Notre Dame Alumnus
IN MEMORIAM: JOHN FITZGERALD KENNEDY, LL.D. 1950, 35th PRESIDENT OF THE UNITED STATES

"IN PARADISUM DEDUCANT TE ANGELI."
On the Cover:

Father Norton (left) and Father Covanaugh adjust the doctoral gown of Congressman John F. Kennedy (D.-Mass.) after conferring the honorary degree of Doctor of Laws at midyear commencement exercises in January, 1950. Father Covanaugh was requested to offer Mass before the coffin of President Kennedy in the East Room of the White House on November 23, 1963.

The back cover illustrates the dead President's many honorary and familial ties to the University of Notre Dame: as an honorary alumnus and member of the Advisory Council for the College of Liberal and Fine Arts; as recipient of both the Loualare Medal and the Patriotism Award of the senior class; and through similar honors conferred on his brother, father and grandfather over the past fifty years.

As we went to press on November 22, the cover was to depict the ringing down of the curtain on the happy "Drama of Challenge I." But that day saw the curtain drawn on the tragic drama of a man intimately involved with the University, whose years of greatness and challenge to America, 1960-63, corresponded to the years of Notre Dame's greatest development to date, the period of Challenge I.

"I do not shrink from this responsibility — I welcome it." Thus President Kennedy began the career that ended at the hands of an assassin in Dallas. As Father Hesburgh has written, "May this sad day be not one of darkness, no triumph for the powers of evil, but the birth of a great new light that will for years to come inspire others to great deeds, come what may." To the memory of John Fitzgerald Kennedy this issue is prayerfully dedicated.

The DRAMA of CHALLENGE I
1960-1963

by REV. JOHN E. WALSH, C.S.C., '45
Vice-President of Public Relations and Development

The Closing Curtain, formally ending Challenge I, has been rung down. This thrilling Notre Dame drama in real life officially ended on June 30, 1963. The meeting of the $18,000,000 Challenge target was a soul-stirring performance on the part of many devoted men in many different roles. The approving applause of all those interested in private higher education, especially of all our Notre Dame faculty and students, still thunders throughout the land and across the campus.

The purpose of this brief report in the ALUMNUS is to call certain persons and certain categories of people out into the spotlight for a special curtain call and then to take a quick look in review behind the scenes of this remarkable drama.

Like every successful production, Challenge I required the best efforts and the most loyal dedication of the entire cast. Each person connected with Challenge I played his part well. There were few missed cues and the timing was without major flaw. Those in leading roles and those in supporting parts each contributed the full measure of their good talent. Older players and younger players accepted together the weight and the burden of the job to be done.

First, a special curtain call for Mr. I. A. O'Shaughnessy, the Honorary National Chairman of Challenge I. His concern for the campaign and his interest in its success were never far from his heart.

Second, a very special curtain call for the National Chairmen for Challenge I: Mr. J. Peter Grace of New York, Special Gifts Chairman, and Mr. Joseph I. O'Neill, Jr., the General Appeal Chairman! Both deserve special credit for the inspiring leadership, the wise direction, and the boundless enthusiasm they brought to the Campaign. It is not too much to say that the Campaign might not have been a success at all if they had not interpreted their roles so convincingly.

Next, the Citi Chairmen, both Special Gifts and General Appeal, in some 170 cities! To assemble all of these men on any real stage for a curtain call would be an impossibility, but the stage of human gratitude and appreciation is a large one. Our City Chairmen occupy that stage in all Notre Dame hearts. Their performance was intense and thorough. They captured the spirit of the drama well, and they gave great depth of meaning to the roles they played. Because of our City Chairmen, Challenge I was a play with a happy ending, a comedy, rather than the play with an unhappy ending, a tragedy, it might otherwise have been.

Next on stage, the 3,500 Committeemen who so well and so willingly became, during this dramatic period, salesmen and ambassadors for Notre Dame. They were persuasive, indeed, as the results clearly show. Over 80% of Notre Dame's alumni responded to the appeal of Challenge I. This is a near record, if it is not in fact a record, for percentage of alumni participation in any university capital gifts campaign.

And finally on the vast stage of our imagination, the 23,500 who contributed from their own means and resources to Challenge I. Each has been thanked and each knows of Notre Dame's lasting gratitude. But the best thanks of all is each one's own realization that he is helping in the noble work of building a great university, Notre Dame. Each one, too, realizes that he will share in the prayers and the gratitude of all future generations of Notre Dame men.
To one and all Notre Dame’s thanks and Notre Dame’s congratulations.

But now to move backstage, behind the scenes! With the theater emptied and in the full light of day, how do we assess the drama and the value of Challenge I? How do we get at the facts and the spirit behind the statistics?

As is true of all drama, whether in real life or on the stage, Challenge I was a tense and difficult drama all the way. Its outcome — the conflict or the action it demanded — would be unresolved until the play’s very end. At the beginning, many people knew the attaining of this goal — the meeting of the challenge — would strain all talents and all energies, if it were not actually impossible. As the curtain went up, both those on stage and those in the wings were, perhaps, a bit stage-frightened. But as the drama started to unfold, as all in the theater of this Campaign became more swept up in the impulse of the developing plot, and as the reality of the drama became more apparent to everyone, a sense of confidence, of poise, and of assurance seemed to give new vividness and force to the performance.

The play’s end carried with it a wave of deep and genuine enthusiasm and a joyful sense of accomplishment. As Notre Dame men everywhere saw what they could do for the University, they felt an even greater pride in their University and in themselves and they shared gladly and gratefully in the momentum of the success. Challenge I has been called the greatest outpouring of Notre Dame spirit, loyalty, and cooperation in the entire history of the University. The magnificent new Notre Dame Memorial Library, the largest university library in the world, now almost finished and already completely paid for, is one evidence of this — but only one.

The first act of the drama of Challenge I called for setting the stage, planning the strategy, developing materials, explaining the case, and enlisting the ideas and the assistance of the men who were to carry the Challenge Campaign to the front lines. Meetings of the Special Gifts Chairmen and later the General Appeal Chairmen were held on the Notre Dame campus in the fall of 1960 and 1961. It was explained that the Ford Foundation had selected Notre Dame as one of five universities to participate in its Special Program in Education and had challenged Notre Dame to raise $12,000,000 in cash in three years by offering to match that amount by an unrestricted $6,000,000. The Chairmen, who attended these meetings, were delighted with the honor implied for Notre Dame and they were sure that with hard work the Challenge could be met. A nation-wide telephone network linked together Notre Dame alumni and friends in 140 cities to explain, to inspire, and to launch the General Appeal phase of Challenge I.

But Act II, forwarding the action and the involvement of the *dramatis personae*, meant actually mobilizing the strength and the immense good will of all Notre Dame alumni and friends. If the challenge was to be successfully met, Notre Dame would have to raise, in each of three years, not twice but triple the amount it had raised in any previous year. This message had to be clearly understood by all members of the Notre Dame family. It would be necessary to highlight its urgency and its priority. The University Administration and the Assistant Directors of the Notre Dame Foundation had to take this message to every corner of the country. Thirty-five hundred volunteers, Notre Dame men all, worked with them and assisted them in every way.

Act III, the climax — the moment of decision and the denouement! Act III required that every Notre Dame alumnus and Notre Dame friend wherever humanly possible, be personally contacted and urged to contribute. The scene shifts away from the Notre Dame campus to thousands of homes and hundreds of offices across the country where the crucial moment of the drama would be enacted. It is easy to imagine the hundreds of different settings in which Notre Dame men gathered in small groups and in large groups to discuss Notre Dame and to decide how actively they would share in its future.

The alumni volunteers began their calls. The Assistant Directors of the Notre Dame Foundation kept their bags packed ready to catch early morning and late night planes. The lights burned throughout the night in the Notre Dame Foundation Offices. How would it go? How would the Challenge be received and answered by the Notre Dame family? Now we would know whether we were ready, whether we had been overly optimistic, whether Notre Dame alumni and friends, whose loyalty was never in question, could rally in such dollar amounts to the Challenge Program at this time in Notre Dame’s history.

The drama of Challenge I is now played out to its amazing and thrilling and highly successful conclusion. The answer is now well known and fully recorded. Into it went the great love of many people. No university and no person could ask for more than that. But love is not to be measured in dollars and cents important as these are to the growth of any great university. Notre Dame, like every great private university, will face, we can be sure, further challenges and further dramas in the future.
YOU HAVE MADE HISTORY.

This is not a light statement. By this time you know the details of the magnificent story of the alumni response to the University's $18,000,000 Challenge I Program. You know that the $18,000,000 goal was exceeded, and that the Ford Foundation matching gift of $6,000,000 for a corresponding $12,000,000 was also achieved.

But the new chapter in Alumni history is naturally foremost in my thinking.

You know that more than 18,000 alumni — 80% of those contacted — set an all time high record of participation. [We are still not a large body. A substantial number of religious could not be involved. A substantial number of young alumni away from their home addresses could not be contacted. The Classes just graduated were a year behind the program in any form of solicitation. And there is always that substantial percentage whose addresses are not currently available for contact.]

You know that alumni gave or pledged $6,209,855 — a third of the Program total, and twice what the professional fund-raising counsel had projected from this source. We are still a relatively young alumni. This showing was truly magnificent.

You know that $255,000 came from 13 alumni-owned or controlled foundations. Here is the dawn of an even greater future for Notre Dame, as our alumni assume the stature formerly indicative of older associations than ours.

Similarly, $442,000 from 236 alumni-owned or controlled corporations indicates the tangible leadership of Notre Dame men in business and industry, which has long been a hope and a prediction, and which now assumes substance.

But in the $3,513,000 from 17,764 individual alumni donors lies the force and the forecast of the new era which Challenge I has brought to Notre Dame men.

The Challenge Program, the Ford Foundation matching grant incentive, the New Library and other phases of the immediate success are well known. I would like to pay tribute, at this point, to factors which contributed to this success, which might escape the appreciation due them if they are not mentioned in its relating.

The alumni who, in 1868, created the first Alumni Association, recognized the integral part of the graduate in the life of his alma mater.

Father John W. Cavanaugh, and a group of cooperative lay alumni, saw in 1908 that the Alumni Association needed the stimulus of constitutional control, regular meetings, an active program, and active leadership.

It is to this program and leadership, during its 55 continuous years of build-

ing, that a part of today's success story must be attributed.

To Fathers James Burns and Matthew Walsh, who found in the University's first fund-raising effort the essential relationship of organized alumni, and who immediately in 1923, established an Alumni Office, an Alumni Secretary, and an ALUMNUS magazine, must be given a segment of the success we are now heralding.

And to the succession of officers and directors of the Alumni Association, through the Alumni Boards, who have guided and directed and expanded the Office, the staff, and the magazine, through war, depression, and progress, a very substantial amount of the accomplishment must be attributed.

This is no small progress. As late as 1940, the Alumni Association was struggling with a scattered membership of 10,000, an obsolete system of annual dues, an independent and limited fiscal structure that approximated a total annual expenditure — office, staff, and magazine — of $15,000. Our Clubs were heroic but haphazard. Our Reunions were a frequently embarrassing appendage to the growing dignity of Commencement weekends.

Now, in the bright reflected glow of Challenge I, the Alumni Association of the University of Notre Dame is demonstrated to be a mature, integral, substantial part of the University and its life.

Our broad programs are rapidly achieving the proper goals of a distinct part of University life, an essential part of the Notre Dame pattern.

We need not put away or even regret the joys, the fraternal instincts, the enthusiasm of our past. Even then, a close look finds them surging around a maturity and a purpose that circumstances could not until now implement. Rather, we should mellow all these good and desirable qualities in the new plateau of a stature we will never again lose, a new breadth and depth that is in itself a new basis of promise.
Needed, among 1,500,000 books, a Notre Dame Collection

During the past several years, a number of alumni have voluntarily presented copies of books written by themselves to your Alumni Secretary or to the Director of Libraries. As the gifts were received, the thought kept recurring that someday when the University of Notre Dame had adequate facilities, a determined and purposeful effort ought to be made to begin a collection of books written by alumni of the University. The benefits of such a collection would be numerous, and one of the most meaningful would be the educational impact of this collection on the students of the University. Undoubtedly, it would also be a source of pride to the former teachers of the alumni authors.

One of the most delightful facilities of the new Memorial Library is the Treasure Room. It is beautifully and distinctively furnished. It has walnut paneling and wall to wall carpeting. It is quite proper that the Treasure Room is decorated in this manner because it will house the most rare and beautiful books and collections of the University libraries. The Treasure Room will also house the books of the Notre Dame collection. This collection will comprise books written by alumni authors, books written about the University of Notre Dame, and biographies of alumni. The books desired for this collection are not only books of fiction, but professional books and technical works, pamphlets, as well as manuscripts, correspondence, research notes or anything that was concerned with the writing of the particular work.

The efforts of the alumni are also solicited to bring other desirable library materials to the Memorial Library. Great libraries are the result of the attention and support of many. Perhaps, among the friends of the alumni, there are book collectors who could be persuaded to donate their collections to the Memorial Library. Furthermore, alumni who are attorneys can frequently counsel clients who have book collections to donate them to the University and take advantage of the tax angle. On the other hand, book collections can be donated to the libraries as a deposit and given to the library as an outright gift on the death of the donor, thus enabling heirs to claim a charitable deduction in the settlement of the estate.

The University libraries at Notre Dame are interested in books of all special fields regardless of age, because books in all areas are needed to build up the research collections of the University libraries. At the moment, the field of local Catholic history is of special collecting interest, and this would include all types of material such as anniversaries histories of churches, parishes, religious establishments, jubilees, etc. Nothing should be overlooked because the rarest book is sometimes found in a seemingly unimportant collection of books.

If potential donors cannot be approached directly, the administration of the library will be happy to make the contacts. Please contact, Mr. Victor A. Schaefer, Director of Libraries, for any further information about the Program of Collections.

CONVENTION WILL RETURN TO GRAND BAHAMA

It will be off again to Grand Bahama Island, to the new Lucayan Beach Hotel next year for alumni attending the Second Annual Notre Dame International Convention in 1964.

The convention is planned for April 24, 25 and 26. Plans have progressed to a point where convention officials expect to follow in the footsteps of last year's successful convention, held at West End, Grand Bahama Island.

The 1964 convention will be jointly sponsored by the Notre Dame Alumni Clubs of Miami, Fort Lauderdale and Palm Beach County. They offer an open invitation to every Notre Dame alumnus throughout the country.

Prices for the convention have been set at $118 per couple for three days and two nights at the smart resort hotel. This price includes round-trip air fare on Mackey Airlines from West Palm Beach.

Convention planners are pointing to an attendance of 500 for the weekend. They base their projections on the turnout of more than 250 last year, and the great success of the first international convention.

The committee has been assured by the 1963 University representative, Ed "Moose" Krause, that he and his lovely wife, Elise, will return in 1964 with a large contingent of Notre Dame alumni from the Midwest.

The 232-room Lucayan Hotel is an ideal location for the 1964 convention, according to the committee. Every room and suite in the hotel will overlook the water after completion in December. In addition to its beach-front location, there are canal ways, a lake, and a yacht marina adjacent to the hotel. An 18-hole championship golf course adjoins the modern hotel for use by convention delegates.

For further information on the upcoming international convention, write the Notre Dame Convention Headquarters, 100 East Las Olas Boulevard, Fort Lauderdale, Florida.
A Look at the 'New Look'
of the Board of Directors of Your Alumni Association

A s ballots are being tabulated for the election of four new members to the Alumni Association Board of Directors, it would be well to review the organizational changes and accomplishments of that dynamic-but-little-heralded body over the past few years.

The Alumni Board has become such an all-pervading influence in the affairs of the University and the Alumni Association that its presence is seldom noticed — an invisible force behind a tremendous mobilization of men, money and ideas in 30 scattered classes and nearly 200 alumni communities around the world. It is mentioned often enough in the usual president's letter on the back cover of the ALUMNUS, in the roster on the inside front cover, in editorials and columns and countless memos to club and class officers — but the work of its committees and the fantastic variety of activities in their purview are seldom apparent in the accounts of meetings.

