Two hundred members of the 1931 Class returned for their Silver Jubilee Anniversary on Reunion Weekend.

The Baccalaureate Mass for this year’s graduates was held in the Stadium.
Celebrating their 30th anniversary, the Class of 1906 assembled at the Morris Inn for a buffet dinner on Friday night. Comprising the largest returning Golden Jubilee class in recent years the group is as follows: first row (left to right) William Jamieson, Chicago, Ill.; Steve Riordan, Chicago, Ill.; James A. Dubbs, Cleveland, O.; William P. Feeley, Chicago, Ill.; Thomas A. E. Lally, Spokane, Wash.; and Frank A. McCarthy, Elgin, Ill. Back row (left to right) Frank J. Shaughnessy, Montreal, Canada; John F. Shea, Holyoke, Mass.; Dan O'Connor, Chicago, Ill.; Frank H. Vogel, Columbus, O.; J. Bell Moran, Beverly Hills, Calif.; Leonard F. Smith, El Segundo, Calif.; and Col. Earle P. Doyle, Washington, D.C.

800 N.D. Alumni Attend Class Reunion Program

Approximately 800 alumni were "checked in" at the general registration desk during class reunion weekend on June 8, 9 and 10, 1906, celebrating their 50th year of graduation, was the largest Golden Jubilee group that has returned to the campus in recent years. They met for a buffet dinner in the Morris Inn on Friday night and then joined in the general program during the remaining part of the weekend. Celebrating their Silver Jubilee, the men of 1931 were headquartered in Lyons Hall and had a turnout of approximately 200. Some of the special features on their class weekend program included a dinner on Friday night which was highlighted by a door prize drawing of about 50 gifts contributed by class members and a luncheon on Saturday at which they were guests of Father Hesburgh in the Dining Hall. Other 5-year classes back for reunion included 1911, 1916, 1921, 1926, 1936, 1941, 1946 and 1951.

The Notre Dame national Monogram Club held their annual election meeting on Saturday in the Morris Inn Golfers Lounge (story in sports section of this issue). The engineering alumni met in the Engineering Auditorium while the Law Alumni Association held their usual board of directors meeting in the Law Building. An innovation of the weekend was the band alumni get-together in Washington Hall which is a forerunner to the establishing of a permanent organization of the band alumni group. Old grads of the College of Commerce assembled there to greet the new dean.

Dr. James Culliton, Professor Robert Ervin gave a special lecture with slides and a motion picture on the work being done in Lumbold Institute. The O'Shaughnessy Hall Gallery was the scene of a fine arts exhibit.

Alumni attended Memorial Masses on Saturday morning for deceased members of the various classes. Father Hesburgh and Joseph I. O'Neill, Jr., Midland, Texas, president of the Notre Dame Alumni Association, were the featured speakers at the alumni banquet on Saturday night. The banquet also included the presentation of golf awards by Rev. George Holderith, C.S.C., to alumni who had participated in the weekend tournament. On the program were the introductions of class groups and the award of a Gilbert's Campus Shop hat to Ed Figel, Chicago, of the 1911 Class.

Reunion festivities were brought to a close on Sunday morning when an overflow crowd attended a Low Mass celebrated in Sacred Heart Church and listened to a sermon preached by the Rev. Joseph Barry, C.S.C.
Club Presidents Meet Here
For 2-Day Workshop Session

The biennial Presidents Council was attended by representatives from 68 local alumni clubs in all sections of the United States. Held at Notre Dame on June 6-7-8, the agenda was concerned with various aspects of the nationwide club program as well as the relation between various University departments and alumni groups.

The presidents assembled for an informal dinner on Wednesday evening in the Morris Inn, followed by a showing of the new Lobund Institute film and the Football Highlights of 1955. Professor Robert Ervin of the Lobund staff conducted a question and answer period regarding research being conducted in the Laboratories of Bacteriology.

Joseph I. O'Neill, Midland, Texas, national president of the Notre Dame Alumni Association, and Robert Gore, Ft. Lauderdale, Florida, association vice-president, opened the session on Thursday morning with appropriate remarks. James E. Armstrong outlined the purposes for a Notre Dame alumni club while Patrick J. Fisher, member of the Alumni Board of Directors, talked on the program for Universal Notre Dame Communion Sunday scheduled for December 9, 1956.

Rev. Alfred Mendez, C.S.C., spoke on the University’s Placement Office and enlightened the audience with various facts and figures concerning the recent survey made of alumni placement possibilities.

The highlight of the day’s program featured Rev. Theodore M. Hesburgh, C.S.C., who gave an inspiring and informative talk to the presidents on the University’s present and future program at a noon luncheon. Director of Athletics Edward W. Krause summarized varsity sports activities for the year and answered questions about future football game commitments.

