinitely BOB RINK, president of the Chicago Merchandise Mart, a long-time customer, wrote: "Just 25 miles from each other, and still it's a case of a long time 'no see, no hear.' I do note every once in a while a few checks coming to you covering our purchases. Those checks aren't as big as they should be, so why not come "drum up some business"? I'm not sure that ours are the only checks to keep those spiritual benefits coming to our classmates and we can better afford to give to this fund now than we could a few years back. So don't forget to write HENRY WURZER, c/o Black Hawk Hotel, Davenport, Iowa, and let's get a few letters off to your secretary so that he knows you are still on earth.

The summer is gone at this writing, and we are well into the football season. Last Saturday, when Notre Dame defeated California, emphasized how well we are into it.

Getting into the mailbox, a note at the beginning of the season from the class secretary with a clipping from the Chicago Tribune obituary column—telling of the death of JOHN C. (TY) BLECOTT. A host of other classmates at the games at Notre Dame, Lansing and New York, as my "better half" and I plan to take in all these games, "God willing.

Art declined an expense check. This had never happened before.

He had lunch several times with RUDY GOEPFRIECH, between his travels. Rudy attended the "Gettysburg Industrial Parade," a fun event that paid tribute to FATHER CORBY and the chaplains of the Civil War. While there he met J. WALTER KENNEY '34. He noted several classmates listed in the June 30 issue of the Notre Dame Alumnus, including the following interesting items:

- **JOHN B. SULLIVAN**, '29, originally from Springfield, Mass. was seriously injured in a plane crash on July 2nd at Rochester, N. Y. in which seven were killed. **TIM TOOMEY** has six daughters, age 12 to 26. **JOHN EGAN**, who had been ill for some time, is back at Filenes in Boston.
- **JOHN CORBY** is now in Buffalo Medical School. JIM HARTLEY is Deputy Comptroller of Erie County, New York.
- **DONALD J. CORBETT** '28 After 30 Years, Still Serving Rochester

As a fitting climax to thirty years of devoted public service, Donald J. Corbett was recently appointed Commissioner of Public Safety in Rochester, New York. This office is one of the highest positions awarded in the city administration. Among its varied duties is complete jurisdiction over the entire Police and Fire Departments.

Don entered Notre Dame in 1924 and was graduated with an A.B. degree, cum laude, four years later. Graduated from Albany Law School in 1930, he was admitted to the bar on January 21, 1931.

He was elected a member of the New York State Assembly from the Fifth Assembly District of Monroe County (Rochester) for two years in 1934 and 1935. He is the only Democrat ever elected from that district since 1913. Don was a member of the Joint Legislative Committee which rewrote the Highway Law in 1935, and also ran for the U.S. Congress against James W. Wadsworth in 1935.

Commissioner Corbett served from 1937 to 1943 as the Assistant Attorney General of the United States. He was elected a member of the New York State Assembly from his district in 1945 and served until 1948. He has been a practicing attorney in the field of public law for over 30 years.

**NEDY '34** 

Their long marriage of over 60 years ended in 1999. Their son, DONALD J. CORBETT, '28, is an active member of the Class of '28 and 33 men who received their LL.B. degrees in '28 but who started in 1924 with us. The list of 126 deceased members of our class issued January 15, 1963, also includes three children associated with our class.

I had a note from GEORGE KELLEY from Youngstown, Ohio, commenting on a book review of mine in America. George had an excellent article in America on provision made for reporting on the United Nations on November 8, 1963, issue.

**BILL KONOP** moved from Cincinnati to New York at the time of our reunion so could not attend. Bill is a tax attorney with A. T. & T. Co. in New York. He has a daughter at Miami University and a son at Indiana University. Bill has three grandchildren.

**ANTHONY P. BENZING** is Research Manager, Petroleum Chemicals Research Section, E. I. du Pont de Nemours & Co. in Wilmington, Delaware. He is single and lives in Woodstock, New Jersey. Dr. FRANCIS FORD is practicing medicine in Billings, Montana. His oldest son is at the University of Montana.

**JOHN BURKE** is the County Treasurer of Cook County, Illinois. **BERNIE BIRD** is Deputy Comptroller of Erie County, New York.

**REMY** of New York at the time of our reunion so could not attend. Remy is retired from the Navy but still a gentleman with a sense of humor.

The two eldest sons, Don, Jr., and Richard, are Notre Dame graduates of '58 and '60 respectively, the latter as president of his class.
and ROBERT, senior and freshman at Notre Dame. The latter said he would look for his son Glenn, freshman, when he caught the same train at Harmon.

Dr. ROBERT W. A. KEEFE, a veteran member of the Class of ’50, returned to South Bend to see his parents, the Rev. FR. CHRISTOPHER J. OTOOLE, C.S.C., and his mother, Mrs. Joseph J. Wozniak, who died in August.

The Class of ’50 was invited to head the Columbus Day parade in Jersey City.

FR. GUARDIAN, C.S.C., dean of the Law School, returned to South Bend after attending an international conference in Japan.

JOHN T. KEARNS, wife Ruth and daughter Rosemary, a junior at Champaign (Ill.) High, were on the campus for the entire summer and were privileged to visit with several classmates.

The Class of ’50 was not a topic of discussion.

JOSEPH E. KEEFE, who has been in demand as a speaker since he won the 1958 NCCJ Brotherhood Award, spoke at the University of Notre Dame’s department of economics on the subject of the future of the U. S. National Commission for UNESCO.