For many years the Board met to consider the reports and recommendations of standing committees concerned only with problems of "housekeeping", or the internal organization of the Association. Even in recent years — in the administrations of Pat Canny '28, Mike Layden '36, John O'Connor '38, etc. — organizational matters were the principal consideration, although the problems were mounting astromically with the "population explosion" in alumni membership and the alumni clubs.

In these years, however, the Board took increasing cognizance of the identification of alumni with the University in the field, the need for the alumni to be informed of administrative policies and problems, and for the campus to be aware of alumni opinion and problems.

This awareness led to the creation of new committee areas and enlargement of the study areas of existing committees under Walter Fleming '40 and Ambassador William Mahoney '38.

Perhaps the best way to explain these changes is to call the roll of the committees:

**EXECUTIVE.** The Executive Committee reports on all matters of the Board's membership, organization and policy, appointing the other committees and recommending candidates for interim appointments to the Board. Its members are the honorary president (currently Ambassador Mahoney), the president (Oliver H. Hunter '43), three vice-presidents (John Dempsey '49, Patrick Dougherty '50, and William Fallon '37) and Executive Secretary James Armstrong.

It was this committee that recommended the changes recently adopted and described below.

**CLUB ACTIVITIES.** Under the Club Vice-President, now Mr. Fallon, this committee is concerned with the organization and activities of the alumni clubs, including the admission of new clubs to the system. The chairman also presides at Club Presidents Councils held at the University or regionally. He works closely with the Alumni Office staff and particularly with the Alumni Field Secretary, Thomas Kernan '55, whose appointment last year was the result of a Board recommendation.

**INTER-ALUMNI AFFAIRS.** A committee under the chairmanship of Vice-President Dougherty reviews opportunities for contact and cooperation with the alumni of other institutions, usually social, civic or intellectual activities on the alumni club level.

**PUBLIC RELATIONS.** One of the original standing committees, the Committee on Prestige and Public Relations was once principally concerned with the "image" presented to the public through the spotlighting of distinguished alumni and the high academic purpose of the University in such events as Universal Notre Dame Night. It underwent a "face-lifting" in the Fleming administration to catch up with current concepts of public relations, involving all facets of the University's operation — administrative, athletic, fund raising, etc. This involved consultation with many departments — the Foundation, Public Relations, Public Information and Athletic Publicity Offices — as well as with the Executive Vice-President. The recommendations of this committee were instrumental in a reorganization of the public relations apparatus under a new Vice-President of Public Relations and Development. Rev. John Walsh, C.S.C. The committee, now under Mr. Kernan, continues to oversee the public relations potential of U.N.D. Night, prominent alumni, etc.

A later report will detail the work of other committees — Religion and Citizen- ship, Nominations, Budget and Finance, and such new committees as those on Athletics, Academics and Student Affairs.

Three Notre Dame Men Cited at Convention
For Their Contribution to Newman Apostolate

At the recent national convention of the Newman Clubs of America, it is interesting to note that three Notre Dame men were singled out for their influence on religion in public higher education and made a prominent part of the program: Dr. George N. Shuster '15, not only for his service at Notre Dame but also for previous work as an author, administrator and college president; Archbishop Paul Hallinan ’32, of Atlanta, long a Newman Club booster and now a leading voice of the 21st Ecumenical Council; and Rev. Richard Butler, O.P. ’42, present leader of the Newman chaplains and author of a recent highly acclaimed book about religion on the campus.

Declaring that the Index of Forbidden Books has “little relation to the student mind today,” Archbishop Hallinan told delegates that the Index “may be changed, updated, modified or abolished altogether.

“Whatever the outcome,” he said, “it is to be earnestly hoped” that the decision will be taken in the spirit of Pope John’s opening address to the Ecumenical Council, in which he said that the Church today “prefers to make use of the medicine of mercy rather than that of severity” in dealing with error.

Archbishop Hallinan said the Index today “does not touch the university library on an intellectual plane. In fact, it does not touch anything at all on that level.

“The list of named authors and named books is largely unknown to today’s student, only the French novelists, certain English philosophers and a few other authors ever appearing on any college reading list,” he said.

“Even the proscription by categories does not concern the student as he looks over the highly pornographic content of the average paperback bookrack,” he commented.

Archbishop Hallinan said that if the Index “disappears tomorrow,” the duty to teach and foster truth will remain for Catholics.

“We must honor the scholar who honestly seeks truth in his field, whether he is on our side or not, whether we like him or not, whether he likes us or not,” he said. “Anything else is intellectual dishonesty.

“Our students must imbibe this respect for a scholarship from us,” he continued. “The Church did not suffer when St. Paul walked among the intellectuals of Athens, when Augustine urged his pupils to love intelligence, when Aquinas investigated the philosophy of the Arabian, or when Father Montini read the works of Thomas Mann and Bergson with his students.

“This is the vast burden that is ours, the task of consecrating the intellect to God,” he declared. “It is difficult today because, although there are more educated minds than a century ago,
they are not educated in the things that pertain to God.

"The good news of salvation has not had a good press. It would be a mistake to assume that all Catholic students have Catholic minds."

Archbishop Hallinan spoke of the need of awakening in the minds of students a "gaudium de veritate, the joy of finding truth."

"This will be a far more effective tool than the Index, because the Index did not touch sins against the mind, which is God's own created instrument for truth," he said.

He warned of a current tendency to "simony of the intellect." This form of simony, he said, is the temptation of the educated man to sell one's mind for sordid gain or for popularity or for the coin of mediocre achievement or the perversion of other minds."

The 1963 John Henry Cardinal Newman Honor Society Award was presented to George Shuster, assistant to the president of the University, for "excellence in Christian education."

In accepting the award Shuster, a former president of Hunter College, New York, said the Newman apostolate is "the most important in the United States."

Father Richard Butler, O.P., of Chicago, president of the chaplains' association, said the group will seek to emphasize unified action by the various groups within the Newman apostolate.

Father Butler voiced optimism in an interview over indications during the convention of "a marked transition from a past tendency of these Catholic students to isolate themselves and merely organize themselves as a mutual protection club.

There is sage advice on smoking in bed. There are in the "speaker's handbook, or "Best From The Farmers' Almanac" with discerning hoe, spade, and rake.

If anyone remembers the old Almanacs hanging on a string near the kitchen stove out at Grandpa's on the farm, he will remember the battery of information, and the bits of wisdom, humor, poetry and verse. In many a snowbound home, ye olde almanac took the place of nonexistent movies, radio and television.

Mr. Geiger evidently revels in putting the "Best From The Farmers' Almanac" together. We are convinced that you will revel in the reading of it.

—Vincent McAloon '34

BRIAN KELLY '33 sent this in to introduce his wife, the former Mary Louise Brelly of Brian's native Detroit. Under the stage name Laura Devon she has been stealing the "Richard Boone Show" as the femme fatale of the critically acclaimed repertory company on NBC-TV. Brian appeared with her on stage in "Toys in the Attic" and recently shot the pilot film of a new TV series entitled "Flipper," having starred in two "private eye" thrillers and some ill-fated pilots. He also corrected three misstatements in a recent article based on network publicity: his Class is '53, not '57; he had only one year of law school at the University of Michigan; and his only football career was on the Farley Hall intramural team.

"There has been more anxious discussion and almost impatient impulse to enlarge the scope of this apostolic work and take positive steps toward the restoration of Christian culture on our college and university campuses," Father Butler said.

He said the convention delegates manifested "a restless sense of urgency to go beyond the confinement of petty concerns toward a truly Catholic concern for the campus community, the civic community and the world community."

The Dominican predicted that the next 20 years will see a tremendous growth of the Newman apostolate. He said the Church in America "must face and deal with" the fact of half a million Catholic students now on secular campuses and the expectation that this number will rise to two million in the next two decades.
WHY DO I TRAVEL?

by FRANK J. McGINNIS, '24

The author, recently retired as an executive of the Ford Motor Company, has a new career as founder of "Words & Pictures," 3802 Crestlake Drive, Birmingham, Mich. He now tours the world producing color films and lecturing on his travels. He is now making bookings for the 1964-65 lecture season on two of his productions, "Glorious Greece Today" and "Europe's Fabulous Rivieras."

W HAT ARE the profits of travel?

I think Daniel, the ancient prophet, put it in a capsule when he said, "Many shall run to and fro and knowledge shall be increased."

FRANK McGINNIS and his wife Mary photograph the ruins of the magnificent Parthenon in Athens' famed Acropolis.

To me, knowledge is the great reward of travel; many kinds of knowledge. Travel gives you knowledge to check your dreams by, knowledge of the many beauties man has created.

For instance, in Athens from the top of your hotel in Syntagma square, in one sweep of your eyes, you can see both today's modern buildings and the incomparable Parthenon, built in 438 B.C., atop the famed Acropolis. For enduring beauty I'm sure you'll buy the Parthenon.

You will gain knowledge that makes the very rocks come alive when you find yourself sitting in the seat-prints of history. When we were in the Agora, meeting place of the ancients, our guide said, "You are sitting on the rock where they say Socrates drank the fatal hemlock." We arose with alacrity and a new respect for these rocks.

You learn of the origin of great ideas and how they came into being.

For instance, when we were in Olympia, site of the legendary statue of Zeus, they told us it was an ancient Greek named Philo who created the concept of the seven wonders of the ancient world. He created the idea because he was a publicity man and he was given the job of stimulating tourism in the eastern Mediterranean.

In Rhodes, that lush, semitropical, tourist's paradise, you see the beautiful medieval castle of the Knights of St. John of Jerusalem whose story gives you knowledge of the violent sweeps of history and the vicissitudes of men and nations. This "strongest fort in the world" was built by the Crusaders in 1389, successfully defended against the Turks for 133 years, lost to them through treachery in 1522, grabbed by the Italians in 1912 and completely restored at tremendous expense by Mussolini who wanted to make it a summer villa and tourist attraction, finally in 1948 awarded to the Greeks with the other Dodecanese islands.

Most of all, I've confirmed my belief that this is still a big, wide, wonderful world we live in and I am a very fortunate refugee from the rat race now able to seek out the interesting sights and sounds of the world and bring them back for the information and entertainment of my fellow Americans.

The Grotto at Notre Dame is a place of memories and prayers. The canopy of trees, digging their roots into the unhewn rock, is the proudest grove on the campus. And rightly so. These trees are a garland of green on a crown of rocks. They have lived up to all the beauty of Kilmer's poem . . . as all trees must. But these have done more. They have listened to May songs; they have watched flickering vigil lights; they have stood as silent sentinels while anxious prayers and burdened hearts lifted hopeful eyes to a Lady. The trees of the Grotto—if they could speak—would speak only in a whisper.

It's been a long time since that day in 1876 when old Father Sorin began work on the Grotto. The bearded black-robe had visited Lourdes in 1873. It was there he got the idea to build a facsimile of that famous shrine. In those days it was a small campus. Father Sorin chose for the Grotto one of the
most beautiful spots, a wooded dell within the shadow of the Church and the Dome. A natural mound leans down from the Church and leads to the lake. This mound was the spot chosen. That the choosing of the site of the Grotto was not a haphazard matter is shown by this excerpt from the *Scholastic* of August 20, 1896: "Just behind the Presbytery is a little wooded dell which has always been regarded as one of the charming spots of Notre Dame. For past years the pilgrims from Kalamazoo and Jackson have chosen it as a resting place after their long journey; it has been a favorite walk with visitors at all times; and during the spring and autumn those who live at Notre Dame seek it instinctively for the coolness and attractiveness."

Even though work on the edifice was begun in 1876 it was not completed until 20 years later. The delay was caused by lack of funds. It was largely through the contribution of Father Thomas Carroll of Oil City, Pennsylvania, that the work was completed. The Grotto was blessed on August 5, 1896 by the genial giant of Gettysburg, Father Corby, who was Provincial Superior.

Much has been written of this wonderful spot at Notre Dame because the Grotto is very much a part of every Notre Dame man. What comes to mind now is Doctor Tom Dooley’s last letter to Notre Dame. It was written in Hong Kong in early December of 1960. His cancer was acting up. They had him flat on his back with plaster, sand bags, and hot water bottles. The entire letter, written in pain, is worth repeating but I will quote only a few paragraphs:

"I realize the external symbols that surround one when he prays are not important. The stark wooden cross on an altar of boxes in Haiphong with a tortured priest . . . the magnificence of the Sacred Heart Bernini altar . . . they are essentially the same. Both are symbols. It is the Something else there that counts.

"But just now . . . and just so many times, how I long for the Grotto. Away from the Grotto, Dooley just prays. But at the Grotto, especially now when there must be snow everywhere and the lake is ice glass and that triangular fountain on the left is frozen solid and all the priests are bundled in their too-large, too-long black coats and the students wear snow boots . . . if I could go to the Grotto now, then I think I could sing inside. I could be full of faith and poetry and loveliness and know more beauty, tenderness and compassion. This is soggy sentimentalism, I know. Cold prayers from a hospital bed are just as pleasing to God as more youthful prayers from a Grotto on the lid of night.

"But like telling a mother in labor, 'It's okay, millions have endured the labor pains and survived happy . . . you will too.' It's consoling . . . but doesn't lessen the pain. Accordingly, knowing prayers from here are just as good as from the Grotto doesn't lessen my gnawing, yearning passion to be there."

**LAW ADVISORY COUNCIL**
Honorable William B. Lawless of the New York Supreme Court, '44L, has been appointed to the Law Advisory Council. He is a welcome addition to the Council.

**FAMILIAR NAMES?**
Our Alumni Office has just received the new Directory of the Indiana Priests Province, C.S.C.

One vivid reaction comes to me as I read it. On the site of the old Novitiate, north of the old Boat House, adjoining the new Moreau Seminary, is Holy Cross House, attractive sanctuary for those Holy Cross priests who have contributed their life-work to the Congregation, or whose further work indicates a need for temporary retirement.

Alumni frequently remark about the absence of familiar faces and names on the campus. Holy Cross House contains many men who are away from the beaten path, but whose footsteps shaped it, who are away from the pressures of their vocation, but never away from the traditions.

Among the men now living in Holy Cross House, you may find old friends who would add much to your Christmas remembrance, for example:

SUMMER LATIN AMERICAN APOSTOLATE CONTINUES; GRADING CHANGES, VARIED EVENTS MARK FALL TERM

The Council of the International Lay Apostolate is primarily concerned with the role of the lay apostolate in the Church. For the second summer in a row members of Notre Dame’s CILA spent the summer working in Peru and Mexico.

The work in these countries was very diversified as it ranged from such elementary chores as passing out bread and milk to the building of homes. Some of the boys taught classes, premedical students worked in clinics, and one student was even called upon to deliver a baby.

While spending most of their time working with the common people, the members of CILA had the opportunity to talk with political leaders, businessmen, and priests. It was generally agreed that this trip gave our boys a better insight into the problems of the area.

Measuring the success of such an adventure is an impossible task, but the members of the trip concede that it awoke in them a greater comprehension of our role and duties in society as Christians.

The academic council has at long last adopted the 4-point system conventional at most colleges and universities throughout the country. It was realized that as hard and as often as the University tried to explain our 6-point system to other schools there was still a great deal of confusion and misunderstanding. Graduate schools tended to read their own interpretations into our old system. To avoid confusion in the future the 4-point system is now in effect. Under this system a 4 is an A; 3 a B; 2 a C; 1 a D. To graduate a student needs a cumulative average of 2. The dean’s list level is now 3.25, and to graduate with honors you must maintain this average. To graduate magna cum laude a student must have a 3.5, and to graduate maxima cum laude he must have a 3.75.

Under the auspices of Professor Paul G. Bartholomew of the political science department, a mock Republican convention will be held on the campus. Since it is a foregone conclusion that President Johnson will be renominated by the Democratic Party, only the Young Republicans will have a chance to voice their preferences. Delegates from each of the 50 states will demonstrate as if this were the real convention. Of course, some of the states will come up with their favorite son candidates, but the leading contenders, on campus as in the papers, are Governor Nelson Rockefeller of New York and Senator Barry Goldwater of Arizona. With an air of conservatism on the campus, especially among the Young Republicans, it looks like Barry will be the choice of the Republicans on campus.