Rev. John J. Cavanaugh, C.S.C., director of the Foundation program, gave a brief formal presentation of fund raising activities at the University which was followed by a question and answer period on Foundation topics. Alumni Board member James Ferstel, and club vice-president Francis Milligan, both of Chicago, Ill., participated on the panel of “Undergraduate Relations.” Milligan rendered an outstanding report on the Chicago Club’s Prep School Relations Committee.

A group of club presidents including Ralph Else of Buffalo, Jake Reichenstein of Dallas, Russ Farrell of Kansas City, and Don O’Brien of Houston, formed an impromptu panel on the discussion of women’s auxiliaries. Sectional meetings for clubs with specific problems were held on Thursday afternoon with George Meeker of Los Angeles in charge of the metropolitan organizations; Louis Lujan, Albuquerque, N. M., moderator for the geographical area clubs; and Jim Armstrong, director of discussion for the centralized community clubs.

Following dinner, a publicity and public relations panel was held in the Morris Inn featuring J. Arthur Haley, director of public relations, Charles Callahan, sports publicity director, and James E. Murphy, director of public information, as the principal speakers.

Returning for their 5th, 191 members of the 1951 Class 'signed up' at the general registration desk.

Strains of the Victory March echoed 'on the mall' as the 'massed bands' (?) of alumni and high school importees marched with '31'ers to the Alumni Banquet on Reunion Weekend. Class Secretary Jim Doyle led the Silver Jubilee group.

The 1936 class, back for their 20th, celebrated with a buffet supper on Friday night at the Rockne Memorial.
The Class of '41 had a great weekend and a fine turnout. Dillon Hall was their headquarters during Reunion festivities.

Ed Figel, '11, of Chicago, Ill., won the Gilbert's Campus Shop door prize at the Alumni Banquet on Reunion Weekend. Hilton Cramps, store manager, makes the presentation of a Dobbs hat to Mr. Figel while Toastmaster Jim Armstrong beams approval.

The Class of '26 elected John Ryan president, succeeding Ray Durst, for the ensuing five years.
Degrees Awarded Graduates
At 111th Commencement

Admiral Arleigh A. Burke, chief of naval operations, delivered the commencement address and the Most Rev. Thomas K. Gorman, Bishop of Dallas-Fort Worth, preached the baccalaureate sermon at the University of Notre Dame's 111th annual commencement on June 3rd. Approximately 1,122 graduate, professional and undergraduate degrees were conferred by Rev. Theodore M. Hesburgh, C.S.C., at exercises in the Stadium.

Give Honorary Degrees
Honorary degrees were awarded to the two speakers as well as to Secretary of the Treasury George M. Humphrey, Washington, D.C.; Frank M. Folsom, president of the Radio Corporation of America, New York City; Dr. Marston Morse, a noted mathematician at the Institute for Advanced Study, Princeton, N. J.; William K. Warren, chairman of the board, Warren Petroleum Corp., Tulsa, Okla.; Dr. Philip E. Mosely, professor of international relations at Columbia University's Russian Institute, New York City; Walter Duncan, '12, LaSalle, Ill., oil executive; and John A. Coleman, of Adler, Coleman and Co., New York brokerage firm.

Duncan is an alumni member of Notre Dame's Associate Board of Lay Trustees. Folsom, Coleman and Warren are members of the University's advisory councils. Warren's son, William Warren, Jr., is president of the 1956 senior class, while Coleman's son, Thomas A., is a member of the class.

A Solemn Pontifical Mass was celebrated in the Stadium by the Most Rev. Leo A. Pursley, Apostolic Administrator of the Diocese of Fort Wayne, Ind. Following the Mass Father Hesburgh blessed an American flag which the seniors presented to the University on Washington's Birthday. Traditionally, the flag is blessed and flown for the first time on graduation day and then throughout the following year.

In his address Admiral Burke declared that the United States "will never wage a war of aggression." He warned, however, that we will not be "pushed around by any tyrant or groups of tyrants that threaten the cause of freedom in this world."

Adm. Burke Cited
Burke was the principal speaker and was cited as "the highest type of military leader." Secretary of the Treasury George M. Humphrey was commended for his "quiet yet forceful statesmanship" in dealing with the economic complexities of these times.

Admiral Burke asserted that "the strength of our moral principles" in America is even greater than our military might and industrial resources. He described our American concept as "brilliant" compared to Communism "which is presently engaged in repudiating its own founders." The World War II naval hero told the Notre Dame Alumnus, August, 1956
Dame graduates “your fitting-out period has ended. You are headed for an open sea,” he said, that is “more challenging, more capricious, and as a consequence, more demanding than it has ever been in our nation’s history.”