BOB McGOGLICK ’52 (left) joined ND’s Carl Yastrzemski and Miss High School of Connecticut to present Yaz with a picture of the campus in recognition of his baseball achievements while working toward a college degree. The gift was made in Boston on the occasion of “Connecticut Day in Fenway Park.”

COL. JOHN HINKEL tipped the office on a story in the National Observer about JOHN KIM, former student from Korea who left to work with the late DR. The Colonel recently returned from a five-week visit to Europe with Mrs. Hinkel, including two weeks in Spain for the first time since he covered the Civil War there for the N. Y. Times, plus four weeks in Berlin, where he took more than 300 pictures of the infamous Wall, returning to lecture in the Audience Hall on the situation. John is Washington chief for Kelly-Sanders-Hinkel, Inc., public relations.

It is an academic truism that a scholar who takes all three degrees from one university is not only persona non grata at his alma mater but has three strikes against him at other institutions; hence today's mad scramble to "mix" one's scholastic pedigree with degrees from two or three top schools. But Dick Baker, with bachelor's, master's and doctorate from Notre Dame, has gone far toward exploding that myth as one of the most respected faculty members at the University of Dayton and a celebrity of educational radio and television.

In October Dr. Baker, professor of philosophy at Dayton, was named to the top level Academic Council, the only layman now on the annual top ten named to that appointment. Also in October he began a series of educational telecasts on "Great Philosophers of the Western World," a 13-week series covering philosophers from Plato to Hegel. And he has gained a measure of nationwide fame as official provocateur for the nationalスタンダード Corporation which produces his "Three-Time Loser," an educational radio series and television show. According to the company, this weekly show has won him his Ph.D. and subsequently teaching at that rank for two years at St. Mary's College, Calif., and at Dayton for another year before appointments as associate professor in 1916 and full professor in 1918. At Dayton he has served as chairman of the English department and was East Central Conference chairman for the American Catholic Philosophical Assn. and is a popular panelist and moderator on educational TV. In 1937 he married Martha Jane Foose, and the Bakers now live in Dayton with a son and four daughters, two of them Dayton students.

We were extremely saddened to learn of the death of JOE COOKE on September 16. The heartfelt sympathy and prayers of the Class have been extended to his family. "A Mass was said on the Campus on October 5 by REV. THOMAS J. CARRIG, C.S.C., for him."

We were very sad to hear of the death of EMMETT FERGUSON who received his L.L.B. from the University prior to his son, DANIEL FERGU- SON, was graduated in the Class of '31.

They have been my greatest blessing."

An article about RAY GEIGER, publisher of Making of Malheur's Almanac, appeared in the August issue of The Catholic Digest. On the home front, Ray rented a billboard to proclaim to all: "Join with the Lewiston Alumni still lost by witnessing this declaration. . . . Thank you, Ann: for fifteen wonderful years; for five excellent children; for patient understanding; for helpful appreciation of my busy schedule; for the truly Christian home you have provided for us. Devotedly, Ray. On the fiftieth wedding anniversary of Ray and Ann Geiger, July 25, 1953." Paul Harvey repeated the message on ABC Radio. ED ECKERT, just back from one Reunion, now has to face up to a second one. His wife Carolyn will be taking active part this fall in her 30th Reunion at the College of St. Rose, Albany, New York. Ed's second son was graduated from the better junior golfers in the East, just entered St. John Fisher College in Rochester as a freshman.

The University, through JIM ARMSTRONG, has accepted a bequest on behalf of the Class of 1933, solicited in connection with our XXX Reunion. The University is to use the bequest to perpetuate an annual Memorial Mass for the deceased members of our Class. Annually on December 31st of each year a Mass will be said at the University for all deceased members of the Class and in particular, those who died during the expiring year. This year December 31st fell on a Tuesday. It has been suggested that the date and the reminder of the Memorial Mass be given advance notice in our Class columns so that in the family home there might be able to join in the Memorial by attendance at Mass in their local community on the same day.

The following alumni have died during 1963: AUSTIN SULLIVAN, HOWARD FISCHER and EDMUND MICHAEL O'DONNELL, LL.B. "In Paradisum Deducat Te Angelis." Tragedy crept into our Reunion weekend. The only surviving dignitary who presided at our commencement in June of 1933 is Father CHARLES E. COUGHLIN, Pastor of the Shrine of the Little Flower at Royal Oak, Michigan. On the anniversary of our 30th commencement Father Coughlin very graciously said a Mass for the parents of the members of the Class of 1933. His moving and touching letter to the president of our Class was read at our Class Dinner. It bears repetition here, especially for those who did not have the good fortune of returning for the Reunion, Father Coughlin wrote: "In the intervening years maturity and success have come to most of us, together with an immeasurable fund of grace which, I trust, all of us will acquire from holding East to the principles taught to us by our parents and our spiritual guides at Notre Dame.

"May you gentlemen determine to make a magnificent contribution to Church and State as glorious as that which was made by your fathers and mothers before you!"

A thoughtful note has come in from TOM SEXTON from Chicago stating that he enjoyed the Reunion "immensely."

JOE BUSHER, treasurer of Semrow Products, writes that Semrow is expanding and now owns Radio Broadcasting Station WSNP at Evanston.

A recent report has reached us that PHIL FAHERTY was unable to attend the Reunion due to a fatal auto accident suffered by his father on the eve of the Reunion.