The weekend of Nov. 3 was Homecoming. On Friday night Father Hesburgh kicked off the festivities as principal speaker at the pep rally. Coach Hugh Devore and All-American end Jim Kelly also spoke. Later the Homecoming Dance, with the crowning of the Queen, initiated social activities. The traditional hall decoration contest, a pre-game parade and a concert by the popular New Christy Minstrels took place on Saturday. All these social events, together with the Navy game, had interest at a fever pitch as the big weekend drew near. Captain Bob Lehman, Tom McDonald and sidelined Don Hogan were among the other pep rally speakers keeping up the spirit and enthusiasm through a gruelling football season.

The Senior Trip this year was scheduled to take us to Michigan State, where for the last time in our four years we would challenge the Spartans. The senior class arranged transportation, accommodations, and a party with some of the coeds from MSU. From all indications almost the entire senior class planned on invading East Lansing, and it should have been a weekend that no one will soon forget.

And speaking of trips, over 100,000 college students were expected in New York over the Thanksgiving vacation, about 3,000 of these from N.D., as this was the student trip. Everywhere on campus you heard students asking one another if they planned on hitting New York for the big weekend. Of course, of primary importance was the game with Syracuse on Thanksgiving Day. But there was also the fascination of the big city. Hope all you alumni in the New York area remembered that the game begins at noon. See you there.

Connecticut Valley

The Club launched a busy schedule of fall activities with the annual Freshman Dinner in Hartford. Eleven new Notre Dame students from the Greater Hartford area were guests at the dinner with their fathers. An otherwise joyful occasion was marred by the tragic death of a twelfth new freshman, Edward M. Beiskey of Hartford. Beiskey was fatally injured in an automobile accident only a week before he was scheduled to leave for Notre Dame, and died the day of the Freshman Dinner. The club had a Mass offered for the repose of his soul.

Other events on the schedule include a possible joint snow game with alumni of the University of New Haven, so far just before the Syracuse-Notre Dame game in New York Thanksgiving Day.

The Club will also hold its annual Corporate Communion on the Feast of the Immaculate Conception. An innovation is planned this year. Club members, instead of assist at Mass and receiving Communion in the morning, will attend an evening Mass and then hold a Communion supper. It is felt that this way, more wives and other members of the family will be able to attend.

Columbus

On August 14 at the Christopher Inn in Columbus, Ohio, the Notre Dame Club of Columbus held a reception for incoming freshman students and their parents. After welcoming talks by Club President JACK DILENSCHNEIDER '53 and student president PATRICK J. FOLEY, the guests were entertained by the film "Notre Dame" and had a chance to quiz the student quarterback in the end zone for a pass-the-towel (toll) dance. A variety of tasty food was planned and served by Pat Sarb and LES BULI, junior, whose father FRANK R. BULI is an alumnus; David F. Cusack, junior, whose father FRANK J. CUSACK is also a alumnus; Michael S. Fischer, freshman; James H. Haney, sophomore; and JOHN MORRIS, who is a freshman, entertained the guests.

Here in the Springs, we are talking about the Notre Dame-Air Academy football game to be played in October of this year. It's justifiable, justifiable, more concerned with the present than the future, so that we will try not to generate too much enthusiasm until this season becomes history.

JOE REICH, JR., in charge of preparations for the annual Husband and Wife Retreat held September 19th at Rainbow Falls Park, deep in the Rocky Mountains. Further, in early September the Club conducted an honor event for the priests, faculty, and students from Colorado Springs at Notre Dame and their fathers. The students honored were Ed Price, returning junior; Scott Atwell; Thomas Buli, junior, whose father FRANK R. BUHL is an alumnus; David F. Cusack, junior, whose father FRANK J. CUSACK is also a alumnus; Michael S. Fischer, freshman; James H. Haney, sophomore; and JOHN MORRIS, who is a freshman, entertained the guests.

In September the Columbus Club held a Mass offered for the repose of the soul of Mr. Edward M. Bolzke of Hartford. Beiske was an alumni guest who bolted the alumni line at critical moments.

The Notre Dame Club of Dallas held its annual "Back to School Smoker" at Vick's Northlake Club on September 8th. The event was to give every one a chance to meet students now attending the University. Thanks to the good efforts of DON HARRIS, our Club's president, the members were entertained by the highlights film of the 1962 football season. It was a great evening with a crowd of some 50 persons in attendance. Projected for this winter will be plans for the winter dance.

Idaho

The Notre Dame Club of Idaho held its annual Summer Picnic at the historic ghost town of Silver City, Idaho. This town is located in the rugged Owyhee Mountains of Southern Idaho. During the 1800's and early part of this century, this area produced millions of dollars in gold and silver. During its live stock era, the area had a population of over 20,000 people, but at the present time there are only a few permanent residents of this old but still colorful city.

One of the area's most popular selections in the Owyhee County area. A fine dinline of the Idaho Club of Portland, Oregon, and the asep were away completely filled with this choice product of the West.

In attendance were approximately fifty alumni, their families, and friends. The attendance is indeed remarkable in that the guests must journey over some very rugged western roads in order to gather at this historic locale.

Kansas City

The 1963 Freshman Send-Off Dinner was held at the Black Angus in Kansas City, Mo. The new Notre Dame men introduced themselves and their fathers to the sizable group of alumni in attendance. The Class of '67 area representatives are as follows: DENNIS HOGGART, HUGH O'NEIL, ED HINKLEY, MIKE MARTIN, JIM NAGSEY, JIM KIBLAR, PAT FITZGERALD '52, and FRED MURPHY '52. The dinner was toped off by the showing of "The 1962 Notre Dame Football Highlights" film.

Guests included Guv Mackey, Jack Mollenkopf, and the Kentucky Club is mighty proud of him. Even in defeat, he and Coach Hugh Devore have brought活力 from the old ziz (or is it crunch?) back to N.D. football.

Congratulations are also in order for three club members who recently traded their wounded bachelor ways for that little gold band: JACK MUELLER '52, Jim Kibler, and Bill Sherman '58. Your correspondent has expended many eaks cheering the Big Green on weekends (and collecting and paying off on Monday morning) that he doesn't have much left for this column. Held in the main ballroom, the Lansing Room, the party welcomed N.D. alumni, students (Senior Trip), friends and well-wishers with band music, snacks and refreshments, plus guest speaker from the University.

The officers, President BERNIE MAYOTTE, Vice-President FRANK SIERAWSKI, Treasurer JIM ALFIE, and Secretary JOHN POWERS, held a ticket drawing at the November board meeting.

Lehigh Valley

Following up the successful U.N.D. Maine
The annual Notre Dame alumni family picnic for the State of Maine was held on September, 31 at the wonderful Camp Sebako, situated in North Sebago, Maine. This is the camp run by the Holy Cross Fathers, which has a beautiful assortment of camping buildings, main building, pavilion, infirmary, as well as a modern and up-to-date baseball field and water-front, so you can have many boats.

These facilities were turned over to the Notre Dame Club of Maine by FATHER HANNA, the director of the camp. He and his assistant FATHER Toste, plus a dozen seminarians from the North Easton Seminary, were most gracious hosts to the Notre Dame Club.

Although our State is widely scattered, we did manage to have out for the picnic the following alumni and students. Among the alumni were DON GRIEGES ‘51, PAL SCULLY ‘41, TONY SILVA ‘56, RAY GEIGER ‘32, JOE DOYLE ‘42, MIKE SALTER ‘49, plus a dozen seminarians from the North Easton Seminary, were most gracious hosts to the Notre Dame Club.

JIM MORSE and STAN TYLER, JR., together with JOHNNIE FREDERICK, BILL TARDANI and BRUCE BLOOM, combined with the beautiful summer weather and the green fairways of the Pontiac Country Club to make our annual golf stagg a delightful occasion for one hundred who attended, including PAUL HORNUNG.

It would have been incomplete without some representation from the University and Findlay having FATHER DURBIN, BILL EARLY and assistant coaches BRAD LYNN and DAVE HURL.

I haven't a chance to tally the financial score with our good Treasurer BILL TARDANI, but it should be on the plus side and provide a win for our scholarship fund.

Others in attendance who were recipients of prizes are as follows: ANGELO BERTELLI (closest to the pin on the 8th hole), GEORGE WEXNER and MILES KELLY (closest to the pin on the 5th hole, he threw it), GEORGE WEXNER, LEO COSTELLO, JIM VALLDRA, and JOHNNIE FREDERICK, BILL TARDANI, FRAN VITELLI, JOE CONLON, GEORGE WENZ and Myles KELLY spent most of the afternoon in the water or in the sand traps.

The Club’s outstanding fall function will be the Syracuse game rally and dance to be held in the Waldorf Astoria Main Ballroom on the evening before the game. There will be a cocktail party and dance after the game, with music by Frank Wahlendorf’s orchestra. Chairman BILL CUDDY and President ED FITZPATRICK have left nothing undone to make this a gala occasion. The Waldorf has set aside a Notre Dame registration and meeting room, where out-of-town alumni may list their temporary addresses and phone numbers and arrange for get-togethers with classmates. Special consideration will be given to all alumni who wish to stay over at the Waldorf. Peter Linch Hayes will M.C. the rally.

On July 15, 1963, the Club held its annual Summer Picnic and Swimming Party at the Community Swimming Club. LEE TADDONIO and DON BEBENEK, our pres., made the arrangements. The diversity of the couples who attended planned combined meals ahead of time, which helped take the load off the wives who took the children to the pool in the afternoon and waited there for bunny to arrive from work. It was a well planned, well attended affair which provided a relaxing and refreshing change on a hot July evening. I offer my doubts, however, that those who engaged in the long-to-be-

The Dowse Soccer team visited St. Louis during the first week of October for two games. In the first they met the finest college soccer team and defending NCAA champions, St. Louis U., and were defeated 8-1. This one goal is the only one

scored on St. Louis in six games so far this year.

Two days later they defeated Washington U. 3-1, first to the team during the rest of the season.

On Friday October 11th over sixty alumni and friends left for South Bend on our club's annual Football Special. A trip to Chicago on the Wabash, two nights at the Pick-Congress Hotel, and a bus ride to Notre Dame and back, all made for a very enjoyable weekend. San Gabriel Valley

On July 4, 1963, we held an old fashioned fourth of July family picnic. We had a marvelous crowd of Notre Dame families with everyone extremely enthusiastic and deeply interested in our patriotic theme.

Everyone enjoyed picnic lunches, swimming (including swimming games for the children), band music, and speeches given by the San Gabriel Valley Notre Dame officers, which included the Constitution of the United States, Gettysburg Address, and Declaration of Independence.

A very special thank you and deep appreciation goes to SID SENFEDEN for the use of his family’s property. We could not have had the success of this event. We are looking forward to other equally successful functions.

The Fifth Annual Closed Retreat was made the week of October 4-5 at the Immaculate Heart Retreat House, Moran Prairie, Spokane. The Retreat Master was Father Bernard Nolan, S.J., and the Club members in attendance were well satisfied with the exercises. It is to be greatly regretted that more members did not avail themselves of this wonderful opportunity for relaxation and restful relaxation amid ideal surroundings.

The Club is much pleased to note that ten young men from Spokane are presently students at the University. Included are the sons of JIM LYNCH ’40, and VINCE SLATT ’43. Also cause for gratification is four alumni on the faculty of Gonzaga University, Spokane, viz: GERALD BURGEM ’62; JOHN McDERMOTT ’62; RAY MURPHY ’62; and DR. REMI DUBUQUE ’53.

Plans are under way for the annual Communion Breakfast, which will be held on December 1st to avoid conflict with Holy Name Communion Sunday.

Triple Cities

The University of Notre Dame Alumni Club of the Triple Cities held an Alumni — Father — Student Mixer on September 4 at Lou's Restaurant in Johnson City, Pa. Those attending enjoyed the Football Highlights of 1949 movie. The group was disappointed that the scheduled featured speaker, PAT FLEXY, assistant athletic director at Cornell University, who captained the 1943 National Championship and 1944 Notre Dame football teams, was unable to be with us due to illness. Pat has assured us, however, that he will join us for a future event.

Highlight of the affair was the unexpected presence of the Rev. FRANCIS H. J. HARRISON, C.S.C., Class of 1933, Father Harrison had just arrived in Binghamton that day to assume his duties as pastor of St. Patrick’s Church and head of the Catholic Daughters of America, Chenango and Cortland counties. Within a few weeks of his appointment as pastor, Father Harrison was named by Pope Paul VI to the honorary rank of domestic prelate and a member of the Papal household with the title of Right Reverend Monsignor.

Toledo

Newly selected officers were announced at the club’s early summer (June 6) celebration of University Notre Dame Night. They are: JAMES SILK ’54, president; JOSEPH JASINSKI ’54, vice-president; BILL THEES ’57, treasurer; and TOM QUINN ’56, secretary.

The evening’s varied program was highlighted by the presence of Dean WILLIAM BURKE, who spoke on the new “Freshman College” concept at Notre Dame. Gridiron star DARYL LAMONICA also informed the Toledo Alumni of the 1963 football prospects under Coach HUGH DEVORE.

A June wedding this year seems to be a prerequisite for holding the office of Toledo Club president. On June 8th incoming presy, Jim Silk, was married in Toledo, and on June 22nd the outgoing president, HAROLD "JOE" KALBAS, ’56, was married in Chicago. Two other Toledo June weddings were those of MARTIN MCGAULEY, ’56, and JAMES ROSE ’57. Both were on June 20.

Chairman DICK TORDA reports a large turnout for the club’s annual golf day held August 17. GEORGE SCHMIDT won low gross awards, while low net honors went to PAUL KRAUS. He received a trophy for the longest drive. JIM MALONE held the dubious honor of high score.

Plans for the fall called for a Smoker, September 10. Treasurer BILL THEES is chairman of this Alumni event honoring all incoming Notre Dame freshmen and their fathers.

We had a Dinner Meeting October 10, at which we planned the remaining activities for the year. We planned to participate in a College Career Night, October 25, with a "Husband and Wife" Dinner November 21; a Communon Breakfast on December 8; and a High School Football Introductory Day so that this coach can meet someone from the Notre Dame coaching staff.

Fifty-five years ago, GEORGE CUTHSHAW was playing an ND baseball team that wound up with a 20-1 record. Forty years ago a ruptured appendix forced George into retirement from Glen Cove's Detroit Tigers after service with the Brooklyn Dodgers and Pittsburgh Pirates as an infielder.

A retired grapefruit rancher in California's Imperial Valley, he spent the summer touring the U.S. with Mrs. Cuthshaw, visiting former (and famed) baseball baddies and also the ND campus. "I've been back many times, but I've never seen it changed so much. All those new buildings are really something," he said. "And South Hall — we must have made it a holy place. They've even got men staying there for summer school." The visit was ended by a return passowm with Coach JAKE KELLY.

Since locking up the August-September column back in June, we have had sad tidings of some grave losses on the seminarian roster. Probably the first and oldest alumnus in Battey, Mont., Dr. RICHARD C. MONAHAN, '98, died in August. First practicing as a physician and surgeon in Chicago, Dr. Monahan moved to Butte in 1903, was a confessor and early president of the ND Club of Montana and State Republican Chairman for many years. Sympathy to his family, especially DR. JOHN MONAHAN, '35, his son, in Ekalaka, Mont., nearby.

A third lawyer, JAMES D. JORDAN, '07, died in late August in Scranton, Pa., where he had been a lawyer for many years. Jordan was remembered for his work for the St. Edward's College in Texas, for his nine children, including R. ALAN JAMIESON '50 and 23 grandchildren.

We'd also like to console JAMES A. DUBBS, '06, on the death of his brother JOHN W. DUBBS, L.L.B. '03, in Mendota, Ill., back in April. Reported to the office months ago, it was delayed somehow in reaching this department. Besides his brother, his widow and a daughter, Mr. Dubbs left four alumnae (JAMES '32, JOHN JR. '39, JOE '40, JERRY '43) and one graduated grandson, PAT '50.

"At the time Sam was at ND, his brother, BERTRAM EDWARD SORIN NUSBAUM, was in the Minis. Sam was prominent as a track athlete and also as a pianist. He left ND to enter the University of Leipzig, Germany, where he spent 10 years as a piano student in the conservatory. While there he married a fellow student, Miss Alice Smith, of New Haven, Conn.