Bishop Gorman, in the baccalaureate sermon, contended “there is probably more know-how about our world coupled with less know-what-it-is-all-about than ever before in history.” He attributed this to “two voluntarily self-imposed blind spots in large and growing sections of the learned and scientific world.”

**Reason and Free Will**

He said that in their rejection of reason and free will a vast group of the world’s scholars and scientists have discarded “as working instruments the two human tools that distinguish men from beasts.” To reject reason, he said, or “even seriously question its validity as the sceptics of various stripes do, is to remove moral certitude from the whole field of learning and life.” Those who deny free will in the area of morality and moral responsibility, Bishop Gorman said, “surrender to the blind irresistible forces of nature pushing men on helplessly toward goals they know not of or of no goals at all.”

The annual $500 Lay Faculty Award of the Notre Dame Alumni Association was presented at the commencement exercises to Professor James Dincolo, head of the accounting department in Notre Dame’s College of Commerce. A native of Medford, Mass., Dincolo has been a member of the Notre Dame faculty since 1937.

Most Rev. Thomas K. Gorman, Bishop of Dallas-Fort Worth, preached the baccalaureate sermon at Notre Dame’s 111th annual commencement.

William K. Warren, chairman of the board, Warren Petroleum Corp., Tulsa, Okla., who was an honorary degree recipient, congratulates his son, William K. Jr., president of the Senior Class, after the latter had received a bachelor’s degree from Notre Dame’s College of Commerce.

Admiral Arleigh A. Burke, USN, Chief of Naval Operations, delivered the Commencement address at Notre Dame’s June graduation exercises. To his right is Rev. Theodore J. Mehling, C.S.C., Provincial, Indiana Province of the priests of the Congregation of Holy Cross.

Editorial Comments

Will your son come to Notre Dame? From a number of comments during the recent Alumni Board meeting, the Council of Local Alumni Club Presidents, and the Reunions, (it was a full week), you might think that the above question was something new, something frightening.

Actually, it has always been a reasonable and real question. Plus others that follow.

Does your son want to come to Notre Dame? Some don’t.

Can you afford to send your son to Notre Dame? Some can’t.

Is your son prepared to come to Notre Dame? Some aren’t.

Under the partial interpretation of the wide publicity given Father Theodore Hesburgh’s aspirations for Notre Dame, there has been a corresponding misinterpretation of Notre Dame’s admission policy in the years ahead.

So far as I know—and the Club Presidents and those attending the 1956 Alumni Banquet should bear me out in this—there is little change in policy except the recognition of the same factors that are accompanying the other competitive factors in your life.

The world is demanding different things for success, in some respects, than it formerly demanded. To succeed in business, in literature, in law, in medicine, and in many other fields of endeavor, it is necessary to be better because channels of communication have improved the perceptive powers of those measuring success.

Therefore it is only logical that your son, to meet the new world, should be prepared for the new standards.

And the old questions remain just as applicable.

In thirty years on the campus since graduation, it has been my observation that some boys who have come here to please an alumnus father have not been happy, and often not successful because of it. To make your son want to come to Notre Dame is a job for you, requiring information, participation and inspiration.

Can you afford to send your son to Notre Dame? The same long period of observation has convinced me that much heroic sacrifice has been put into sending some alumni sons to Notre Dame. Aside from sentiment, and loyalty, which are beyond price, I am not sure that much of this sacrifice has been repaid, either in the education derived, or in the institutional ties, often much weaker than those which motivated the sacrifice.

Is your son prepared to come to Notre Dame? This is the question which does have a bearing in an era of intensive selection, and of rising standards of admission. These conditions are not peculiar to Notre Dame. Any boy heading for higher education in the years ahead will have to intensify his preparation, whether for Notre Dame or any other private college or university—and State schools are rapidly moving to effect the same standards, to conserve their limited plant and personnel resources.

Your move in this area is to interest yourself in your son’s preparation long before he files his application for college.

See that the sound basic fundamentals of reading, writing and arithmetic of his elementary school years find more than a glancing impact on his young mind.

When he enters high school, see that the boy and the school are aware that he intends to go on to college. You can easily determine that he has a course of studies to match the requirements of Notre Dame, for example, which are not unique. And you should, for the boy’s sake and the sake of his high school, insist on enough work to pass these courses with high enough grades to keep him in the upper section of his class. This is not the work of a genius that is asked—regular study habits, and a reasonable amount of work will attain it, with adequate time left for the broadenings activities that will bring out the leadership qualities and the spiritual and cultural contributions to character that will enter into his college entrance screening.