To those of us who may have the occasion to travel through New England, Father FRANK GARTLAND, C.S.C., extends a cordial invitation from the Holy Cross Seminary at North Easton.

After the Moles, Back Digging Holes

Winding up his term this year as president of The Moles, association of the outstanding heavy construction contractors and engineers in the U.S., Gene Rau of Westfield, N.J., has gone back with a vengeance to his first love — heavy excavation and construction — as executive vice-president and chief engineer for J. Rich Steers, Inc.

Born in the heart of New York — East 55th Street — Gene has been a resident of New Jersey since he was eight years old. In 1929 he matriculated at Notre Dame, and four years later, with a degree in civil engineering, found employment with the Steers organization on railroad and subway construction for the Pennsylvania Railroad in Newark. Starting as a material checker, he worked into engineering within a year and in 1936 was made field engineer for another Pennsylvania R.R. job in Linden, N.J.

In 1940, after a couple of years of desk work in the New York office, he went to the Brooklyn Navy Yard as design engineer for dock construction and supervised construction until the summer of 1943, when he enlisted as a Lieut. (j.g.) in the Navy Civil Engineer Corps. After a year of drydock construction in California, he shipped out to the South Pacific for 19 months as executive officer of a Seabees detachment assembling floating sectional battleship drydocks in various advance bases. Rejoining Steers after V.J. Day, he was a designing engineer in the New York office. In 1948 he was named vice-president and chief engineer. He has supervised bridge, dock and plant construction all along the East Coast, in South America, Europe, Africa and Greenland.

Gene is married and has two children, Carol Ann, 16, and William, 15. Licensed in several states and a member of many engineering clubs and societies, he finds time for an occasional golf game at Baltusrol Golf Club.

ARTHUR L. CONRAD '35 is now vice-president for employee and public relations at Flick-Reedy Corp., Bensenville, Ill., having joined the firm in 1956 as a director and public-relations counselor. REQUIS FOR NO. 17

It is not yet 17 years since we graduated, and already we have lost the 17th of our number to untimely deaths: PHIL DELINCKE died Aug. 1, according to word received here from his widow, Dot. A polio victim in the early '30s, Phil really made the most of his sedentary existence by travelling to and from his engineering work each day, holding down a few on-the-side chores for extra income, and still finding the time to take additional studies to keep abreast of changing developments. He loved Notre Dame and one of his great regrets was his inability to return for a visit in the inter­vening years. He was with us in spirit, though, during our 1962 reunion since it was he who named our "Blue and Gold." There was a large group of Irish public servants includes: (L-r.) Hon. Tom Currigan '41 took his oath as new mayor of Denver in an all-black-and-gold N.D. drinking mug we sent him as a gift... and related activities. Al and his wife (Betty) and four-year-old (Arthur) received a bundle in August from the steek, dropped on their house in Garden City named Susan Gayle.

Bishop Mark G. McGrath, C.S.C. '45, L.L.D. '63, had a long article in Jubilee magazine on Latin American reforms to raise the standard of living there.

DENVER—Receiving congratulations from Father T. J. O'Donnell C.S.C., Denver's new team of Irish public servants includes: (L-r.) Hon. Tom Currigan '41, the new mayor; John Dec '52, manager of parks and recreation; and John Moran Jr. '52, newly appointed state representative from the Mile-High City.

GLEANINGS...

DON FISHER, president of the Ask Mr. Foster travel service, is again operating a Notre Dame Foundation Europea pilgrimage, with departure from New York scheduled for April 17 and return May 10. It will follow the route similar to that taken by the Crusaders years ago: Athens, Rhodes, Cairo, Luxor, Beirut, Jerusalem, Tel Aviv, Rome, and Lisbon.

One of our regular tourists, SAM ADELO, postcards from London "Just winding up an Eastern Hemisphere trip. Met a fellow Notre Damer here last evening . . . PAT COSTELLO . . . former student in one of my Spanish classes. He's a fellow barrister from Greensburg, Pa."

Sam also passed along a copy of his organization's publications in which was reproduced a letter to you from WALTER LANGFORD, now back on the faculty after two years' directing a Peace Corps project in Chile. Walter reported a school in south Chile built with funds from Kendavis Industries "is operating at full blast and at full capacity."

SUPPORT THE MOOSE

As you post your envelope this time, our own ELMER "MOOSE" MATTHEWS has been nominated for director of the Alumni Association and we urge your unanimous support of his bid for the post. No '47er has ever served on the board and we have an opportunity to help one of our own men, and us among the policy makers of the alumni organization.

As this is written, the Moose is running a hard race for state senator in his native Jersey; I hope we can report success for him in both campaigns in our next issue.

LETTERS...

From an old friend whom many of you will remember comes word about the family, FRANK PENNZ (ex-'38) family of Syracuse, N.Y. The distress half of the coupling is the former Rose Kunkic, who worked in the administration offices during our tenure of duty.

She and Frank have five active offspring: (left to right) Mary, Barbara, Richard, Jack, and Anne Marie. And she confides: "You know, I'm getting terribly homesick for South Bend and Notre Dame! It happens every fall when the leaves turn and the bands tune up and the football teams begin their practices. ... Some week I'm going to ... come back just to visit the Grotto and some special friends and walk a few streets. ... You'll be welcome, Rosie."

Few of us are, or have been, closer to the Communist menace than LUIS BELTRANENA in Guatemala; as general manager of his country's National Coffee Assn., he is coffee ambassador-at-large and qualified to comment on the broad picture in Latin America.