"Completing his studies at Leipzig, Sam, with his wife and two small children, returned to the United States and for a time resided in Chicago. They then went to Marion, Ind., where Sam and an older brother, PERRY L., founded the Marion Conservatory of Music. In a few years this institution took the name of the Union School of Music, on the Middle West and numbered the famous Cole Porter among its students.

"In the years before his eyes became affected to such an extent that blindness was narrowly averted. He and his brother gave up their careers and moved to a farm he owned near LaPorte. Eventually his sight was restored and he went to Chicago where he opened a private piano studio. Despite the fact that he had spent the greater part of his life in the pursuit of music, it suddenly pulled on him; he closed his piano and entered the insurance business, in which he became highly successful.

"He was always loyal to ND and could spend hours telling younger men of the University as he had known it. From early boyhood he was a favorite of the late PROF. JAMES F. EDWARDS and a close friend of the late BROTHERS ALEXANDER, LAWRENCE and ALPHONSO, G.S.C. He had known the last as PAUL SWEET, a fellow student in Carroll Hall."

Mrs. Nussbaum died before her time, Sam is survived by his daughter, Mrs. Dayton Brown of San Diego, and a son, Hamilton Jr. He was 95 years old.

WILLIAM J. CUSACK, who since 1923 has been practicing law in Los Angeles, California, writes that he expects to be on hand for the 50th reunion of the Class in June of next year, though if the football season had not played Stanford in California we should not have been surprised to find him at one of the "Cal" games here this past year.

Bill and Miss Elizabeth Gentle were married in Washington, D.C. in 1922. They have two children, ages 13 and 9.

The above photo of him was taken from a passaport of last July, but Bill doesn't tell us how much potato chips he has eaten on the globe he has done.

Recently, when we heard from FRED GUS-HURST who wrote from his home in Denver, he was too much engaged for us to have a story of him. But we have heard of his famous passes it might have been Fred Gus hurst doing the receiving instead of Rockne. But Fred does modestly remark that "after all it was our Class which put Notre Dame in the national spotlight."

After graduation from Notre Dame he returned to his home town of Lead, S. D., and not too long after that, married Teresa Garlock of Cotter, S. D. For a while he helped in his father's mercantile business and then became an insurance salesman in the army was athletic director for the South Dakota School of Mines for a few years.

In the meantime he was engaged for several years in the manufacturing business and finally ended up by operating a bowling center. It is said that in his younger days he was a member of the teams in the Army and was athletic director for the South Dakota School of Mines for a few years.

I addressed a letter to all known living members of the Class of 1915 at Notre Dame. One purpose of the letter was to establish contact, if possible, with all living members. Another purpose was to attempt to arouse some interest among my fellow alumni in the forthcoming Golden Anniversary of our graduation—June 12-13-14, 1965.

The address was mailed in July, 1965, so as much as might be expected, some of the letters were returned unclaimed for want of a current address. One was returned to REV. STANISLAUS KUSZYNSKI, C.S.C. It is possible that this information may have come to me from some other source. (Reported in 1960. Ed.)

I had addressed a letter to RAYMOND JOHN SULLIVAN at New Hampton, Iowa. His son, T. J. Sullivan of Montana, informed me that his father had passed away in November, 1961.

I was agreeably surprised to receive a letter from HAROLD D. MADDEN who lives at 7123 Silvercrest Drive, Cincinnati 36, Ohio. He brought to my attention that despite the fact that he has always been known as Harold D. Madden, the records at Notre Dame carry him as Daniel H. Madden.

Harold informed me that he has five children, 25 grandchildren. His youngest son Bill has a Ph.D. from Michigan and received an AL at Notre Dame. He is with the University of Illinois. One purpose of the letter was to establish contact, if possible, with all living members of the Class of 1915. All, I am sure, know that he is back at Notre Dame.

A letter from LEXNOX F. ARMSTRONG states that his residence address has been changed from 1122 Forest Avenue, River Forest, Illinois, to 203 So. Emerald Drive, Elgin, Illinois. He stated further that he is "still active in business, not tired."

A cheerful note from JOHN A. WELCH, Circle Tower, Indianapolis indicated that he is "proud of the tremendous growth, physical, moral and in the University." He stated that he will see you in June, 1965.

Our good friend and fellow alumnus, JUDGE RAYMOND J. KELLY sends word that he is retired from the practice of law for over a year but even so he did handle one real big case which was completed last March. Since then he and his good wife "spent three months vacationing in Europe and Africa (10 days in Ireland)."

He assured me that he would try and contact members of the 1915 Law Class and encourage them to join their classmates on the Campus in June of 1965. Judge Kelly now resides at 18073 Fairfield, Detroit, Michigan.

Letters addressed to the following members of the Class of 1915 were returned unclaimed: EDWARD G. GUSBURST, M.D., JOSEPH J. HEALY and DAVID M. LIPPEATT. Will anyone knowing the current address or having information about these men, please communicate with the Class Secretary. All alumni should keep in close touch with the University and be aware of its tremendous growth and development. These are exciting days in the history of Notre Dame and every alumnus will want to share in them in full measure.

GEORGE WAAGE, Circuit Court Judge, 3305 Wrightwood Ave. Chicago 47, Illinois.

We owe thanks to CHARLIE CALL for Golden Jubilee Class stationery. As yet we have not thanked him for it.

As for my trip west, I'll try to mention all those whom I contacted. Let's admit that I personally got more out of it than I put in it.

Going west, I missed Minneapolis—therefore did not contact JAMES A. STARK at 546 Columbus Ave. At Spokane I tried to reach THOMAS D. MOTT, Jr., 511 Summer Ave.; had no luck via phone, but left word requesting him to write.

Schenevtady — Principals for Universal Notre Dame Night included (from left): John F. Hurley '37, president of the Schenectady ND Club; Rev. Louis Thornton C.S.C., '29, guest from the campus; ND Man of Year and Mrs. D. Vincent Ceritto.

THOMAS A. HAYES, one of the "Hayes boys" mentioned in the 1917 column among the Fort Wayne Central Catholic Class of 1913, has more story than his law practice and Internal Revenue Service work in Grand Rapids, including an alumnus son, THOMAS A. HAYES, JR. '54.

From the Alumni Office:

The Fort Wayne, Ind., edition of Our Sunday Visitor recently carried a nostalgic story on the 50th anniversary of the first graduating class of Fort Wayne's Central Catholic High School, seven boys who debated the question of women's suffrage in Indiana. "Women in the state can be ever grateful for the outcome. It was affirmative and a Constitutional Amendment followed some years later."

Though relatively few normally went on to college after high school in those days, Central Catholic's first class must be considered unusual.

JIM HAYES, TOM HAYES, JEROME MILLER and EUGENE O'CONNELL all went to the University of Notre Dame. Both Hayes boys became lawyers. Jim was connected with the Veterans Administration in Washington, D.C. and at one time took care of Franklin D. Roosevelt's tax papers, among other things. Tom Hayes ('16) was with the Internal Revenue Service at Grand Rapids.

Jerry Miller, who was in sales work here for many years, is now deceased. He was a close friend and football star GEORGE GIFF while at Notre Dame. Eugene O'Connell was a professor at Notre Dame at the time of his death a number of years ago.

At San Mateo, California, with the aid of the police, I reached BREEN MCDONNELL via phone, as he is not listed in phone books at the given address.

In Olympia, Wash., I contacted the old Hardliner himself—E. M. STARBUTT. Had a very interesting conversation and he was still enjoying the best of health. He promised that he would write and I imagine you have heard from him.

Must have overlooked LOUIS HELLEST at Portland. I'll blame Starrett for that—as he couldn't have had me call him. In Denver I contacted quite a few of the fellows. Missed DR. RENE RODRIGUEZ, as it was a holiday, but I left word I'll try again as he once as active, but he sure is looking good. This guy JAMES L. SWEENEY—maybe a little older—is the same genial guy he always was. Planned him and had to wait so that he might pick me up and drive me around Denver to see its night lights. In the morning he called for me and we went over to Hanlon and from there to his home to meet his charming wife and family. It's a holiday, but count it a real bonus. I left the Hanlons and have the reputation of being a 'em' and I'll state that he still is. Sweeney came out west to overcome an illness and he sure has—looks great and has a family and grandchild.

At Council Bluffs I phoned ED MCDONNELL. He stated that all that he was noted for around school was that he stayed at Carby and his roommate was a quarterback named Larkin. Promised he'd write. Had to phone the javelin thrower CARLSTON D. BEH. You do and you'll get a command to come right over to the Beh Building, center of town. You may have to get fingerprinted before they let you in to see Mr. Big B., but once in—the place is yours. We had a very nice and interesting bull session. With coffee right in the office, Carlston looks great and the two sons working with him are real chips off the "Old Man."

In Rock Island, Ill., I called GEORGE E. HARRINGTON and that was a comment to wipe where he was until he picked me up. That was the start of an enjoyable evening with him and his wife and dinner out on the town. He told me to be sure and call SHERWOOD DIXON as I had to go through Dixon to reach home. I called his office but he was out of town. Checking the phone book—wood, sent to me via BILL BRADBURY as Dixon did not have my address, and I have yet to answer his letter. In Chicago I made a note in my way to see George Harbert—who I have learned is another camera nut.

That's about all that I have to write about my trip west—other than that I made over six thousand miles getting around twenty-seven miles per gallon of gas with no tire trouble. I did replace a
clutch first day out. Other than that no trouble with the car (Falcon).

From the Alumni Office:

Circuit Judge ALBERT S. O'SULLIVAN of Rockford, Ill., was recently selected as chief judge of the 17th Judicial Circuit, covering courts in Winnebago and Boone Counties. As chief judge under a new judicial article, Al has general administrative authority in the courts, subject only to the Illinois Supreme Court, beginning next January. He was elected unanimously for the job by his fellow circuit judges.

A card from MORRIS STARRETT, Olympia, Wash.: "Chipper miler GEORGE WAAGE was in to check upon us on route to San Francisco via Portland's BILL SCHMITT and U. of F., to see SLIP MADIGAN, JIMMY PHELAN, etc. . . ."

P. S. George's editors are proud of the best reporter in their organization, peers and superiors alike, Egan was to the point when he was editor of the Commercial Appeal.

The answer is apparently in the negative to Hilligarter's question. "Are you related by chance to a DANIEL J. DUFFY who was in Carroll Hall about 1912 or '13, and whose father was a Chicago police captain? I was on the campus from 1909 to 1917, when I got a degree by parcel post at Fort Sheridan, Ill., First Officers Training Camp, World War I."

Another grandclassmate has been summoned to his reward: this time God beckoned JOHN P. "TUFFY" HART of 1200 Rossmore Avenue, Cincinnati, Ohio, who died on June 29 of a heart attack. The information was furnished by a son—EDWARD G. HART '33, President of the Commercial Service Co., 740 St. Francois Street, Florissant, Missouri. For many years, John was affiliated with the trucking industry in an official capacity, being stationed mostly in the Cleveland, Buffalo, and Cincinnati areas. John was always a great favorite among his classmates because he was so sincere and friendly to others. He attended most of our reunion gatherings in the past including our most recent 40th Reunion last year. At future class conclaves, our beloved "TUFFY" will be very greatly missed. Our deep sympathy and prayers are offered to the widow, beloved "TUFFY" will be very greatly missed. Following a highly successful 40th reunion last June, the Class of '23 is embarking on the next phase of an almost completely new administration. A slate of officers submitted at the Reunion by a nominating committee was ratified by the
CHARLES A. CONLEY '33 and family (from left, Mary Helen, Chris, Marty, Mrs. C.) among the thousands of Notre Damers who visited the Father Corby memorial on the Gettysburg battlefield last summer. For Charlie it was one of several trips as a member of Philadelphia's Gettysburg Committee. He also visited the replica on campus at last summer's Class Reunions.

From the Alumni Office:

The summer is gone at this writing, and we are building a new home on the River Road in Maumee, Ohio, and they will have been "at home" to their classmates in October. I ran into Ray and Margaret Farkas in New York, as my "better half" and I plan to take in all these games, "God willing."

BEN KESTING and I were senior citizen golfers at a recent golf tournament the Toledo Notre Dame Club held at Heatherdowns Country Club. We won't talk about our score, but we did have a good time.

I understand that DON MILLER is going to be "fired" as a "bribe" in a third time in the last few years. The "father of the bride" for Don is old stuff. Speaking of brides and grooms, Mr. and Mrs. RAY TILLMAN

From the Alumni Office:

* Stockbroker AL McGANN really joined the "big time" in the Democrat company, South Bend's Albert McGann Securities Co., Inc., merged with Bach & Co., second largest investment company in the world. * I was also sorry to hear from the Alumni office that HERMAN CENTLIVRE's wife passed away. I would like to extend the sympathy of the class to Herm and his family.

From the Alumni Office:
Reprinted in the article "Want to Be a Real Pro?" in a recent Reader's Digest were the words of "extraordinary achievement" selected to receive the "most important person" award for a member of the Alumni Club for Catholic Women. Howie, who is Vice President of Field Enterprises, received the V I P award in the field of arts and letters.

I met JOE KINNEY and his wife early one Sunday morning in August as I was changing planes at the Columbus, Ohio airport and had the pleasure of having breakfast with them. Joe is U. S. Attorney for the Southern District of Ohio. Joe mentioned that he and his wife enjoyed our 50th reunion. VINCE CARNEY and his son spent a few days with us on their way to Europe this summer. I visited JUDGE BILLS, a member of the United States District Court for the District of Columbia in August in Washington, D. C. His daughter Barbara is now with Senator Mansfield as his appointment secretary. The following day, I marched with my son Tim from Chicago in the August 28th March on Washington. I had lunch with BILL MURPHY of Chicago who was in New York this summer on business.

It is a pleasure to continue to receive letters from classmates concerning the success of the 50th reunion.

At DR. BERNIE CROWLEY put it in a letter from Wichita, Kansas, "Our 50th reunion was wonderful, too much fun, too little time, but I enjoyed it as well as I could not the 25th." I have even heard from friends in other classes about it. For example, JOE TOOK, a member of the Alumni Association Board of Directors, wrote that word had reached him of the fine party put on by the Class of '28 and that when he was at Notre Dame the example, TIM TOOMEY, a member of the Alumni Association, wrote to me a copy.

I hope others who took reunion pictures will send me a copy.

I noted several classmates listed in the June 30 progress report on the Notre Dame Challenge program. Chairman TED McINTYRE achieved the record of obtaining 450% of his special gifts quota in Allentown, Pa. Other, '28 men who did good work at Chairman are J. WALTER KENNEDY '34 leaving an unprecedented $300 fine against his friend Red Smith on being a writer: "It's easy. I just sit at my typewriter until blood of form on my forehead."

Among Red's many entertaining recent columns was one on our New York airport and had the pleasure of having breakfast with them. Joe is U. S. Attorney for the Southern District of Ohio. Joe mentioned that he and his wife enjoyed our 50th reunion. VINCE CARNEY and his son spent a few days with us on their way to Europe this summer. As a fitting climax to thirty years of devoted public service, Donald J. Corbett was recently appointed Commissioner of Public Safety in Rochester, New York. This office is one of the highest positions awarded in the city administration. Among its various duties is complete jurisdiction over the entire Police and Fire Departments.

Don entered Notre Dame in 1924 and was graduated with an A.B. degree, cum laude, four years later. Graduated from Albany Law School in 1930, he was admitted to the Bar on January 21, 1931.

He was elected a member of the New York State Assembly from the Fifth Assembly District of Monroe County (Rochester) for two years in 1934 and 1935. He is the only Democrat ever elected from that district since 1913. Don was a member of the Joint Legislative Committee which rewrites the Highway Law in 1935, and he also ran for the U.S. Congress against James W. Wadsworth in 1935.

Corbett served from 1937 to 1943 as the Assistant Attorney General in Charge of the Rochester Office of the Attorney General, which embraced ten counties in the Rochester and Southern Tier area. He has been a practicing attorney in the city of Rochester for twenty-five years and has always been active in civic affairs, particularly the Boy Scouts. He is a past chairman of the Bishop's Catholic Lay Committee on Scouting.