You aren’t driving a 1920 car. Your wife isn’t wearing a 1930 dress. You don’t depend for your entertainment on a crystal set or a phonograph. And you don’t really and truly expect Notre Dame, or any other college or university, to turn out the same graduate to meet this new world that it turned out to meet the world of one or two or four decades ago.

It would be just as reasonable—and I fully anticipate the attack—to resent the improvement of Washington Hall because it has resulted in the assassination (by paint-brush) of three of the greatest men in the history of oratory and patriotism—George Washington, Cicero, and Demosthenes, whose benign and inspiring faces have for decades looked down on increasingly inadequate facilities.

Your sons will not regret the steps Notre Dame is taking. They would be far more likely to regret their not being taken.

McCarthy Leaves ND: Will Enter Business

Dean Emeritus James E. McCarthy, of the College of Commerce, has resigned to enter private business, effective June 1, according to a recent announcement. Dean McCarthy was head of the College of Commerce for 32 years prior to his succession last fall by Dr. James W. Culliton.

McCarthy will establish his own management consultant office and also be vice-president in charge of education and public service programs for the Gerity Broadcasting System of Michigan.

Dean Emeritus McCarthy
Father Lauck Judges Drawings

The Rev. Anthony Lauck, C.S.C., of Notre Dame’s Fine Arts Department, served as chairman for the art jury recently in Cincinnati, O., where he judged drawings of the Sacred Heart. These drawings were by artists from every part of the United States, and were entered in a contest sponsored by Xavier University and the Apostleship of Prayer. The best drawings were placed on exhibition at the Annual Sacred Heart Conference to commemorate the 100th Anniversary of the Feast and later they will be shown in various places around the nation. Other members of the Art Jury appointed to judge the nationally represented collection of drawings were Louis Bouche and Alfred D. Cribb, both renowned American artists, living in the State of New York.

During the Conference, Father Lauck conducted a gallery tour and a discussion of the art works. Notre Dame has already arranged to bring the exhibition to its own galleries at a later date, where the work will receive further study.

Borden Freshman Prize

Establishment of an annual Borden Freshman Prize at Notre Dame has been announced by the University’s Committee on Scholarships and Prizes.

An award of $200 will be given by the Borden Company Foundation, Inc. of New York City “to the student who has achieved the highest average grade among the members of his class for all college work taken during the freshman year.” Students enrolling as freshmen next September will be eligible for the presentation which will be made early in their sophomore year.

According to H. A. Ross, president of the Borden Foundation, the Borden Freshman Prize is being established at a limited number of colleges and universities “to emphasize the importance of scholarly work at the very beginning of the student’s college career.” The Foundation has provided a number of annual scholarship awards to college seniors for several years.

Fr. Cavanaugh Talks at New Hampshire U.

Delivering the baccalaureate sermon at commencement exercises of the University of New Hampshire, Father John J. Cavanaugh, C.S.C., told the graduates that they must “never be contented with mediocrity. If you want peace of soul,” he said, “you must strike out for a certain leadership in your civic community, in your business or professional life, in the cultural environment which you enter, in the alertness that you develop towards the affairs of this beloved country, and in its relations to the other peoples of the world.”

Now director of the Notre Dame Foundation, Father Cavanaugh stressed that freedom of the thinking power, great as it is, is only one phase of freedom of the spirit of man. “Freedom of the moral side of the human personality is equally, if not more, important,” he said.

Most of the crises of our day, whether they affect the family, the nation or the world at large, “are spiritual and moral crises even more than they are intellectual,” Father Cavanaugh contended. “Their solution,” he said, “will be found by persons of trained and enlightened minds only if in the spirit of mercy and love and God’s invisible help, they will have achieved freedom in their own hearts.”

N. D. Receives CBS Grant

Notre Dame is one of sixteen privately-supported colleges and universities from which twenty-five key CBS executives were graduated who will receive a grant of $2,000. The money can be used where most needed, according to an announcement recently by CBS Foundation, Inc., the agency for making educational and charitable contributions on behalf of CBS, Inc., and its divisions. The grants for all 16 schools total $50,000.

The figure of $2,000 approximates the “cost of education” which is paid from an institution’s endowment or other accumulated funds and is over and above the costs actually charged to the student. Like other college graduates, the CBS executives were not asked to pay this additional part of their college costs at the time they were students. CBS Foundation Inc. began in 1954 its plan of “repayment” on behalf of a limited number of CBS executives meeting certain qualifications.

### Complications Cause Death of Mrs. Rockne

Mrs. Bonnie Skiles Rockne, 64, widow of Notre Dame's immortal football coach, Knute Rockne, died at 4:42 p.m. June 2, in St. Joseph Hospital, South Bend, Ind.

Hospital authorities attributed Mrs. Rockne's death to complications. She had been a patient for several weeks.