He writes of the March coup which ended the five-year term of President Miguel Ydigoras Fuentes: "It was no surprise to me, although from my observations during the Costa Rica Conference of Presidents I had gathered the impression he could last at least until November."

He added: "I had assumed, however, that the meeting of Presidents should have included a number of secret sessions and conversations, possibly: a) effective measures to stop Communist infiltration in Central America; b) some concerted, courageous action to prevent Cuba and elicit from Ga and enlist the innocent, to lower their influence in this hemisphere; c) effective measures to adjust the price structure of raw materials to the market situation and give our farmers a real boost and make our economies, largely affected by the decline in coffee prices and the increase in the cost of finished products we must buy. In this situation you may find more reasons for the economic slump in Latin America rather than in any other cause."

He sizes up Ydigoras: "His administration was characterized by disorder, leniency toward internal Communism while he boasted of his anti-Communism for foreign consumption, disrespect for authority, and overall a lack of seriousness and consistency in the evolution of the vital problems of government. On the other hand, he proved to be the great promoter of the Central American market ... and an answer of the people who apparently took enough money in percentages to make your Washington five percenters look like streetcorner hucksters . . . courageous beyond belief, a good family man, and a shrewd businessman who apparently took enough money in percentages to make your Washington five percenters look like streetcorner hucksters . . . courageous beyond belief, a good family man, and a shrewd businessman who apparently took enough money in percentages to make your Washington five percenters look like streetcorner hucksters . . . courageous beyond belief, a good family man, and a shrewd businessman who apparently took enough money in percentages to make your Washington five percenters look like streetcorner hucksters . . . courageous beyond belief, a good family man, and a shrewd businessman who apparently took enough money in percentages to make your Washington five percenters look like streetcorner hucksters . . . courageous beyond belief, a good family man, and a shrewd businessman who apparently took enough money in percentages to make your Washington five percenters look like streetcorner hucksters . . . courageous beyond belief, a good family man, and a shrewd businessman who apparently took enough money in percentages to make your Washington five percenters look like streetcorner hucksters . . . courageous beyond belief, a good family man, and a shrewd businessman who apparently took enough money in percentages to make your Washington five percenters look like streetcorner hucksters . . . courageous beyond belief, a good family man, and a shrewd businessman who apparently took enough money in percentages to make your Washington five percenters look like streetcorner hucksters . . . courageous beyond belief, a good family man, and a shrewd businessman who apparently took enough money in percentages to make your Washington five percenters look like streetcorner hucksters . . . courageous beyond belief, a good family man, and a shrewd businessman who apparently took enough money in percentages to make your Washington five percenters look like streetcorner hucksters . . . courageous beyond belief, a good family man, and a shrewd businessman who apparently took enough money in percentages to make your Washington five percenters look like streetcorner hucksters . . . courageous beyond belief, a good family man, and a shrewd businessman who apparently took enough money in percentages to make your Washington five percenters look like streetcorner hucksters . . . courageous beyond belief, a good family man, and a shrewd businessman who apparently took enough money in percentages to make your Washington five percenters look like streetcorner hucksters . . . courageous beyond belief, a good family man, and a shrewd businessman who apparently took enough money in percentages to make your Washington five percenters look like streetcorner hucksters . . . courageous beyond belief, a good family man, and a shrewd businessman who apparently took enough money in percentages to make your Washington five percenters look like streetcorner hucksters . . . courageous beyond belief, a good family man, and a shrewd businessman who apparently took enough money in percentages to make your Washington five percenters look like streetcorner hucksters . . . courageous beyond belief, a good family man, and a shrewd businessman who apparently took enough money in percentages to make your Washington five percenters look like streetcorner hucksters . . . courageous beyond belief, a good family man, and a shrewd businessman who apparently took enough money in percentages to make your Washington five percenters look like streetcorner hucksters . . . courageous beyond belief, a good family man.

"Communism is one thing and poverty and misery another. The latter must be fought as a matter of principle, the former as a matter of expediency, regardless of the former, which is a political conspiracy directed from outside this hemisphere. All who live in Latin America must feel that the blood of our people should be given a try and we are endeavoring to forward several, seriously planned; and for that we cannot use command decisions. The old criteria of dictatorship to topple Latin-American governments should be disposed of, and the alliance should try to work with the best people available, with the people who have the knowledge and training and not to fight the ablest people of Latin America at if they still were feudal lords or cattle and coffee barons."

"The majority of the useful young people of Latin America are scions of the families who have contributed to the creation of wealth and are the ones who have education; they are the ones who have the knowledge and training and the ones who have the education; they are the ones who have the knowledge and training and the ones who have the education; they are the ones who have the knowledge and training and the ones who have the education."

Your reunion weekend broke up with many plans and ideas for our 20th get-together. Perhaps the 19th is an off year, but the 20th should be a big one. We have five years to plan it and, with the good Lord willing, we want to see as many on hand as can possibly make it. Anyone who has taken upon himself a reunion weekend has everything good to say about it. It is a wonderful time, and for $20 or so, it is cheaper than staying home. It is not a retreat but a chance to get together with those you don’t see often but whom you are glad to see. We’ll be writing more about this as we go on, but the 5-year repeats come around fast so we like to keep it in mind. Meanwhile, let me hear from you—about you, what else is new. There were a few of beaks about the coverage of the Class of ’48, but you members of the Class are what we have to talk and write about—it’s up to you too.