Don is father to four sons and a daughter. The two oldest sons, Don, Jr., and Richard, are Notre Dame graduates of '58 and '60 respectively, the latter as president of his class.
and ROBERT, senior and freshman at Notre Dame. The boys said they would look for my son Clint, freshman, when he caught the same train at Harmon.

"The Class of '28 says V. P. for the West, ART CANTY, attorney in Los Angeles and Prudential associate, says he goes to NYC on business at times but he and his friends and associates there. And JOE LANGTON, our new treasurer, missed our Oct. 12 party to see his daughter married in St. Louis. It was, on the rare occasion when parents can visit the Convention."

"GENE FARRELL, editor The Jersey Journal, plans to attend our dinner party courtesy, enthusiastic about the 28 plans for a Thanksgiving cocktail party in NYC. Gene was going to Georgia to be the official escort for a lady present at the dinner who wants him to invite her to the Columbus Day parade in Jersey City."

A number of '28 men and their wives and children gathered on October 12 following the Southern California game victory at our 8th annual 28 Class Game. Following the game of the University of Southern California, ALAN, LOU BUCKLEY, NEIL AMIOT, JOE DORAN, DEAN DEAN, JOE HILGER, JIM CONWAY, BILL DOWTER, FRANK HINMAN, MURPHY, ED McKEOWN, HOWIE PHALIN, QUINTIN WILDEMAN, ART ZIMMERMANN, JOHN RICHARD, BERNIE SCHUH and VINCE WALSH. It was the first time that QUINTIN WILDEMAN had returned for one of our cocktail parties and the Pennsylvanian from Sayre, Pa. FATHER MICHAEL MOLCAIRE joined us at the get-together following the game.

JOE HILGER and FRANCIS MEYER took pictures of the group which we hope to get to you eventually. You may have seen the pictures of JOSEPH WALTERS for the picture mailing announcing the Cocktail Party. FRANCIS MEYER brought along some excellent slides and photographs which we had taken at our 35th reunion.

The October 13th South Bend Tribune carried a picture of the Class Reunion committee for National Distillers and Chemical Corporation in New York City.

FATHER MARK FITZGERALD, director of the industrial relations section of the University of Notre Dame's department of economics duties on the University planning committee for the ninth national conference of the U. S. National Commission for UNESCO.

MONTY J. TENNES died on September 19. He was the managing director of the Indiana Belt Company in Downers Grove, Illinois, and an officer in the Air Force during World War II. Monty was a '28, was married and has two daughters. HOWIE PHALIN represented the Class of '28 at the wake. Our Treasurer, JOE LANGTON arranged for FATHER ANDY MURKAN to offer a Mass for Monty.

The sympathy of the Class is extended to JERRY DeCERESCO whose father died on October 3. From the Alumni Office:

MRS. MARGARET ALEXANDER, '28's only child in the family, has been in demand as a speaker since she won the 1953 NCCJ Brotherhood Award. A board member of NCCJ, Margaret is retiring after serving as active career as a teacher and principal of South Bend's St. John School.

Congratulations to HOWIE PHALIN in joining FR. PAT PEYTON, C.S.C., for two of the 12 VIP recipients of the 1963 National Arts Awards from New York. Saturday's events held at the Waldorf Astoria Hotel. Howie won the arts and letters citation for his work with Field Enterprises and Father Pat took a religious award.

FR. MARK FITZGERALD, C.S.C., industrial relations expert in the N.D. economics dept., was one of the personnel who attended the conference of the U.S. National Commission for UNESCO in Chicago's Conrad Hilton October 23-25. Last spring, C. E. lasers were purchased for the University. Father's name erroneously appeared in an article in a local paper.

"JOSEPH E. KEEFE recently sent a dipping to your office. His son John attended your Oct. 12 dinner at Home."

The story tells about Joe's son, LT. JEROME F. MONTY J. TENNES, a member of the 1928 Class. He was a career officer in the Navy and worked for Uncle Sam's WPA in various capacities. Joe was going to Genoa to be the official escort for Mrs. William Hope and his wife Kathryne to the game while traveling with relatives. Their daughter Sheila M. is secretary to the vice-pres. of the N. Y. Worlds Fair Corp., Gen. Potter, former governor of the Panama Canal Zone.

RAY BRENN and wife Ethel attended the Oct. 12 party en route from home (Cleveland) to California. Their daughter Norren took her final vows as an S.D.B. last August. She was Sister Mary Luise Doran, a teacher at Canton, Ohio's St. Peter's School. Her sister, Patricia, teaches in Brunswick, O. Another sister, Sister Mary Louise, is a teacher with the Columbus, Ohio's Columbus Catholic Schools. Ray was back for the 25th reunion and plans to return in June.

We extend our sympathy to Mrs. Joseph J. Woz­nicki, Sr., 800 Aberdeen St., Akron 10, O., on the death of JOE WOZNIAK who died August 4. Your secretary roomed next door to Joe on Howard St. in 1938.

ROBERT A. BUST died April 3. His son Robert A., Jr. receives his mail at Box 1113, Redmond, Oreg. We relay the sympathy of the Class to him.

Others in South Bend, Oct. 12, include BOB and Virginia VOGELWEDE, BILL and Ann CRAIG (we will tell you more of them in the next issue), JOHN and Mary COLANGELO, JOHN and Dorothy DORGAN, JOHN and Betty CUSHMAN, FRANCIS MCAINNY, LOUIS NEIZER and no doubt others we fail to recall.

One last item, an erratum to an erratum: GENE GALLIBNIN's address is 4821 Washington Blvd., Indianapolis. Gene has not been in Milwaukee for several years.

From the Alumni Office:

JOSEPH E. KEEFE recently sent a clipping to show that "one of your graduates is trying to cement good relations with the South Koreans." The story tells about Joe's son, LT. JEROME E. KEEFE '62, and his efforts as a liaison officer to teach English and Americanism to the people of Korea.

FR. CHRISTOPHER J. O'TOOLE, C.S.C., former superior general of the Congregation of Holy Cross, is now superior of C.S.C. priests in Texas with headquarters at Austin's St. Mary's Cathedral.

BOB McGOLDRICK '52 (left) joined ND's Carl Yastrzemski and Miss High School of Connecticut to present Yaz with a picture of the campus in recognition of his baseball achievements while working toward a college degree. The gift was made in Boston on the occasion of "Connecticut Day in Fenway Park."

FATHER TONY WEBER, C.S.C., even though he is busy rebuilding Holy Family Hospital in Vijlaka, Uganda, East Africa, where he is chaplain to the Medical Missionary Sisters; busy preparing conferences and rebuilding a retreat house for the Holy Cross Missionaries; still finds time to do some farming at Lake Albert. Father Weber said, "In all of my years of missionary work, what has impressed me most is the wonderful generosity of my friends back home. They have been my greatest blessing."

An article about RAY GEIGER, publisher of Madeleine Geigemore's Almanac, appeared in the August issue of The Catholic Digest. On the home front, Ray rented a billboard to proclaim to all: "Join with the Lewiston-Auburn Umdists, by witnessing this declaration. . . . Thank you, Ann: for fifteen wonderful years; for five excellent children; for patient understanding; for helpful appreciation of my busy schedule; for the truly Christian home you have provided for us. Devotedly, Ray. On the fiftieth wedding anniversary of Ray and Ann Geigemore, Sept. 25, 1963." Paul Harvey repeated the message on ABC Radio. Just imagine either wives being content with a mere card or gift after hearing of the public tribute Geigemore paid to his wife!

NCWC's JOHN E. RYAN has been keeping us posted on things happening to N.D. men in the Washington area and by sending us newspaper clippings. Many thanks, John.

ED ECKERT, just back from one Reunion, now has to face up to a second one. His wife Carolyn will be taking active part this fall in her 30th Reunion at the College of St. Rose, Albany, New York. Ed's second son Jack, and his junior golfers at the East, just entered St. John Fisher College in Rochester as a freshman.

The University, through JIM ASTRONG, has accepted a bequest on behalf of the Class of 1933, solicited in connection with our X'XX Reunion. The University is to use the principal of the bequest to perpetuate an annual Memorial Mass for the deceased members of our Class. Annually on December 31st of each year, a Mass will be said at the University for all deceased members of the Class and in particular, those who died during the expiring year. This year December 31st is Tuesday. It has been suggested that the date and the reminder of the Memorial Mass be given advance notice to our class columns so that those who live at home might be able to join in the Memorial by attendance at Mass in their local community on the same day.

The following list of members of the Class of 1933 who have died during 1963: AUSTIN SULLIVAN, HOWARD FISCHER and EDMUND MICHAEL O'DONNELL, LL.B. In an obituary notice appeared under the title: "Tragedy crept into our Reunion weekend. While LEO HODEL was at the Reunion, his wife, Katherine, met with a tragic accident arising out of a fire in the family home in Evanston. Mrs. Hodel died at the St. Francis Hospital in Evanston Sunday morning, June 17, 1963, as a result of 3rd degree burns. We extend our condolences to Leo and his family.

The weekend following the Reunion, Sally Eckert, the daughter of ED ECKERT, our Class president, was married in Loudonville, N. Y. Father JIM DONELLY was at the altar for the wedding Mass. JOE CLARK from Poughkeepsie joined the Hoyts for the wedding.

FATHER CHARLES KUIPER of Philadelphia was very active in the successful celebration of the Centenary of the Battle of Gettysburg. Congratulations to him and to those who worked so closely with him on a job well done.

The only surviving dignitary who presided at our commencement in June of 1933 is FATHER CHARLES E. COUGHLIN, Pastor of the Shrine of the Little Flower at Royal Oak, Michigan. On the anniversary of our 35th class was Father Coughlin very graciously said a Mass for the parents of the members of the Class of 1933. His moving and touching letter to the president of our Class was read at our Class Dinner. It bears repetition here, especially for those who did not have the good fortune of returning for the Reunion, Father Coughlin wrote: "In the intervening years maturity and success have come to most of us, together with an immeasurable fund of grace which, I trust, all of us will acquire from holding fast to the principles taught to us by our parents and our spiritual guides at Notre Dame.

"On this day, therefore, may the Holy Sacrifice of the Mass be offered for those parents, many of whom have gone to their reward, while others have grown old gracefully in the service of God and country.

"May you gentlemen determine to make a magnificent contribution to Church and State as glorious as that which was made by your fathers and mothers before you!"

Father KUIPER's note has come in from TOM SEXTON from Chicago stating that he enjoyed the Reunion "immensely."

JOE BUSHER, treasurer of Sensrow Products, writes that Sensrow is expanding and now owns Radio Broadcasting Station WNMP at Evanston.

A recent report has reached us that PHIL FAHERTY was unable to attend the Reunion due to a fatal auto accident suffered by his father on the eve of the Reunion.

To those of you who may have the occasion to travel through New England, Father FRANK GARTLAND, C.S.C., extends a cordial invitation from the Holy Cross Seminary at North Easton.

EUGENE R. RAU, '33

After the Moles, Back Digging Holes

Winding up his term this year as president of The Moles, association of the outstanding heavy construction contractors and engineers in the U.S., Gene Rau of Westfield, N.J., has gone back with a vengeance to his first love — heavy excavation and construction — as executive vice-president and chief engineer for J. Rich Steers, Inc.

Born in the heart of New York — East 55th Street — Gene has been a resident of New Jersey since he was eight years old. In 1929 he matriculated at Notre Dame, and four years later, with a degree in civil engineering, found employment with the Steers organization on railroad and subway construction for the Pennsylvania Railroad in Newark. Starting as a material checker, he worked into engineering within a year and in 1936 was made field engineer for another Pennsylvania R.R. job in Linden, N.J.

In 1940, after a couple of years of desk work in the New York office, he went to the Brooklyn Navy Yard as design engineer for dock construction and supervised construction until the summer of 1943, when he enlisted as a Lieut. (jg) in the Navy Civil Engineer Corps. After a year of drydock construction in California, he shipped out to the South Pacific for 19 months as executive officer of a steamer detachment, and simulating floating sectional battleship dry-docks in various advanced bases. Rejoining Steers after V.J. Day, he was a designing engineer in the New York office. In 1948 he was named vice-president and chief engineer. He has supervised bridge, dock and plant construction all along the East Coast, in South America, Europe, Africa and Greenland.

Gene is married and has two children, Carol Ann, 16, and William, 15. Licensed in several states and a member of many engineering clubs and societies, he finds time for an occasional golf game at Baltusrol Golf Club.

Notre Dame Alumni, Year End, 1963
One complaint, one check, one notice, one reservation for the 50th reunion and a lot of happy words followed in the wake of our 50th reunion. Plus bundles of returned questionnaires, hooray! The complaint was from BILL MCNAMARA whose name was omitted from the reunion list and now has lost weekend to explain to his wife, Bill, BILL DERENGOFSKI and other lawyers who got their degrees a year later are an amazing thing that is done with the eye and not the heart, but is being corrected whenever possible. The check was from BILL MAHONEY, O.P., from his Dominican House of Studies in River Forest, to help the reunion committee balance the books or a glass of the situation dictates, he included a reservation for the next reunion came from CHUCK BEASLEY, who missed the reunion because of a bum back. The notice is from DON HICKEY, who says he has extra reunion memorabilia programs if you want.

CHUCK BEASLEY reported that his son is a freshman at N.D. this year. He also sent the sad news of ED BARTNETT's death June 23rd as a result of an ulcer and ruptured esophagus. Ed's father later sent me his obituary and included a freshman composition excerpt about Notre Dame which said: "I have never regretted it (choosing Notre Dame) it seems to me to be perfect in every way. It was very good for me to get away from home and associate with fellows from all parts of the country. From them I have learned many viewpoints, types of fellows, ways of doing things, opinions on many subjects, and even dialects, that were new to me and I think I have been changed any other way."

I fully expect my next three years here to educate me in every way far more than I had dreamed possible last summer." Ed worked as a reporter for the N. Y. Times almost ever since leaving N.D. and left two daughters whom Ed's father asks that we remember in our prayers. His father concluded: "It brings us some measure of consolation to remember that he was a real Notre Dame man—always keeping up on his teachings." May others say the same of all of us.

GREGG KEEGAN, from his law office in St. Louis sent his regrets in missing the silver-haired round up and included a news clipping of JIM RAFF, who spent his vacation from Santiago, Chile driving his family (wife and six daughters) around the country in a mobile home on wheels. Jim has worked for the Grace company in three different countries in South America for the past twelve years.

CHARLES CALLAHAN sent me a letter from CARLTON MACDOUGALL, who, despite his original plans to go to Law School, spent a few years back, took part in the Freedom March to Washington with his three girls, eight, nine and ten. There he 'visited with TOM HELEY and HANK LEADER. Carlton also mentioned that JIM MCDONALD, the New Haven lad who married a St. Joseph's girl, has moved up to general works comptroller in 1955 and three years later was appointed manager of tractor group budgets, the post he has held until now. He is a member of the National Association of Accountants.

A native of Lynn, Mass., Ernie was raised in La Porte. He received a commercial science degree from the University of Notre Dame in 1937 and a law degree two years later.

Ernie and wife Gabrielle have a son Michael, 18, and a daughter, Mary, 9. Deputy Grand Knight of the La Porte Knights of Columbus at the time of his transfer to Milwaukee, Ernie has participated in Junior Achievement and was active in Red Cross and the United Fund as company chairman. Active in various parish campaigns, he has been president of St. John Vianney Holy Name Society, Brookfield, Wis. A devoted golfer, sailor and fisherman, he has been active in Milwaukee's South Shore Yacht Club and Westminster Country Club.

REQUIS FEY NO. 17
It is not yet 17 years since we graduated, and already we have lost the 17th of our number to untimely deaths: PHIL DELINCKE died Aug. 1, according to word received here from his widow, Dot. A polio victim in the early '30's, Phil really made the most of his sedentary existence by travelling to and from his engineering work each day, holding down a few on-the-side chores for extra income, and still finding the time to take additional studies to keep abreast of changing developments.