Mrs. Rockne lived quietly in the brick home that she and her husband built after he became the most famous coach of his era. Rockne died in a plane crash in 1931 at the height of his career.

The widow of the man who made Notre Dame and football nationally synonymous as a player and a coach never sought the glare of publicity, though former players and friends of her husband often visited her in the years after his death.

Her activities centered largely around her family and St. Joseph's Catholic Church, her influence being a major factor in her husband's conversion in 1925.

In the days when "Rock" was in his prime as coach of the Notre Dame football teams, Mrs. Rockne was much more than the wife of the coach. She won her place in the hearts of her husband's players as a "mom" to the boys, and many a night her home would be filled with Rockne's boys, many of them now remembered as football greats.

The Rockne home in those days was not far off campus and the players (Continued on page 15)

Father Cavanaugh

(Continued from page 12)

Holy Cross College, Washington, D. C.

In 1933 he studied at the Gregorian University in Rome and received a Licentiate in Philosophy. Father Cavanaugh was appointed prefect of religion at Notre Dame in 1934 succeeding the Rev. John F. O'Hara, C.S.C., who later was to become president of the University and now is Archbishop of Philadelphia.

Father Cavanaugh was named vice-president of Notre Dame and chairman of the Faculty Board in Control of Athletics in 1940 and he succeeded the late Rev. J. Hugh O'Donnell, C.S.C., in the presidency. Father Cavanaugh has been director of the Notre Dame Foundation since 1952. His brother, Rev. Francis P. Cavanaugh, is professor of sociology at the University.
Redecorate Washington Hall; Install Cinemascope Screen

Notre Dame's venerable Washington Hall, scene of thousands of concerts, plays, lectures and historic convocations since its dedication in 1882, is being completely remodeled and redecorated this summer. Scheduled for completion by September, the project includes new seats, carpeting, stage curtains, radiant heating, a cinemascope screen and public address system.

According to Rev. Arthur Harvey, C.S.C., director of the University Theatre, virtually all of Washington Hall's facilities will be new or greatly improved even though no major structural changes will be made in the 75-year-old building. Workmen already are busy from backstage to the lobby and scaffolding rises from the orchestra floor to the ceiling.

The seating capacity of Washington Hall when remodeled will be 848, only slightly less than at present. New automatic uplift chairs with light oak arms and upholstered in red mohair will be installed in the orchestra and balcony. The aisles and side areas of the theater proper are to be carpeted in charcoal grey while variegated black and white rubber tile has been chosen for the flooring beneath the seats.

The ceiling of the campus theater will be painted persian grey and the walls and woodwork will be crystal grey. The proscenium arch is to be framed in two tones of grey with gilt. A brilliant gold velour front curtain with matching valence has been ordered for the stage. The gold motif will be carried out in grand drapes covering the windows.

Father Harvey said that all lighting fixtures in the building are to be replaced. New down lights will provide illumination from the ceiling and recessed lighting will be installed under the balcony. A super carousel lightolier, suspended from the center of the ceiling, will be the only decorative lighting fixture in the theater.

Always known for its favorable acoustics for dramatic and musical events, Washington Hall's acoustics will be improved further with the installation of fibre glass material in the rear walls as well as by a new public address system recessed in the walls. For the first time, three dimensional movies will be shown there with the installation of a cinemascope screen and the necessary additional projection and sound equipment. The remodeled building will have radiant heating and a new ventilating system throughout.

Backstage, a new silver ripple traveler curtain, a new dimmer unit for the recently installed light board and new nylon rope rigging will add to the attractiveness of theatrical productions and to the efficiency of stage crews.

Washington Hall's lobby and mezzanine, too, will be completely redecorated. They will be painted in sandalwood and coral, but the natural oak of the grand staircase will be preserved. The masks of tragedy and comedy, traditional symbols of the theater, will be inlaid in the center of the lobby's tile floor.

Dr. Matt Sullivan (standing), president of the Washington, D.C. Alumni Club, was on a panel session with Maynard Bissonnette (left), president of the Kankakee Valley Club, during the recent Presidents Council held on the campus. John Cackley served as moderator.

Mrs. Rockne

(Continued from page 11) gathered in the coach's living room to hash over the day's activities and their plans for days to come.

Mrs. Rockne was born in Upper Sandusky, O., Dec. 18, 1891, and was educated in public schools there. She met Knute Rockne at a summer resort at Cedar Point, O.