Boquets are in order for ED MCCARTHY, who so ably engineered the festivities for our ten-year reunion. I am still at a loss to understand how a couple of ducks per man provided an inexhaustible supply of booze and snacks for the cocktail party, but whatever the miracle we're all much in debt to Ed for his efforts.

A few of the brethren, heretofore long silent, have been heard from in recent weeks, and we represent the college to Kelly AFB, as well as the University of Dayton's department of biology as an asst. prof.

This article is directed to the 800 or so unfortunate '54 graduates who didn't make the June '59 reunion. They're not forgotten. In fact, the committee on class reunions cannot be described by mere words. If you're lucky you may get to 10 reunions in your lifetime, but a few of us are sure to miss the class reunions, and you're not the only one. If you're not invited, the class reunions cannot be described by mere words.

At season's opening Tom had compiled a record of 50 wins, 16 losses and three ties. His teams have never finished lower than third place in the City League. In 1959 and 1961 they finished third; in 1956-57-58, first place. In 1957 and 1960 Tom's teams were rated among the top ten in the state, and last year they were crowned Ohio's finest high-school football team and rated number two in the nation according to the National Sports News Service.

Married in 1956, Tom is the father of two children, Kathleen, 4, and Kevin, 2. He is active in the Knights of Columbus, Elks and Moose and has been working in the real estate business in Toledo for the past four years.

THOMAS F. McHugh was graduated with the "Partners in Progress" (1950 Notre Dame Baccalaureate Community—celebration, Dick said the celebration week "was one of the most important weeks in our area's history in terms of building the kind of cooperative spirit that we must have if we are to grow and prosper."

First, a note of thanks to all those who turned out for the class cocktail party at the Maum Inn after the UCLA game. If all goes well, we hope to have a similar event each year after a game. We'll give you plenty of notice. In fact, watch the next issue of the ALUMNUS.

Letter of the cycle goes to FATHER JOE O'DONNELL, 314 S. 19th St., Philadelphia, Pa. (the G.S.C.'s!) Father Joe reports that he spent the first year after ordination as a prefect and counsellor in the Philadelphia archdiocese, preaching retreats at the Mater Dei Retreat House on campus and you can send any correspondence to him there.

While in the Cleveland area in June, Father Joe attended Father Jim Sherer's first solemn Mass in Bowling Green. They had a reunion with Tom Welly, Jim Stevens and John Connaughton. He also had dinner in Cleveland with the late Bill Byrne's folks, who are always happy to see anyone from Notre Dame.

He added that Mike Kelly also stops in periodically to sell a little oil. Mike probably says a few prayers for a cold winter! Lee Creadon is still with General Electric. He has been made a member of the Commission on Civil Rights, a fairly reliable automotive firm. Jim Toohey, who works for General Dynamics in Sacramento, gets up to the Northwest often. GEORGE RIORDAN, JON TYSON, ERNIE MAUGHAN, JOHN J. MERRICK, GEORGE VOSSMIR, LARRY MULLINS, or JIM PAVIS, Bernie would like to hear from you—please.

Here are a couple of notes from the academic front. JOHN WACK is back for another year in the history department at University of Pennsylvania. His history classmate, JIM BERQUIST, has tackled the eastern seaboard with his Iowa wit through a position with offices in New York.

JOHN DEVEREUX, another of my journalism buddies, is an account executive with New Chicago advertising agency—Marshall John & Associates. John also had a big evening with MIKE JACKMAN, who is teaching high school and coaching basketball in California.

I saw MIKE WARD on the street the other day, and he said that JOE HAYDEN now has two boys and a girl. He also had a big evening with MIKE JACKMAN, who is teaching high school and coaching basketball in California.

While at the Chicago Club's golf outing, I couldn't believe my eyes when I spotted DAN "ESKIMO" MOORE across the room. (OK, it was the bar, but it was still early!) Dan was in for the bar association (so I was interested) meeting and his sister's wedding. A gay bachelor, Dan then jetted down to Mexico City for a little vacation. If you want some inside dope on that, you can contact Dan at Box 8200, Anchorage. He says the legal business is good. It must be. Who else could afford to fly around North America and vacation?

Speaking of flying vacations, JERRY BRANSFIELD just popped off for a European jaunt. Oh yes, he took Maureen, JIM GRIFFIN and wife, Bunni, went to Rome for her brother's ordination. They spent about three weeks in Europe.

While on our European kick, I just received a letter from JOHN SLAVICK, who is with the U.S. Information Service at the American (what else?) Embassy in Bern, Switzerland. Right off you can see that he has a pretty tough life. John's letter made me feel good, though, for he arranged a meeting with FRANK TONINI in Milan through friends we provided in a recent column. Ann Landers—watch out!

Frank, too, is with the U.S. Information Service and John had a chance to meet his charming wife. John started his European service in Stuttgart, Germany, and then moved on to Heidelberg and Bonn. That stint of 18 months completed his training (after six months in Washington) and he moved on to Bern in March, just in time to go skiing and spend his ankle (Stay at the typewriter, John, and you won't break an ankle.)

I'll give him one free plug for the Switzerland Chamber of Commerce. "I would like to mention that Bern is an hour away from the best skiing in the world, that I can take three guests (cramped) on a private lift, that transportation is extremely well in Bern, and that I would enjoy playing host to anyone who is willing to split the price of a cheese fondue. If you don't accept his invitation, "Swiss" says he'll see one and all at the reunion in '65.