He loved Notre Dame and one of his great regrets was his inability to return for a visit in the intervening years. He was with us in spirit, though, during our 1962 reunion since it was he who named Tom Curran '41, the new mayor; John Dec '52, manager of parks and recreation; and John Moran Jr. '52, newly appointed state representative from the Mile-High City.

TOM CURRIGAN '41 (right) took his oath as new mayor of Denver in an all-N.D. ceremony in July. Swearing him in is Hon. Albert T. Franz '29, chief justice of the Colorado Supreme Court and the Denver Notre Dame Club's Man of the Year for 1963. John Dec '42 is manager of parks with the new administration. (Denver Post Photo)

DON FISHER, president of the Ask Mr. Foster travel service, is again operating a Notre Dame Foundation Europeans pilgrimage, with departure from New York scheduled for April 17 and return May 10. It will follow the route similar to that taken by the Crusaders years ago: Athens, Rhodes, Cairo, Luxor, Beirut, Jerusalem, Tel Aviv, Rome, and Lisbon.

One of our regular tourists, SAM ADELO, postcards from London "just windings up an Eastern Hemisphere trip. Met a fellow Notre Dame her last evening. PAT COSTELLO, former student in one of my Spanish classes. He is a fellow barrister from Greensburg, Pa." Sam also passed along a copy of his organization's publications in which he reproduced a letter to him from WALTER LANGFORD, now back on the faculty after two years' directing a Peace Corps project in Chile. Walter reported a school in south Chile built with funds from Kendavis Industries "is operating at full blast and at full capacity."

FATHER ARTHUR HARVEY, C.S.C., director of the University Theater, was recently named national chairman of the Catholic Students' Council, and his assistant, FRED SYBERG, first vice-chairman.

Chile built with funds from Kendavis Industries "is a real boost to our economics, largely affected by the decline in coffee prices and the increase in the cost of finished products we must buy. In this situation you may find more reasons for the economic slump in Latin America rather than in any other part of the world."

He sizes up Ydigoras: "His administration was characterized by disorder, leniency toward internal Communism while he boasted of his anti-Communism for foreign consumption, disrespect for authority, and overall a lack of seriousness and consistency in the evolution of the vital problems of government. On the other hand, he proved to be the great promoter of the Central American market ... a poppy and elemengy beyond belief, a good family man, and a shrewd businessman who apparently took enough money in percentages to keep his hands off-Cuba and eliminate all talk of the chance of his regime overthrow or change in the style of his youth." In short, I personally think Ydigoras was the greatest threat that ever could happen to a Central American country, but it is not a threat of his transfers to other political parties or political groups, but the threat of the more popular support than any election for "any election under him would have ended in civil strife and a lot of bloodshed."

"Communism is one thing and poverty and misery another. The latter must be fought as a matter of principle. The former can be approached, regardless of the former, which is a political conspiracy directed from outside this hemisphere. All who write books and articles about the future of our people should be given a try and we are endeavoring to further several, seriously planned; and for that we need the assistance of our friends. The old criteria of dictatorship to topple Latin-American governments should be disposed of, and the alliance should try to work with the best people available, with the people who have the knowledge and training and not to fight the ablest people of Latin America as if they still were feudal lords or cattle and coffee barons."

"The majority of the useful young people of Latin America are scions of the families who have contributed to the creation of wealth and are the ones who have education: they are the ones who have the ideas, not the union leaders, the revolutionaries, the potential organizers. Also, you have to take into consideration the riotous emerging middle classes of Latin America. You have to take the young Indian kids, ship them in droves to school abroad and get rid of the wealthy classes, exactly as Castro did; and then, in another hundred years, you may have a new or different Latin America."

"I shall keep you posted about anything important."

Thanks so much, Liils.

WILLIAM G. MAHONEY, '47
Big City Beat for RFE Bureau Chief

Bill Mahoney, shown above as chief of Radio Free Europe's Berlin news bureau, tapping interviews at the Berlin "wall of shame" for broadcast behind the Iron Curtain, was recently named to head the organization's bureau in Vienna, effective November 15.

A native of Millbrook, New York, Bill joined the private, anti-Communist radio network in its Munich headquarters in July, 1962. Before moving to the Berlin post last June, he covered NATO conferences in Paris and later served in the RFE Rome bureau. Like his namesake in the Class of '38 who is U.S. ambassador to Ghana, Bill seems to thrive on travel. Prior news service, before joining RFE, includes reporting work on daily papers in Binghamton, Schenectady and Buffalo; bureau chief in the Munich and Frankfurt bureaus of Stars & Stripes; and correspondent for UPI and the Paris edition of the New York Times.

Since graduation from Notre Dame, he has also studied at the University of Lausanne, Switzerland. Mrs. Mahoney is the former Elizabeth Meyer of Munich, Germany.

The Berlin and Vienna news bureaus are part of Radio Free Europe's news-gathering network, which includes other bureaus in London, Paris, Stockholm, Brussels, Bonn, Athens and Rome as well as in New York City and Washington, D.C.

RFE programs are on the air 18 hours a day to Poland, Hungary, Czechoslovakia, and five hours daily to Rumania and Bulgaria. Total news output from all sources handled by the central newsroom in Munich averages more than a million words a day.

qualifed to comment on the broad picture in Latin America.

He writes of the March coup which ended the five-year term of President Miguel Ydigoras Fuentes: "It was no surprise to me, although from my observations during the Costa Rica Conference of Presidents I had gathered the impression he could last at least until November. I had assumed, however, that the meeting of Presidents should have included a number of secret demonstrations, particularly: a) effective measures to stop Communist infiltration in Central America; b) some concerted, courageous action to curb the outflow of goods from Cuba and eliminate altogether their influence in this hemisphere; c) effective measures to adjust the price structure of raw materials and agricultural products if we are to give a real boost to our economies, largely affected by the decline in coffee prices and the increase in the cost of finished products we must buy. In this situation you may find more reasons for the economic slump in Latin America rather than in any other part of the world."

He sizes up Ydigoras: "His administration was characterized by disorder, leniency toward internal Communism while he boasted of his anti-Communism for foreign consumption, disrespect for authority, and overall a lack of seriousness and consistency in the evolution of the vital problems of government. On the other hand, he proved to be the great promoter of the Central American market ..."

"Well Done!" to Barbara and JLM MURPHY as you probably know by this time, our own Edit, is now an assoc. prof, of psychiatry at the U. of Oregon. Mrs. Mahoney is the former Elizabeth Meyer of Munich, Germany.

FIFTEENTH YEAR REUNION REGISTRANTS:

(in case you missed 'em last time)

All the above had a terrific time at the 15th Reunion of the Class of 1948 and our thanks go out to them for making the Day and Evening Reunions worthwhile.

It might be interesting to tell you how I got this letter to you. The man who really has our number is John Abens. John is a thoroughly dependable chap. He has done a lot of correspondence on our behalf and for a great many of us. He has done a very good job in a very difficult position. It is not easy to have news of interest to the members of this class get to you. The correspondence is very slow, and a solution like this is as successful as any other method. The Class of 1948 is not much of a written group and it is always necessary to have someone keep it going for us.

The Class of 1948 was one of the largest graduating classes in this era, was very poorly represented at this reunion. Our attendance was outdone only by the Class of '49 and the '35 and '50 Reunion groups. We had about 75% of our class on hand and we missed everyone who had a good excuse. It was a great weekend of fellowship. A Reunion Weekend is something that all the Class should do all they can to attend. One of the best things of the weekend was to have the old gang together and to discuss the future.

The activities of the days and evenings were enabled by one of the most loved men of our class ZYGMUNT PIERRE CZAROBSKI, since leaving N.D. Zig has covered a lot of ground and still does. He has seriously taken up Karate and, attired in his ceremonial robes, he demonstrated many of the techniques of the art he has also become an Honorary Polish Buddhist Monk. Zig told us many stories of the great football era that he was associated with.

Stories previously untold which gave the insight as to what went on in the locker room before the crucial games and between the halves: his experiences after his last game against Southern California; his All-Ziggy, All-American football teams of Notre Dame '42 to '48. Zig had many a teary-eyed listener as he told these stories of the past with emotion (they came from his "pectoral cavity") and Zig style.

LARRY TURNER brought along with him two very handsome aspiring Notre Damers, his two boys, Fred and Larry III. CORYN STYERS had his boy with him, and Corny proved he could still put in good time in the two mile run. He ran across the way from the North Dining Hall to Howard to get his car and ferry the cool cats back, and this was after dinner. Also able to cover a lot of ground in little time is DICK STACK, who came to the reunion in his own Beechcraft airplane. Dick is in the insurance business in Appleton, Wis. Coming a long distance and taking longer to do it but also an insurance man is GEORGE KENNARD, now residing in Miami. LEO COSTELLO and JACK "BUNKY" REGAN drove out from New Jersey together. Leo is the proud father of three boys and four girls. In his spare time he is vice-president of the Lakeview Savings and Loan Association in Patterson, N. J. "Bunky" is a production manager for McGregor Sportsewear.

JIM LEDWITH left the FBI and is now selling Catholic literature to parochial schools. In these days it would be pretty tough selling it to the public schools, and Jim seems quite happy dealing with the good Sisters instead of chasing the law-breakers. LARRY WOODS is now in his own business in New Britain, Conn., and another classmate from Connecticut of Bant Boat fame, Bob Sattie from New London, looks as trim as when he was touting the leather around.

Our great football era was represented by GASPAR URBAN, ZIGGIE CZAROBSKI and GEORGE TOBIN. Not a member of any of the great '48 teams, but showing form that surely could have been used, was JOHN PATTERSON. He gave an example of a flying wedge the likes of which hadn't been seen at ND in many a year and this was after a full evening and a tough day.

JACK COONEY and JOE O'TOOLE had headquarters in their room for the all night revelry. There are reunion activities by day and night, and it is always necessary to have someone keep it going for us.

ACKNOWLEDGMENT: Unable to attend the Reunion were our 20 classmates, but showing form that surely could have been used, was JOHN PATTERSON. He gave an example of a flying wedge the likes of which hadn't been seen at ND in many a year and this was after a full evening and a tough day.

Campus and who did such an outstanding job in helping to get us acquainted with each other was DONALD O. LEWIS, Class Secretary, At the reunion word was spread that the Class was still here and that we should meet in the future! All as informal as can be!

The Class of 1948 and our thanks go out to all of you who made the weekend such a success.

MANSFIELD —On Universal Notre Dame News (from left) yerking President Dick Walter '41 presented a commemorative scroll to ND Man of the Year Pete Moritz '43, while Father Joseph Barry C.S.C. '29 was the featured speaker.
were AARON SEAMSTER, who is dean of pure and applied sciences at Northeast State College, Monroe, La., and LOU TWARDZIK who is in the depart- ment of applied chemistry at Northern Michigan University. Unable to attend because of distance and good cause was REV. F. J. BUCKLEY, S.J., who is at the Gregorian University in Rome, teaching in theology. He sends his best regards to all classmates and can be reached at Via dei Seminari 150, Rome.

Your Secretary is now with Westinghouse Electric International Co., in the Pan Am. Building in New York City, and recently-Radio-Televisionographs for the world markets are now my line. I have been in this business since leaving ND and this is my 10th year with Westinghouse. Export is something entirely new and very interesting. Prior to this I was with RCA and worked with DAN GENTILE out Towne way.

Your reunion weekend broke up with many plans and ideas for our 20th get-together. Perhaps the 15th is an off year, but the 20th should be a big one. We have five years to plan it and, with the good Lord willing, we want to see as many on hand as can possibly make it. Anyone who has taken upon himself a reunion weekend has everything good to say about it. It’s a wonderful time, and for $20 or so, it’s cheaper than staying home. It is not a retreat but a chance to get together with those you don’t see too often but whom you are glad to see. We’ll be writing more about this as we go on, but the 5-year repeats come around fast so we like to keep it in mind. Meanwhile, let me hear from you—all of you, what else is new. There were a few of beads about the coverage of the Class of 48, but you members of the Class are what we have to talk and write about—it’s up to you too.

Texan, Twice Knighted, Now State Deputy

It has been a busy year in a busy decade for Charles Kaler. Recently named to the top office in the Texas Knights of Columbus, he got his first glimpse of the campus after 11 years in late August, on his return to Corpus Christi from representing his state at the K. of C. Supreme Convention in Milwaukee.

As an officer, he was also selected as commit- mentee speaker at Corpus Christi Academ- y, where he had been salutatorian of the Class of 1943. After W.W. II Navy service he was inducted in the Notre Dame K. of C. Council before taking his B.S. summa laude in Commerce. In 1950 he joined Carroll and Company, a Corpus Christi mortgage banking firm, and a year later married Martha Merritt.

As the leader in business and lay religious activity seemed to go hand in hand. Now senior vice-president of Carroll Jones, in 1960 Pope John XXIII ac- knowledge his work for the Church by con- ferring the title K.S.G.—knighthood in the Order of St. Gregory the Great.

Papal recognition followed such achieve- ments as: encouraging vocations as a charter member and president of the Serra Club of Corpus Christi; ecumenical service as chairman of Brotherhood Week and Catho- lic chairman of the Texas Council Con- ference of Christians and Jews; philanthropy as a director of the Incarnate Word of Corpus Christi, a nonprofit foundation; and of K. of C. work as Grand Knight of Council 1202, general program chairman of the State Council, district deputy and for two years secretary of the Texas Council.

As deputy for Texas, he is also president and board chairman of the K. Conroy Sco- gins Educational Foundation, chartered by the state for charitable activity.

As Carroll Jones vice-president he is also a partner in a general agency and a real- estate investment company. A member of various insurance and mortgage banking associations, he remains an ardent hunter and football fan.

Boquets are in order for ED MCCARTHY, who so ably engineered the festivities for our ten-year reunion. I am still at a loss to understand how a couple of bucks per man provided an inexhaust­able supply of booze and snacks for the cocktail party, but whatever the miracle we're all much indebted to Ed for his efforts.

A few of the brethren, heretofore long silent, have been heard from in recent weeks, and we represent them. For example, ANDY WALSH is a C.P.A. with Haskins & Sells, and makes his home in New Monmouth, N. J., with wife and four. BILL WHITENER is a dentist in Louisville, Ky. BUZZ WAGNER is director of public relations for Koppers in Pittsburgh. Buzz is married and has three children. DON VAN VOOREN is a physical therapist in Hobart, Ind., despite a household of five kids, has time to be a professional bowler. DR. BOB WARNER is a dentist practicing in Hamilton, Conn. WILLIAM J. WAGNER, whom I have had occasion to consult rather frequently, is a regional systems representative with IBM in Chicago. We live in Palatine and have three small girls.

I recently ran into JIM GALLAGHER and we discovered that we are now practically neighbors. Jim is manager of a plant that operates Callaghan Asphalt in Thornton, Ill., and a busy bumbling, re­building streets and highways in northern Illinois and Indiana. Jim has four children, and unfortunately the last one was born with acute leukemia and is not expected to live. I'm sure that our prayers for the little fellow would be most appreciated by Gal and his family.

Down where the sun shines all the time, JACK WHELAN is assistant to the president of Merklin-Bamman Prestrressed Concrete Corp. in Miami, and has four children. Overseas, DON SENICH is a captain with the U.S. Army Construction Agency in Frankfurt, having earned his MCSE at Iowa State. JOHN WILKERSON is associated with the Willer­son Shoe Company in St. Louis, and has two children. DICK WEINACHT is associate professor of mathematics at the University of Delaware. JOHN WOEPEL is a teacher and coach of track, as well as assistant football coach at Franklin Schuyler School in Mohawk, N. Y. PAUL WALSH, one of the few remaining bachelors, is an attorney with the Department of Justice in Washington. JACK VARNEY earned his law degree from Georgetown in 1936, married and is now in private practice in Syracuse, N. Y. Jack has five children. TOM VANDERBOSCH is chief of contract administration for Bendix Aerospace in South Bend. ROGER ZEELLER has as his primary responsibility the caring and feeding of his red-headed wife and four red-headed daughters, and when time permits is sales engineer for Crane Co. in Columbus, O. FRANK WOOLDT is salesman with Pepperell Manufacturing Co. and lives in Ellimhurst, Ill.