Surviving are four children, a daughter, Mary Jeanne, at home; three sons, William D., South Bend, Knute Jr., Chicago, and John V., South Bend; a half-sister, Mrs. Joseph Dierickx, South Bend, and four half-brothers, William and Justin J. Jones, South Bend; Elvin Jones, Rt. 2, Niles, Mich., and Ira Jones, Kenton, Ohio. There are five grandchildren.
Prior to the end of the spring semester, the Rev. Theodore M. Hesburgh, C.S.C., celebrated a military Mass in Sacred Heart Church which was attended by members of Notre Dame's R.O.T.C. units. Preceding the Mass, Rev. Robert Woodward, C.S.C., Director of the Office for Military Affairs at the University, delivered a "Memorial Day" address to student members of Notre Dame's Army, Air Force and Navy groups.

Extracts of Father Woodward's remarks are as follows:

It is altogether fitting that we on this day revere the memory of those who have preceded us and who fought with their blood the liberty of free-men which we enjoy. Although we never knew their company, nevertheless we are their companions and their compatriots.

It is equally fitting that we pay tribute to those who have preceded us in this University and who as citizens and as soldiers have established a renown for patriotism, for learning and for Catholic leadership. It is to their wisdom, devotion and example we are their companions and their comrades.

In the face of this ever rising challenge we note a serious lack of generosity and of positive attitudes on the part of Catholic students. Indeed, from the founding of this republic till now, we Catholics have been without an adequate sense of social responsibility. There is too much passive submission and surrender. We need more stiffening. We are too soft, too pliant and too compromising on principle. We must be everywhere and in every problem which we face up to new problems which impose new obligations and require new solutions. The challenge that is offered to every educated Catholic is to live in the midst of this changing world and yet to remain unchanged. At a time when everything is in preparation—everything in process, when nothing is completed and nothing fully accepted, we must stand firm and uncompromising on principle. We must be equally opposed to drift as to destiny. We must be conservative, and yet remain creative.

This is the heirloom which gives character and courage to people, and which when lost, leaves them spiritually bankrupt and divided.

We are living in a new era and we must face up to new problems which impose new obligations and require new solutions. The challenge that is offered to every educated Catholic is to live in the midst of this changing world and yet to remain unchanged. At a time when everything is in preparation, everything in process, when nothing is completed and nothing fully accepted, we must stand firm and uncompromising on principle. We must be equally opposed to drift as to destiny. We must be conservative, and yet remain creative.

KERVICK FARM DONATED TO OPUS DEI MOVEMENT

Professor Emeritus Francis W. Kerwick, former head of Notre Dame's Department of Architecture, has donated a farm in Vermont to the Opus Dei movement. This is the first secular institute approved by the Holy Father. Plans are under way to remodel the farm house that will be used for retreats, days of recollection and courses on spirituality.

Opus Dei was started in October, 1928, by Msgr. Joseph M. Escriva and its primary purpose is to achieve the personal sanctification of its members and to spread the life of Christian perfection. Members are men and women from all walks of life who continue to live their normal ways without the habit or community life of a religious but who consecrate themselves to God by private vows of poverty, chastity and obedience.

Scultor Award Presented
To Professor Mestrovic

Professor Ivan Mestrovic of Notre Dame received the Gold Medal for Sculpture of the National Institute of Arts and Letters at a recent ceremony in New York. The 72-year-old internationally recognized artist is generally regarded as the outstanding living sculptor of religious subjects.

Mestrovic accepted the award at the joint annual ceremonial of the Institute and the American Academy of Arts and Letters. He was also formally inducted as a newly elected member of the Institute. A Gold Medal for Music was presented to Aaron Copland who has been described as "America's first great composer."

The Institute's gold medals are awarded for distinguished achievement in each of two distinct branches of the arts each year. Ten artistic fields are designated for the award, each being dealt with in rotation every five years. The entire work of the recipient, rather than a specific example, is taken into consideration. Previous medalists in sculpture were Augustus Saint-Gaudens, George Gray Bernard, Paul Manship and James Earle Fraser.

Mestrovic joined the Notre Dame faculty as professor of sculpture last September. His "Pieta" was recently placed in Sacred Heart Church on the campus after having been exhibited for several years at the Metropolitan Museum in New York City.

Memorial Day Sermon
(Continued from page 16)

Our aim at Notre Dame is to develop leaders who will think more of cause and of principle than of themselves. We expect Notre Dame graduates to have high ideals and strong convictions. We are disappointed if they are lacking in normal initiative and legitimate ambition.

Only as a commissioned officer can the college graduate enjoy the prized privilege of living and of associating with those of his own cultural background and tastes. Only as an officer will he have the chance to exercise and to develop in himself those very gifts and traits that make for success in every walk of life. Only the officer is permitted and is required to make decisions, to shape policy and to affect the life and character of others—and to a greater degree, and at an earlier age, than anyone, anywhere else.