A salute to MIKE KELLY, LOU ZEFRAK, RUSHTOHEY, JACK FLANNY, DICK COOK and CHARLIE GOMEZ for putting together "Organization '59"—an informal class group here in Chicago. After the initial meeting, they found the guys have decided to meet at JOHN LATNER'S (remember him?) Steak House downtown on an ad lib basis the third Tuesday of the odd-numbered months. So mark Nov. 19, Jan. 21 and March 17 on your calendar right now. Meetings start at 5:30 (drinking that is) and everyone is welcome. Contact me or MIKE KELLY (WA-7400) on Mondays. Others attending the first meeting were:

IDAHO—The ghost town of Silver City in rugged Owyhee County was the site of the Idaho Club's family outing last summer. Families picnicked in the romantic ruins of the Old West and celebrated Mass in the mining town's abandoned church.
BOB WING, JOHN WEITHERS, BILL TICE, JOE RAFFERTY, TONY PASQUESI, TIM NORTON, GEORGE MEYERS, GERRY HILLSMAN, TOM HAMLIN, NEAL HALLORAN, HANK GIES, MIKE FILICHIO and DICK BEEMAN.

From the Alumni Office:
JAMES M. SHERER was ordained a Holy Cross Foreign Mission priest in June and will remain in the States for further study. FR. JACK KEENE, C.S.C., had been working with the Bwanda and Bpyamis in Uganda, East Africa, for the past two years, and an article about his work appeared in the April, 1963, issue of Pageant Magazine. He has been assigned to work in the northern part of the diocese—the Luwanga, Ajio and Buoro Tribes.

SR. MARY VIVIAN BRAND, P.H.J.C., one of our summer co-eds, received a doctor of philosophy from St. Louis University.

ROBERT J. DEBREY is presently employed by Illinois Institute of Technology Research in Chicago as a research designer and engineer in their Product Development Center. He married Miss Claudette Allie in Manitowoc, Wis., October 62, and they were expecting their first child in October 63.

JOSEPH L. SHILTS, a registered civil engineer in the State of California, has been appointed a street lines engineer in Richmond, with his wife, Ann, children and cats.

I was happily surprised one day when I received a letter from St. Mary's Seminary, Roland Park, Baltimore 10, Maryland, signed by a classmate whom many will remember from Zahn, Morrissey, Dillon and off-campus—MARY DEVEREAUX. After graduation Mary was seen for two years as the only person in an armed uniform at Fairchild Air Force Base, Spokane, Washington. From Spokane Mary had been sent to St. Henry's Preparatory Seminary, Belleville, Illinois, for Latin; St. Mary's Seminary in Baltimore for philosophy and theology; and in 1956 the diocese of Miami, Florida, will have a new priest. Mary has heard from Bob Hickey, his wife, Liz, and sons, Peter and Joe, lives at 6333 Strouda Road, Houston, Texas; TOM COWAN living at 429 Standard Street, El Segundo, California; JACK McCARTAN living at 537 Bridge-water Drive, Pittsburgh, Pennsylvania; and PHIL CINNELL on Center Avenue, Fredonia, New York, only a block from Mary's home address—33 Forbes Street, Fredonia.

JIM HURLEY, who wrote a grand letter from 28 Montclair Avenue in Almonte, New Jersey, has included news about everyone but himself. PAUL R. FIEGEL, Davenport, Ia., representative of National Life of Vermont, has been elected a director of the Davenport Junior Chamber of Commerce. He is also chairman of sales for the Davenport Regional Development Center. He married Miss Claudette Allie in Manitowoc, Wis., October 62, and they were expecting their first child in October 63.

BART THOMAS, a graduate of the University of Denver, has been elected a director of the National City Fair Days, RALPH GUGLIELMI, New York Giants, has signed his sixth National Football League contract. FRANK BURRE is now product line manager for Beckman Instruments, Inc., in Richmond, Calif.

FATHER JAMES STUFFEL, C.S.C., all 125 lbs. of him, has been heard to say, "I've eaten so many chickens that I can't stand the sight of them." On a recent trip in Uganda one of the many gifts received was 15 chickens. It was an odd sight to see Father drive into the Bukwali Mission with chickens... and what-not... all over his hinu (safari equipment). Father says the Sisters' Convent needs a new roof.

Captain PAUL R. REED, anx. prof. of military science at the U. of Kansas, Lawrence, was in charge of the "Trainfire" rifle range at the 1963 ROTC summer encampment at Fort Riley. Capt. REED is also chairman of sales for the Davenport Regional Development Center. He married Miss Claudette Allie in Manitowoc, Wis., October 62, and they were expecting their first child in October 63.

JAMES F. TOWHY who writes that he prefers to be on the Class of '55 list, as most of his acquaintances are in this group, even though he graduated in '57.

Jack, as manager of duty flying jets for the Navy received his master's degree in psychology from George Washington Uni- versity in May. He will be living and working in St. Louis where he will be working for McDonnell Aircraft Corp., and also for a doctorate in psycho- psychology.

Today I saw our St. Louis football Cardinals squeak by the Pittsburgh Steelers 24-23. Ray LLOYD, the Cardinals quarterback, and the Cardinals along with Red Mack and Myron Pettion.