Among 60,000 fans at the So. Cal.—N.D. game we found ourselves seated near a number of familiar faces among them: ED HENDON, MARY WEINER, JERRY O'CONNOR, DAVID MCBRIDE, JACK MANNIX, JOE PAGLIARI, CHARLIE STIMPING, PAT MONTROY, DAN HARDIN, and LOU BASSO.

Let's hear from you!!!

This article is directed to the 800 or so unfortunate '54 graduates who didn't make the June '59 class reunion. There is still time to make the June reunion and to participate. Although the name of this class is not as well known as those of the '59 and '60 classes, there is no reason why this class reunion cannot be described by mere words. If you're lucky you may get to 10 reunions in your lifetime. Why not make this one? We plan to have a full schedule of events. If you miss this one you'll get a 2nd chance at our 10-year reunion. There is only one June reunion. If you miss this one you'll have to wait 10 years to attend the June reunion. For this article but six martinis erased the whole blank space. But... six martinis erased the whole blank space.

This year's problems: The problem of who is going to attend. "Let's hear from you!!!"

DAVID A. McELVAIN '48 now "puts you in the driver's seat" as national sales manager for the Hertz Rent a Car Division.

The promotion was announced in July by William Jann '47, Hertz Corp. vice-pres­ident. Dan joined Hertz in Chicago in 1952 and most recently was city manager for car rentals in Washington, D.C. He and his wife Jeanne have six children.
A moment of silence and a tear or two for BILL O'NEILL. This sounds like a heavenly chorus! welcome greetings from TONY. Aвал to Mary's. Tiny remains his tiny self and a casework supervisor at the juvenile court of Dade County (2301 S.W. 10th Ave., Miami 35, Fla.—home). Mary and Tiny claim Peggy 6, John 4, Kathleen 2 and Eileen 3 months as their contribution to the population boom. Tiny hasn't managed to get out of the Marine Reserves yet (see you at Giorno). FATHER BILL O'BRIEN C.S.C. '54, ordained in '58 dropped a line from the Holy Cross Mission House at N.D. where he's been on the Mission Band. ED BRIDENSTINE, Texarkana, Texas, is this the "PEPIN" you asked about? Prayers are requested for the father of THOMAS J. CAMPBELL, who died on August 2nd. Remember June 12, 13, 14, 1963. See you there; in the meantime—write.

From DICK PILGER, Local Representative:

Our Third annual post-football gathering was a smashing success (one of our classmates—who shall remain nameless—spoiled the affair by bringing in his dog). About 145 people attended and had a fine time (at least it SOUNDED like a good time).

(Note to MILT BEAUDINE—Last year we voted to quit trying to pick a winning game but to pick积极探索.)

The following members of the Class signed in, most with wife and a number with other guests as well: CHARLIE ALLEN, DICK ASH, JAMES BAIRD, MILT BEAUDINE, JIM BERNHART, JOE BEKRAND, JOHN BIERGUSSE, LEON BLANK, ROB BLENN, GEORGE BOEHM, BREHM, PETE BUCHET, BILL BURKE, DICK CASTELLINI, BILL CAVANAUGH, BILL CLARK, THEODORE (BOBBY) DARAGH, ART DEICHH, JACK DILLON, DICK DIXON, WALT DUSCHKA, DICK EHR, ROB KLEIN, JIM MORAN, BOB MOORE, KEN MOORE, FIN, GENE HENRY, GENE HOWLEY, JOE JOYCE, JERRY KEATING, PAUL KELLY, DON LAMBERT, JIM LANE, GEORGE LARK, BILL LARCHER, BILL LARGARDI, JACK MANNION, RON MAZZOLI, JOHN MCDERMOTT, JOE MECSEC, BILL MORLEY, BILL MORGAN, BILL MURPHY, JACK NASH, TOM NESINGER, PAT O'MALLEY, CHARLES O'NEILL, CHUCK PALM, DICK PALMER, BOB PODEN, RICK POLLEY, RON ROBB, LARRY ROONEY, JACK ROSSHIRT, DICK RYAL, JOHN SCHULGELE, NEIL SEIM, CHARLIE SPIGELMAN, STEVE STEVENS, DICK SULLIVAN, JERRY TOOMEY, MARTY VIETH, WALTER WAGNER, DANA WETHERS, CHARLES WEIBEL, LEN WELCH, ROB WRIGHT, and one whose signature I can't read. My apologies to anyone else I missed. GENE HERALS, West Virginia University, sent a press release hospitalizing me! I thank also all the people who let me know in advance that they were coming—the advance count was much lower than the actual number, so we had plenty of supplies—except beer, on which we will have to quit trying to pick a winning game but to pick积极探索)

Some very sad news just reached me: RAY O'NEILL died on October 13th of complications arising from a ruptured disc. Ray was with General Electric Company, Missile and Space Vehicle Division, in his second year with us. I find myself missing his—ah—his presence on the back of the party reminder in which he extended a special invitation to all those of us from Chicago to visit the "new frontier" around Spokane to spend our "smoked, stained, dirty mondays."

He added that MIKE KELLY also stops in periodically to sell a little oil. Mike probably says a few prayers for a cold winter! LEE CREAN is going to work on an annual report on the National Sports News Service for the class of '63. He also had dinner in Cleveland with the late BILL BYRNE'S folks, who always are happy to see a Catholic from Chicago . . . handbooks, festivals, football tours (XU). He is active in the Knights of Columbus, his master's degree. Jerry Hughes made life difficult around Spokane to spend our "smoked, stained, dirty mondays."

Bernie is personnel and labor relations manager for the Continental Baking Co. in Spokane. His address is 211 27th, Spokane. He has three children. Bernie has been active in the Notre Dame Club there and is a past president. Bernie is a great source of information about St. Edward's, courtesy of Bernie. His brother-in-law, DANNY MCCULLOUGH, has been elected president of McBride & Co. in Galveston, Texas. Bernie is the nucleus of Corporate Law at Marathon Oil Company. He has a bachelor's degree and had earlier time to win the Canadian badminton championship. Ex-quarterback JIM BIGELOW is living in the Seattle area and gets paid by General Electric Co., a fairly reliable automotive firm. JIM TOOLEY, who works for General Dynamics in Sacramento, gets up to the Northwest twice a year. DICK MCDERMOTT, who has three children, is a professor of English at Gonzaga University in Spokane.

If your name is JOE DONOVAN, JIM LUOTTO,
GEORGE RIORDAN, JON TYSON, ERNIE MAHAN, BILL PETERSON, and JOHN REID. 

GEORGE VOSMIK, LARRY MULLINS, or JIM PAVIS, Bernie would like to hear from you— pronto.

Here are a couple of notes from the academic front. JOHN WACK is back for another year in the history department. His history classmate, JIM BERQUIST, has tackled his "master of science in management—with distinction" from the Navy's postgraduate school in Monterey. He placed fifth in the 3000 meter last weekend. JOHN DERRINGTON, who picked up his doctorate in mathematics at the University this June, now is a math prof, back at school.

JIM L. SHELTON, according to Bill, got married in June at New London, Conn. Jim is a career submariner. Incidentally, Bill would like to hear from ROBERT PARVIS, who was stationed at NAS. 

Here are some more news notes from our "boys in blue." (Or was it our "blue boys"?) JOHN LEWIS and BILL ROGERS are in Lockbourne Air Force Base, Columbus, Ohio. TED LAUGHLIN is at Eglin Air Force Base in Florida. PAUL CASSIDY, also in California, is courtesy of the Navy, at San Diego. FORST BROWN was discharged from the field hospital recently. He is now at 300 Adelbert, Cleveland. CHARLEY BENNETT has switched his Navy address for a civilian one—312 Belle Arbor Drive, Cherry Hill, N. J. 

I'll bet you never thought you could be the "end of the year." DON MATTHEWS leads off with 1 Broadway, New York City. Here's that for class! Well maybe you beat me, but you beat Bill. DON E. SYKES is an insurance agent in Australia, Limited, 300 Castelragh St., Sydney, Australia. You can almost see the pipe and tweeds with the bookshelves in the background.

IVAN HUOSVOKY has a foreign address with a little mystery—250, rue Deleau, Neufly-sur-Seine, France. I'm sure you can find him in the back yard. BILL O'LEARY has a foreign address with a little mystery—250, rue Deleau, Neufly-sur-Seine, France. I'm sure you can find him in the back yard.

JOE HAYDEN now has two boys of his own. He spent about three weeks in Europe (you've got to write, Joe!), and he said that he is going to name his new "daughter." Finally the doctor cut out and told Dick that he indeed finally had a boy.

DICK BEEMAN and his wife, Sue, welcomed their fifth child in July. That should put them right up there in the work race. Let's hear from the other contenders! Dick got the message and bought a larger house. Their new address is 156 Keystone, River Forest, Ill. Dick and his father are in the wholesale paper business.

CHUCK COLLINS, who left the Chicago scene several years ago, is practicing law in Newark, N. J., these days. At last report he had two children.

TIM DEVEREUX, another of my journalism buddies, is an account executive with a New York advertising agency—Marshall John & Associates. Tim also bought a big house for his brood in a western suburb—355 S. Avery, Park Hill, Ill.

JOE D'ALEY, who dropped from the face of the earth for a few years (you've got to write, Joe!), popped up in Chicago for a visit this summer. He's still out east. According to my bird dog, Joe is a legal eagle with the Securities Exchange Commission with offices in Ill.

That old smoothie, GEORGE SHELTON, decided to turn his southern charm on our Windy City. George drove his wife and three boys up from New Orleans. He's with the A. L. Jackson construction company—in fiance, of course!

While in California this year, George ran into DON PEPIE in Los Angeles. Dan has three boys. He also had a big evening with MIKE JACKMAN, who is teaching high school and coaching basketball in Ill. 

I saw MIKE WARD on the street the other day, and he said that JOE HAYDEN now has two boys and a girl. I have to admit that my ears need a little tuning from time to time. Joe also brought along his wife and three children. 

While at the Chicago Club's golf outing, I couldn't believe my eyes when I spotted DAN "eskimo" MOORE across the room. (OK, it was the bar, but it was still early!) Dan was in for the bar association (no pun intended) meeting and his sister's wedding. A gay bachelor, Dan then headed down to Mexico City for a little vacation. If you want to get the lowdown on Mexico, you can contact Dan at Box 4520, Anchorage. He says the legal business is good. It must be. Who else could afford to fly around North America and vacation at extremely well in bars, and that I would enjoy playing host to anyone who is willing to split the price of a cheese fondue? If you don't accept his invitation, "Slav" says he'll see one and all at the reunion in '65.

A salute to MIKE KELLY, LOU ZEFAR, RUSK TOOHY, JACK FLANNY, DICK COOP and CHARLIE GOMEZ, for putting together "Organization '59," an informal class group here in Chicago. After the initial meeting, it was decided that the guys have decided to meet at JOHNNY LATNER'S (remember him?) Steak House downtown on an ad-lib basis the last Tuesday of the odd numbered months. So mark Nov. 19, Jan. 21 and March 17 on your calendar right now. Meetings start at 5:30 (drinking that is) and everyone is welcome to his own. All members of the class are welcome. Contact me or MIKE KELLY (WA-7400) on Mondays. Others attending the first meeting were:

IDAHO—The ghost town of Silver City in rugged Owyhee County was the site of the Idaho Club's family outing last summer. Families picnicked in the romantic ruins of the Old West and celebrated Mass in the mining town's abandoned church.
BOB WING, JOHN WEITHEIS, BILL TICE, JOE RAFFERTY, TONY PASQUESI, TIM NORTON, GEORGE MEYERS, GERRY HILLMAN, TOM HARRISON, EARL MILLER, JOHN MURPHY, KEVIN MALAVER, NEAL HALLOWAN, HANK GIES, MIKE FILICHIO and DICK BEEMAN;

From the Alumni Office:

JAMES M. SHERER was ordained a Holy Cross Foreign Mission priest in June and will remain in the States for further study. FR. JACK KEEFE, C.S.C., had been working with the Bwamba and Kyambas in Uganda. He is back for the past two years, and an article about his work appeared in the April, 1963, issue of Pageant Magazine. He has been assigned to work in the northern part of the diocese—the Luwara, Alto and Buenbo Tribes.

SR. MARY VIVIAN BRAND, P.H.J.C., one of our summer co-eds, received a doctor of philosophy from St. Louis University.

Ralph Guggielli, New York Giants, has signed his sixth National Football League contract.

FRANK BURGE is now product line manager for Beckman Instruments, Inc., in Richmond, Calif.

FATHER JAMES STUFFEL, C.S.C., all 125 lbs. of him, has been heard to say, "I've eaten so many chickens that I can't stand the sight of them." On a recent trip in Uganda one of the many gifts received was 15 chickens. It was an odd sight to see Father drive into the Bukwali Mission with chickens . . . and what-not . . . all over his hintu (safari equipment). Father says the Sisters' Convent needs a new roof.

Captain PAUL R. REED, anx. prof. of military science at the U. of Kansas, Lawrence, was in charge of the "Trainfire" rifle range at the 1963 ROTC summer encampment at Fort Riley. Capt. REED is a native of Davenport.

My thanks to those of you who responded with news for our column. A special note of gratitude to Europe, Illinois, who has more appeal than I realized.

JIM McCARTHY, who describes himself and his family as "U. S. Gypsum Company," has settled at 2333 Hillendale Road, Davenport, Iowa, after being transferred from Chicago. After three years in the Marine Corps, Jim, Barbara (St. Mary's '56) and their children—currently four boys and a girl—started civilian life with U. S. Gypsum Company in Chicago. While in the Ma-

ines, Jim and DENNY POWERS served in sister squadrons. Jim sees BILL WIEMAN (in person and in print) in Davenport. Bill is with the Davenport Times-Democrat. I also heard from Jim that GENE BRENNAN, selling Xerox at 23 and Liton at 10 back a few years ago, is monopolizing the brokerage business in Chicago; JIM MITCHELL is with an architectural firm in Nashua, New Hampshire, with his wife, Ann, children and cat.

I was happily surprised one day when I received a letter from St. Mary's Seminary, Roland Park, Baltimore 10, Maryland, signed by a classmate whom many will remember from Zahm, Morrissey, Dillon and off-campus—MARTY DEVEREAUX. After graduation Marty was seen for two years as the only person in an army uniform at Fairchild Air Force Base, Spokane, Washington. From Spokane Marty headed to St. Henry's Preparatory Seminary, Belleville, Illinois, for Latin; St. Mary's Seminary in Baltimore for philosophy and theology; and in 1966 the diocese of Miami, Florida, will have a new priest. Marty has heard from BOB VALLONE, who with his wife, Liz, and sons, Peter and Joe, lives at 6233 Strouda Road, Houston, Texas; TOM CONLAN living at 829 Standard Street, El Segundo, California; JACK MCCARTAN living at 537 Bridge-water Drive, Pittsburgh, Pennsylvania; and PHIL CINNELLA on Centre Street, FREEDOM, New York, only a block from Marty's home address at 33 Forbes Street, Freedom.

JIM HURLEY, who wrote a grand letter from 29 Montclair Avenue in Almonte, New Jersey, has included news about everyone himself. PAUL BEREZNY, who was married June 29 to Louise Wegner, is often entering his Evanston, Illinois, office with a red umbrella—Paul is an agent for the Travelers Insurance Company. After working for a banker in Springfield, Massachusetts, was married to Barbara Lennon in August. CARL BELIN, his wife, Carol, and their three children are living in Clearfield, Pennsylvania, where Carl is practicing law with his father. JOHN MALONEY, his wife, Frances, and daughter, Eileen, are moving to Connecticut with Hess Oil Company.

Addie and BILL BORACZEK last seen in New Rochester, Detroit, and Bill now works on Fifth Street. PAT SNYDER works for Cummins Enginies in Columbus, Indiana. RAY Drexler practices law in Tabitha, Iowa. DON MOSER, DWAIN SPENCER and ROY WEINBERG, three ND alumni of the class of 1956, have moved to Michigan and are currently living in Ann Arbor. They are currently living in Florida, where they are currently living in Fairchild and are enjoying the warm weather. JAMES F. TOWHY wrote that he prefers to be on the Class of '55 list, as most of his acquaintances are in this group, even though he graduated in '57.