It is our hope that you young men will continue as you have begun and assume the responsibilities of leadership—in one or other of the Armed Services. Without question Notre Dame has the right to expect that you will not set for naught the lessons learned here and first taught you in your homes and in your parishes. Wherever you may be, and under whatever circumstances, let your life and conversation reflect a full and a true Christian culture.

Student Art Show
Displayed at N.D.

One of the largest single exhibitions of art work by students, featuring 150 pieces, opened in the University Art Gallery on Thursday, May 31, and will be on display until July 15.

From the classes in life drawing under Stanley S. Sessler, Head of the Fine Arts Department, are charcoal sketches, pastels, and crayon work of the human figure and portrait studies.

There is an interesting exhibit of sculptures in plaster and patines by students in the graduate studios of Ivan Mestrovic, Notre Dame's distinguished sculptor. A large relief by Mestrovic serves as the centerpiece for the entire exhibition in the west gallery.

Fred Beckman's classes show studies in commercial art, designs for radios, work in hammered and tooled metals, and studies in three-dimensional geometric design. The featured work from the Beckman classes is a scale model in plexiglass for a new car body, done as his thesis by Virgil Exner, Jr., styled with a new and refreshing streamlining pattern. For this unusual work, Exner won the 1956 Jacques Medal.

Figures of St. Dymphna done in bisque, mosaic panels of the head of Christ, crossed-plane animal forms in ceramic, and several studies of the human figure in patined plaster represent the various classes in sculpture under Rev. Anthony Lauck, C.S.C.

Some of these works were recently seen in the Student Sculptors' 6th Annual.

A large group of paintings in oil...
Casein, tempera, and other special bases are the work of advanced painters under Robert Leader. They reveal the study and understanding of many modern forms of expression and contemporary handling of theme and style.

NEW ASSIGNMENTS GIVEN TO PRIESTS

Rev. Louis J. Thornton, C.S.C., has been appointed placement director at Notre Dame and Rev. Richard D. Murphy, C.S.C., has been named his successor as director of admissions. Their appointments were recently announced by Rev. Theodore M. Hesburgh, C.S.C., president.

Father Thornton, who had held the admissions post since 1945, replaced Rev. Alfred F. Mendez, C.S.C., who recently was named director of development for the Holy Cross Fathers' Indiana Province. Father Murphy has been an assistant professor of physics at Notre Dame since 1950.

A native of Birmingham, Ala., Father Thornton was graduated from Notre Dame's College of Commerce in 1929. He took graduate work at New York University and Columbia University and was associated with the Guaranty Trust Co. of New York City for nine years. Returning to Notre Dame in 1938 as an instructor in finance in the College of Commerce, Father Thornton began his studies for the priesthood the following year. He was ordained June 24, 1944, and became university registrar a year later. His title was subsequently changed to director of admissions.

Father Murphy was born in Lima, Ohio, but spent most of his youth at Marion and Anderson, Ind. He entered Holy Cross Seminary at Notre Dame in 1921 and was graduated from the university in 1931. Since his ordination on June 24, 1934, he has been a faculty member at St. Edward's University, Austin, Tex., at the University of Portland in Oregon, and at Notre Dame. He is a member of the American Institute of Physics.

DUKE AND CALIFORNIA

ADDED TO GRID SCHED

Duke, Georgia Tech and California will be future football opponents of the Fighting Irish according to an announcement by Edward W. Krause, Director of Athletics. Notre Dame is scheduled for a two-game series with the Blue Devils beginning in 1958 with the latter visiting here for the first grid game ever scheduled between Duke and the Irish.

Georgia Tech will play at Notre Dame in 1959 but since Notre Dame's 1960 schedule is already completed a return game with the Rambling Wrecks is not slated at that time. Tech and N.D. have battled on 16 occasions, beginning in 1922, with the Irish victorious in 14 games.

A two-game series between Notre Dame and California will start in 1959 with the first contest to be staged in Berkeley.

Akon

On Tuesday evening, April 10th, the Notre Dame Alumni Club of Akron celebrated Universal Notre Dame Night with a dinner in the Akron City Club. At the meeting, the club presented the scholarship award to John Shaul. The meeting started with a brief introduction of the Headmaster of the University of Notre Dame in 1911, who was honored and named as the Akron Notre Dame Club’s man of the year.

The meeting and dinner turned out to be a “Hilkert Night.” The Award to Hilkert was presented by his son, the Reverend Robert Hilkert, 1976, Director of the Office of Alumni Relations and Development, and author of the book, “Everybody Calls Me Father.”

Lawrence Baldinger, Dean of the Science department at Notre Dame, addressed the club on the growth of the University’s Campus, and told of new dormitories and dining halls to be erected.