TERRY NIEUWLANDT is now living with his family in Santa Ana, Cal. Present count is two and a half. Actually I may be making a mistake by not mentioning Steeves. JERRY THEES is in Grand Rapids with Decker-Jarvis, Maine himself is with the Export Division of the DeVilbis Co. Joe will be forced to miss the first few games this fall since business will take him to South America. Tough life, especially when most of us can't even make it to Scranton. DEAN RICHARDS is also in Toledo teaching and is active in the Northern Ohio School on Anti-Communist. By the way, Santos is preparing to support St. Mary's with three schools. St. Mary's is in a bit of a financial slump; told me the happiness that their adopted daughter, Adrienne Perine has brought them. She came to them when she was all of eight days old. The old man, HENRY KUNZ, is supporting the title of co-ordinator-service analyst, staff, for the Sea Land Service Corporation. Henry has also received his M.B.A. in accounting from N. Y. U. He is now studying for his Law Degree at Seton Hall.

TERRY NIEUWLANDT is now living with his wife and two children in Chicago. Terry is with Autonetics, a division of North American Aviation, as a method analyst in adminis- tration. He reports that RAY ARROYO and his wife Rachel are living in Gardena, Calif., where Ray is teaching and coaching at Serra Catholic High. TOM CUNNINGHAM and BOB HOLLAND also teach and coach at Serra. BOB LONCHARICH reports that he is still "bashing" it in St. Louis.

while putting in time with McDonnell. Also with Bob at McDonnell are BILL MEYER, STEVE JENDRAS, and TOM SCHWEIKERT. Bill, Steve and John have a lot of fun together. Rome and Steve has really set the pace with 4. DON RIGALL, wife and child are living in Albuquerque where Don is with Sandia. DON MILLITZ is in the same family situation but he will be in Dayton Beach, Fla. Thanks for the news, Bob. . . Received news from BILL MILLITZ in Indianapolis that JERRY BECKERT had a little "Tim" . . . That DAVE FOLEY and MCGOWAN were chairman of the 40th Reunion and started off the festivities held last June 22. Had dinner with Bill and his wife Joan in Indianapolis last July. Good news for all, Bill hasn't changed a bit! Recently in St. Louis I got together one evening with the following: RAY ROTH, who is working towards his M.B.A at Washington University; CONNIE LANE, who graduated from St. Louis Law School and will set up practice in St. Louis; MATT WEISS, who is with the Foundation Office at St. Louis U.; GUS LUEPKJE, and Judy whose old man is doing a starring job with one of the top law firms in the city. The word is out that he is going to get married (outside patio) to the WILLIAM BARTLINGS. Bill and his wife, Jenny, have one daughter and he is busy engaged in making a "best life" for himself and the Monarch Weather Stripping Corp. . . . With mixed emotions I must report that our good friend, JACK CASEY, took to the footlights in Chicago and married himself to one Sally Hogan from Dallas. . . Have reports that JACK CASEY took a trip to Europe in September. This news was furnished to me by Cota Nosta . . . Speaking of that organisa-tion, I think it best the Better Business Bureau watch the new activities of one JOSEPH REICH. He has recently joined the Woodmoor Corporation in Colorado Springs. He is in the development business and Joe is already a vice-president. Probably the next face you will see on TV following Vaclav will be our Joe. Remember heartiest congrats on the new position. The ED DEANS are living in Upper Montclair, Ed received his law degree from Fordham and word has it that before it is all over he will make the Curleys, Kennedys and LaGuardias look like a bunch of amateurs. Remember, you who live or pass through Chicago, the first Monday of every month there is a class luncheon at Boveri’s on Lake Street. Just get in contact with JOHN BOVERI or FRANK HENNESSEY at the Tribune regarding particulars. Usually meet around 12. Will easily be back in your office or on the road by 2.

My reservoir of information is running dry. Please help me make it fluid. N. B.—Please remember in your daily prayers the father of our classmate TOM MUNCULY, who died last September.

Several of our items of interest such as additions to the family, new jobs, promotions, changes in locale, postgraduate degrees, or some similar matter. How about letting us share your good news?

Just prior to this writing, our annual after-game reunion was held in the Village Inn (overlooking the South Carolina game). With the help of a pot of coffee, nicotine, and a bottle of the semi-reducing drugs, commonly known as tranquilizers, your scribe is making attempts to meet another deadline for the publication of this column because the column must come the day after it is written. YOU have made the following possible.

1/LT. JACK COLE writes from Ft. Eustis, Va., where he is stationed with the U.S. Army, as are his wife, Sandra, and their two-year-old son, Gregory John. Jack says BILL WHITE, who has since been released from active duty, served as his commanding officer for a short time.

Our sincerest sympathy is extended to classmate TOBY ODE, whose father, Brian S. Odeon (L.B. '37), died June 5; and to JOSEPH M. KRUPP, Jr., whose father died in May.

My old friend and roommate TOM GIBNEY is residing in the area, and here he is an assistant with Ford Motor Co. I'm told that Tom and his wife Beth have two tax deductions. . . . A letter from the father of JOE COOPER brings tidings. Joe, who is serving as 2/LT with the Marine Corps in Lejeune, N. C., was married in November to the former Judith Eva Sewell . . . and JACK FEENEY and Joanne White of Jersey City were married last year.

BILL POTTER, who happily paid & postage to receive the latest issue of the ALUMNUS, claims this was the first copy he'd seen since graduation. I suspect his two and some years of nomadic existence, with the Navy can explain it. At any rate, Bill will be a regular subscriber to our magazine now that he's stationed in Milwaukee, Wis. Besides working for the Department of Labor there, Bill spends his evenings in the stacks of the Georgetown Law Library. . . . Also at Georgetown is law student CLAY SMITH who expects to graduate at the end of the current semester.