The "Fighting Irish" would lose their famous name if it were not for an occasional Kelly or O'Brien, but what about Tom Hubbard, 29 Park Drive, Terrington, Connecticut—who married Anne Farley and now has 3 Hubbard's: Erin, Meghan, Farley. Tom has been living in Nauvoo, Illinois, near the town of the Naugatuck Valley Notre Dame Alumni Club and also is associated with his father in the City of London, England. Son of the Naugatuck Valley Notre Dame Alumni Club.

JOE SANTOS reports that his brother-in-law, BILL GENE NOVAK, a former Notre Dame student, is working with the Bunting Brass & Bronze Co., in Toledo. Joe goes on to tell us that DICK TORDA is with Labo's where he worked in the Paint Div. of the company. JERRY THEES is in Grand Rapids with Decker-Jarvis.

Reactivated for the Korean conflict in 1950, he served on the carrier Essex in air-strike and support operations for a Navy Unit Commendation. Staff work in Norway and postgraduate school preceded a tour as operations officer on the USS Larson guarding Formosa with the 7th Fleet, Naval War College, and service as executive officer of USS Rush with the 6th Fleet in the Mediterranean and Central America. while putting in time with McDonnell. Also with Bob at McDonnell are BILL MEYER, STEVE JENDRAS, and TOM SCHWEIKERT. Bill, Steve and Bob have really put the pace on with 4. DON RIGALI, wife and child are living in Albuquerque where Don is with Sandia. DON WITT is in the same family situation but with GE in Daytona Beach, Fla. Thanks for the news, Bob. . . . Received news from MILL MEL in Indianapolis that JERRY BECKERT had a little "Tim" . . . . That DAVE FOLEY and McGOWAN were chairmen of the Adelphic School Reunion held last June 22. Had dinner with Bill and his wife Joan in Indianapolis last July. Good news for all, Bill hasn't changed a bit! Recently in St. Louis I got together one evening with the following: RAY ROTH, who is working towards his MBA at Washington University; CONNIE LAINES, who graduated from St. Louis Law School and will set up practice in St. Louis; MATT WEISS, who is with the Foundation Office at St. Louis U.; CEC LUEPK, and Judy whose old man is doing a standing job with one of the top law firms in the city. They are really kicking and buzzing with old time outside of the WILBERT BARTLINGS. Bill and his wife, Jenny, have one daughter and he is busily engaged in making a "base hit" for himself and the Monarch Weather Stripbing Corp. . . . With mixed emotions I must report that our good friend, JACK M. LEE, has died; the fold and married himself to one Sally Hogan from Dallas. We who are now left alone, but along with our FRANK HENNESSEY at the Tribune regarding particulars.

FRANK "COPS & ROBBERS" HENNESSEY was reported last seen down Bermuda way on a lark. With mixed emotions I must report that our good friend, JACK M. At the risk of being tiresome, I must open this column with a much-too-familiar refrain—we need news. News keeps the items of interest such as additions to the family, new jobs, promotions, changes in locales, postgraduate degrees, or some similar matter. How about letting us share your good news?

Just prior to this writing, our annual after-game reunion took place in (approximately) California's Southern-Cal game. I regret very much that I was unable to get away from Duluth for the weekend and to attend this game. These events have always been very enjoyable. As yet I have received no reports from persons who did attend, so I can only say that I hope you all enjoyed the get-togethers.

As the first item of news in this issue's column, we are sincerely sorry to report that HARRY ODEHN lost his father last June. We wish to extend our sympathy to Harry, and to ask you to remember Mr. Oden and his family in your prayers.

By way of pastela reports, you will recall that as of April 1, 1963, he has been living in Colorado following a transfer to Ford Motor Company's Denver district sales office. Gerri is a business management analyst. On June 20th, Gerri and wife, Paula, became parents for the first time, welcoming daughter Mary Jo to the family. At 146 Del Mar Circle, Apt. 21, Aurora, Colorado.

BILL McKEEVER has moved to Asheville, North Carolina, as head of the trading department, McCarlery & Co. (member of the New York Stock Exchange). From the tenor of his letter it would appear that Bill is very happy in his new location, as are his wife, Joyce, and daughters, Deborah and Kathleen. The McKeever's are expecting another child in the fall, so Bill is not likely to have a halftim. Bill mentioned seeing JOHN RUSSO in New York just prior to leaving for Asheville. John transcribed a fine performance of a woman's sportswear. The McKeever's new address is 20F Edgewood Knoll, Asheville, N. C.

MILO SOLOMITO received a master of science degree from Rensselaer Polytechnic Institute last June. MiLo and wife, Bertha, have two sons and a daughter. They recently moved to the U.S.S. Fremont, which in September was undergoing repairs and modernization in the Norfolk Naval Shipyard, Portsmouth, Va. Joe had just completed his internship in surgery at Grace-New Haven Hospital, New Haven, Conn., in June of this year when the Navy called. He would welcome hearing from any classmates in the area. Address: Lt. J. D. Ferone, Jr., (MC) USNR, USS Fremont (APA-44) c/o Fleet Post Office, New York, N. Y.

Continuing the results from Camp Pendleton, Calif., where he has been stationed in the legal office of the 1st Marine Division since July of 1962. Upon completion of his tour in December, 1961, he expects to return to Dallas to enter private practice.

According to a note from JOE EMMITE, the Air Force has just acquired a batch of medals from the Class of '58. Among those presently undergoing training at the School of Aerospace Medicine at Brooks AFB, Texas, are CAPTS. EMMITE, JOHN KENNEDY, BILL SCANLON and BOB LARSON '58. Joe is assigned to Connally AFB, Texas, upon completion of his training.

A letter from Mrs. ROGER ELDRED informs us that the Eldreds are living in Warren, Michigan. Roger is a research chemist (polymer research) with General Motors Research Laboratories. Roger received his B.S. in Chemistry from the University of Montana in 1965. He is planning to accept his present position with G.M. He and his wife Eleanor have a son, David John, and a daughter, Mary Clare. Further information offered by Mrs. Eldred is that BOB CAIOLA and his wife are living in Midland, Michigan, and as of last August are expecting the arrival of their third child. Address of the Eldreds: 3132 Reid Drive, Warren, Michigan.

JIMMY MAZZARELLI, who married August 24 to Editha Ann Cooper of Birmingham, Michigan. Jim and bride are living at 1644 Fargo, Chicago. Among those in attendance at the wedding were TOM OR'GREN, and RUS HOPKINS.

The new address listing for Mr. and Mrs. GEORGE CONNOLLY is 288 Hawthorne Drive, Lafayette, California.

JOE FERRONE is currently the medical officer on duty at the U.S.S. Fremont, which in September was undergoing repairs and modernization in the Norfolk Naval Shipyard, Portsmouth, Va. Joe had just completed his internship in surgery at Grace-New Haven Hospital, New Haven, Conn., in June of this year when the Navy called. He would welcome hearing from any classmates in the area. Address: Lt. J. D. Ferone, Jr., (MC) USNR, USS Fremont (APA-44) c/o Fleet Post Office, New York, N. Y.

Our sympathy to Mr. and Mrs. MARTIN VINCENT MUNSTER on the death of their 49 year-old son.

MSC has the responsibility for developing manned spacecraft, for training space-flight crews to man these craft, and for conducting space-flight missions. The Center is presently engaged in conducting research on the science and technology of space-flight, for the acquisition of knowledge, and for the use of man in exploring space for the generation of better understanding of the universe in which we live. The NASA Manned Spaceflight Center also works as an independent organization and frequently calls upon other NASA facilities, government agencies, private industry and educational institutions for support in its programs. David is single and resides in Houston. His hobbies are golfing, tennis, and bowling.

When the television cameras turned to the Cooper family during Gordon Cooper's orbital flight, a young civilian could be seen with Mrs. Cooper and her daughters. He was also seen with them on their flight to Houston in May, long after Cooper's flight that year. Schwartz has been the voice of the Project Mercury astronauts in their articles, speeches and public pronouncements.

Since joining the Manned Spacecraft W. BAUMAN attended the National Shade Tree Conference in Toronto this summer.

BOB WILLIAMS and ROGER BRESLIN were ushered and ERNIE WOOD the best man when NORMA BALL and LAWRENCE JERREY BARRETT GUERRI were married last August. John will intern at Cook County Hospital for a year, starting last July 1st. CHUCK QUEENAN would you please drop me a line expressing the details of the fund you have in mind for DICK HORSFALL. Received a most welcome letter from WAYNE FAUST and, as I often do, I will merely quote his letter: "Upon graduation I took a job in Chicago which permitted me to look for something in the field of international marketing. I have been fortunate in getting my foot in the door to this field, and am now employed by Rust-Oleum Corporation in Evanston, Ill. In the fall of '59 I married Renee Schneider and thus far have been blessed with three children—all girls. With the help of a pot of coffee, nicotine, and a bottle of the semi-sedating drug, commonly
known as tranquillizers, your scribe is making at­
ttempts to meet another deadline for the publica­
tion of the column. Pattern, thanks to those who have
written. YOU have made the following possible.

1/1LT. JACk COLE writes from Ft. Eustis, Va.,
where he is stationed with the U.S. Army, as are
his wife, Sandra, and their two-year-old son, Gregory.
John says BILL WHITE, who has since been
released from active duty, served as his commanding
officer for a short time.

Our sincerest sympathy is extended to classmate
TOM ODEN and his father, Brian S. Oden (LL.B.
'17), died June 5; and to JOSEPH M. KRP, Jr.,
whose father died in May.

My old friend and roommate TOM GIBNEY is
reaching the end of his long career here; he's a sales­
man for Ford Motor Co. I'm told that Tom and his
wife Beth have two tax deductions. A letter from the father of JOE COOPER brings good tid­
ings. Joe, who is serving as 2/Lt. with the Marine
Corps in Lejeune, N. C., was married in November
to the former Judith S. Mays. . . . and JACK
FEENEY and Joanne White of Jersey City were
married last year.

BILL POTTER, who happily paid $6 postage to
receive the latest issue of the ALUMNUS, claims
this was the first copy he'd seen since graduation.
I suspect his two or so years of nomadic exist­
ence with the Navy can explain it. At any rate,
Bill will be a regular subscriber to our magazine now
while he pursues his address in Maryland. . . .

The main trend in the "Diaper Market" is upward
and we have the following dependable indications
of this column. Many thanks to those who have
looked familiar. Turned out to be BRUCE BABB­
ITT, who is working in Caracas, Venezuela, with
the American Legion, a peace-corps-type group which is managed and run by local sources. Ken
also writes us of the happy news that he and his
wife, Modesta, are the parents of a baby boy,
Douglas John. . . . We are grateful, Ken, for your
sending along info on the following: SAM
RIVERS PATOUT III is studying at a seminary
in Houston, Texas. . . . PAT O'DALY is now
in school in New York, and he and his wife, Denise,
have two sons. . . . JIM DRISCOLL is working
for a construction firm in D.C. . . . MIKE SHIP­
MAN is at N.D. studying for a doctorate in chemi­
cal engineering and . . . Mr. and Mrs. BOB
BOYSEN and their two sons are living in Detroit.

I propose that a N. D. club be chartered at the
accounting firm of Arthur Andersen & Co., of Chi­
cago—alumni Bob Bennett, "BEETLE" LA MONTAGNE, and Ed (A) KENNEDY are employed there. . . . Living in Rochester, N. Y.,
are grad "SARGE" SAMUELSON (who is secretary
of the N.D. club there) and TOM KEEGAN,
manager of the New York N.D. club there. . . .

While "Save" is an adman for Rochester's DEMO­
CRATIC CHRONICLE, Tom is a cost estimator
for the tool engineering department of Delco Ap­
pliance, a subsidiary of General Motors. . . .

Our sincerest sympathy is extended to classmate

ever, the events of the past twenty-four hours have done much to soothe my condition. After the great victory over Southern California I can’t help but wonder if, for just a few very small points, this might have been the year we had it all from waiting for so long.

Over Labor Day weekend I took a trip to Charlotteville, Va., to participate as an usher in the wedding of BERNIE DROBANSKI and Miss Carol Wood. The couple honeymooned in Washington, D.C., and then returned to Charlotteville, where Bernie will complete his final year at the University of Virginia Law School. For those of you who can’t believe that the greatest of all “Polish lovers” has finally met his match, I can only say, “I speak nothing but the truth.”

A special note of congratulations to three of our classmates currently pursuing a career in law. First to JOHN KEEGAN, who was elected President of the Georgetown School of Law Student Body. Second to BOB FISHER, who has academically reached the top of his class at Georgetown after two years of study. Last but not least to DAVE McCANN, who is currently among the top ten of his class at Fordham and who was just recently awarded a partial scholarship for his final year of study.

Don and his wife are currently living in Queens, New York, recently having been transferred to the New York office of the Ford U. Company. Don is working as a sales engineer for the firm. The long ride out to South Bend was worthwhile to take in the opening Notre Dame-Wisconsin game. Wisconsin stifled the Irish in the final 67-72---a real heartbreaker. But hearts can be bumbled by Hal & Halg and good company—"the former furnished by the Morris Inn and the latter by Sophie and Jim Goethals," who fed and boarded us at Chicago and Sturup. Entertainment was furnished by son Michael Allan, alias "Tiger." Also spoke to Dean O'Mara, Professors Murphy, Kellenberg, Clark, and the ever lively Chloe.

Conversed with Barbara and JAY CHARON, who are now residing in Chesterton, Indiana. It's a "steel" for Jay, who's been in and out of court representing his Gay, Ind., firm. LaSalle Street was well represented by the firm of Kelly, Pecora, Macizewski & Co., who should happen by but DANNY MINGHAM, both located on the street. Standing excent lunch with KEVIN LYONS and JOE BIRNON, our noncommissioned lawyer can be read in the ABA legal eagle in Hawaii. If you want your goose cooked, see STAN the Man PECORA, who was recently returned from his stint as Chief First Class with the Army. RAY BROWN and Bve have also joined forces with Uncle Ray is stationed with JAG in St. Louis. Former JIM HARRINGTON, having won his degree from Northwestern and his wife from Iowa, may relocate in the Big Apple. GEORGE MCANDREWS shows up with one of his usual attractive dates, personally confirming that (1) he is still a bachelor and (2) he is currently with the Chicago police. Undoubtedly MIKE PHENNEN is undergoing JAG training at the U. of Virginia, in preparation for a more permanent post in the army. Bellingham's JOE BIRNON is looking over the wall of that side of the campus. Also missed JIM STUCKO and PETE "JIVE" KELLY at the Touchdown Club. Heard the call of the wild from BOB VERVER KA, FFC (Pariah First Class) at Fort Lewis, Washington. Big V's letter decreeing the lot of the noncommissioned lawyers can be read in the ABA Journal—July issue. His campaign cry: "More status for the EM." JERRY BRANN is with a Philadelphia law firm, and JOHN DELL is balancing the scales of justice under the Florida sun. Weighing anchor with Navy JAG is MIKE KELLY. Corrections: JOE ABBERT is located in West Virginia with the National Guard. The new address necessitated in part by an extra pair of smiling Irish eyes—ERIN Patrice, born August 9, thinks the world is a lot of laughs. Et tu?

Word has it that Findlay, Ohio, was invaded by many of our classmaties last July. The occasion—the marriage of that confirmed bachelor, PAUL LEWIS, to SMC graduate Carol Kramer. EUGENE BLISH spent the summer working for the Denver National Bank, while LARRY GRIFFIN underwent amphibious training with the U. of Texas. BARTLEY O'HARA is studying English at Columbia.

Also in the mailbag last summer was a letter from REGIS CANFIELD. He worked as an accountant for the firm of Arthur Anderson and Co.

Among those back at Notre Dame for the season opener against Wisconsin were: DON RYAN, JAY WARD, MIKE SENNOTT and AL KILLILEA. Don is at Northwestern Business School, and Jay is studying law at DePaul. Al is at the University of Chicago on a fellowship. Mike left immediately after the game for an extended tour of Europe.

1964 OPPORTUNITIES IN THE PEACE CORPS

Washington, D.C.—The Peace Corps estimates that it will require at least 5,000 Volunteers to meet the requests of host countries in 1964 and 1965.