The main trend in the "Diaper Market" is upward and we have the following dependable indications to prove it. . . Jennifer Lynn, the daughter of Julie and BOB DINI, arrived July 9 . . . Carol and JIM WOLF have a daughter, Lisa Marie, born in August . . . Anne Elizabeth, a baby girl, was born to Oricilla and CHUCK SAVIGNI, April 18 . . . Ann Mary, the daughter of Mr. and Mrs. "SAVE" SAMUELSON, was born June 22 . . . and Mr. and Mrs. TOM KEEGAN announce the birth of a baby girl, Bridget Marie, July 5.

Congratulations to ED (A) KENNEDY, who married the former Mary Eileen Clark of Chicago and to '60 grad DON KRISTINIK, who exchanged nuptial vows with Ellen Cahiler of Houston, Texas, July 27.

We now have news of the whereabouts of BRUCE BABBITT. KEN MURPHY, who is Product Development Supervisor for Colgate-Palmolive International in Venezuela, writes Ken, "While in Caracas on business, I was at the home of a friend of mine when a jeep came roaring up the street. A tall, lanky guy jumped out, and in passing, I mentioned that he looked familiar. Turned out to be BRUCE BABBITT, who is working in Caracas, Venezuela, with the Action organization, a peace-corps-type group which is managed and run by local sources." Ken also writes us of the happy news that he and his wife, Modesta, are the parents of a baby boy, Douglas John. . . . We are grateful, Ken, for your sending along info on the following. . . SAM RIVERS PATOUT III is studying at a seminary in Houston, Texas. . . PAT O'DALY is in need school in New York, and he and his wife, Denise, have two sons. . . JIM DRISCOLL is working for a construction firm in D.C. . . MIKE SHIPMAN is at N.D. studying for a doctorate in chemical engineering . . . and Mr. and Mrs. BOB BOYSEN and their two sons are living in Detroit.

I propose that a N. D. club be chartered at the accounting firm of Arthur Andersen & Co., of Chicago—Alumni BOB BENNETT, "BEETLE" LA MONTAGNE, and ED (A) KENNEDY are employed there. . . Living in Rochester, N. Y., are grad "SAVE" SAMUELSON (who is secretary of the N.D. club there) and TOM KEEGAN, vice-president. National in Latin America, recently met Bruce in Caracas, Venezuela. While "Save" is an adman for Rochester's DEMOCRATIC CHRONICLE, Tom is a cost estimator for the tool engineering department of Delco Appliance in that city. . . After a year of high-school teaching in Miami, Florida, BILL HEAFY has moved to Texas, where he's commanding the Heatherton Spartans' 45lb Shot Put, at the Air Force Base in Amarillo.

Over Labor Day weekend I took a trip to Charlottesville, Va., to participate as an usher in the wedding of BERNIE DROBANSKI and Miss Carol Wood. The couple honeymooned in Washington, D.C., and then returned to Charlottesville, where Bernie will complete his final year at the University of Virginia Law School. For those of you who can't believe that the greatest of all "Polish lovers" has finally met his match, I can only say, "I speak nothing but the truth."

A special note of congratulations to three of our classmates currently pursuing a career in law. First to JOHN KEEGAN, who was elected President of the Georgetown School of Law Student Body. The long ride out to South Bend was worth-while to take in the opening Notre Dame-Wis­consin game. Wisconsin stole the Irish in the final 67 seconds—a real heartbreaker. But hearts can be mended by Haig & Haig and good company—the former furnished by the Morris Inn and the latter by SOPHE and JOHN GOETHALS, who fed and boarded us at Chicago and Sturpis. Entertainment was furnished by son Michael Allan, alias "Tiger." Also spoke to Dean O'Mara, Professors Murphy, Kellenberg, Clark, and the ever lively Christy.

Concerned with Barbara and JAY CHARON, who are now residing in Chesterton, Indiana. It's a "stiff" for Jay, who's been in and out of court representing his Gary, Ind., firm. LaSalle Street was well represented by the firm of Kelly, Pecora, MacKenzie & Kelly. JIM MACZMENGER (to Sarah) in his final year of clerkship in South Bend. Out in Colorado, FELIX MACIZEKSKI is making plans for his appearance as the next Louis Legal Eagle in Hawaii. If you want your goose cooked, see STAN the Man PECORA, who was recently returned from his stint as Chief First Class with the Army. RAY BROWN and Biev have also joined forces with Uncle; Ray is stationed with JAG in St. Louis. Another JIM HARRINGTON, having won his degrees from Northwestern and his wife from Iowa, may relocate in the Big Apple. GEORGE McANDREWS showed up with one of his usual attractive dates, personally confirming that (1) he is still a bachelor and (2) he is currently with the Chicago first firm, Undoubtedly MIKE PHENNER is undergoing JAG training at the U. of Virginia, in preparation for a more permanent post, not sure what he will do in the Boston area and what that side of the campus. Also missed JIM STUCKO and PETE "JIVE" KELLY at the Touchdown Club. Heard the call of the wild from BOB VERVERKA, KA, PFC (Pariah First Class) at Fort Lewis, Washington. Big V's letter decrying the lot of the noncommissioned lawyer can be read in the ABA Journal—July issue. His campaign cry: "More status for the EM."