Election of officers followed the dinner. Newly elected officers are: Tom Botzum, President; A. Henderscheid, Vice-President; Robert J. Kapish, Secretary; and Gerald Klein, Treasurer.

Club President Tom Botzum attended the annual meeting held at Notre Dame in June. He represented the local club at the two-day conference which was attended by presidents from 87 clubs across the country. This was the first time the Akron club appeared at the conference. Tom reported it was a huge success and he picked up several wonderful ideas which he plans to pass along to the Akron alumni in the near future.

Denis Shaull will begin classes on a full tuition scholarship at Notre Dame this fall. He is the son of Mr. and Mrs. John Shaull, 229 Beek Avenue and was awarded the scholarship on the basis of college entrance examinations.

—Bob Kapish, Secy.

Aurora

Early this year the club sponsored the appearance of the Notre Dame Glee Club in Aurora. The event was most successful and Chairman of the event was Roy O’Neill, a former member of the Glee Club.

This is one of the activities that the Club sponsors to raise money for our scholarship fund. This year’s recipient will be announced in the near future. John Ambre (’29), who was awarded our first scholarship, has made the Dean’s Honor Roll this year.

At our current meeting the following business took place:

Election of officers for the current year: Honorary President, Robert Kearns; Vice-President, Wayne Curran; Secretary, John Orso; Treasurer, Dick McCarthy.

Discussion of future club activities: Chicken Fry, Co-chairmen, Dick Reedy and John Reilly; Golf Outing, Co-chairmen, Ted West and Owen Kane; Dinner Dance, Co-chairmen, Jack Moyster and Bob Thumm; Communion Sunday, Chairman, Bill Ghagow; Football Ticket Raffle (name of winner to be selected later), Co-chairmen, Lynn Frett and Roy O’Neill.

—John Orso, Secy.

Buffalo

The April meeting was held at the Hotel Sheraton with President Ralph Else presiding. A short business meeting was held followed by a happy discussion of the activities of the club. It was a pleasant meeting, with everyone contributing ideas and plans for future activities.

The highlight of the meeting was the introduction of James Rose, who is this year’s winner of the Buffalo Club’s $2,000.00 scholarship. Everyone was deeply impressed with Jim. He was President of his Senior Class at Father Baker’s High School, Editor of the yearbook and he earned his varsity letter in every sport. The high schools in this area were screened and Jim was selected. Best of luck, Jim!

This year’s Star Pienie was under the direction of John Novak and Henry Balting, Jr. It was held on Saturday, June 30, at Cook’s Paradise Grove. This was our third year at Cook’s and everyone who has ever been there will certainly agree it is a terrific place for a picnic.

Maurice Quinn was appointed as chairman of Catholic Action and Education; Bernard Bird chairmen of Reception; and Tony Rocco chairmen of Publicity.

Last year’s president, Jack Shinn, has been transferred to New York City by his company. We all send our best to Jack and a word of thanks for last year’s wonderful job.

President Ralph Else presented the ND football trophy to Canisius High School at their annual Sports Night. The ND trophy was retired by Canisius this year since this was their third winning of the trophy. A new trophy will be sponsored by the Buffalo Club beginning next fall.

Maury Quinn retired the golf trophy. He is still hitting them far and wide. Maury is donating the trophy for the annual golf tournament, in memory of his late Mother. It will be called the Mary A. Quinn Memorial Trophy.

Bus Pfeil has been appointed Chairman of the annual ND Night at the Races to be held June 19, 1966. Many thanks again for the efforts of Jim Dunningan, President of the Buffalo Trotting Association.

Congratulations are extended to Mrs. John P. Boland, the newly elected President of the Alumni-Wives. Mrs. Cyril Rikard was in charge of plans for the annual family picnic held at the Akron Falls Park, June 6, 1966.

Canada

The first meeting of the Alumni Association of Canada was held recently and a Constitution was adopted and submitted to the Alumni Office.

The dinner meeting was in Montreal on May 30th with 15 alumni in attendance. Held at the Steel Company of Canada’s offices we had the pleasure of having Father Maurice Desjardins with us as the speaker.

Officers elected were as follows: Honorary President, Frank J. Shaughnessy; President, P. H. Laframboise; Vice-President, Joe Brennan; Secretary, Ed Mulcair; Treasurer, Bob Henaust.

Two (2) of the Directors out of the five (5) to be elected, were also chosen, namely Father Maurice Desjardins and Bill Sanctel there. (3) other Directors will be chosen from the alumni across Canada as provided for in the Constitution. Therefore, the Board of Directors will be made up of five (5) Officers and five (5) Directors.

We also had the pleasure of having with us Larry Sullivan who was coaching at McGill in Montreal and we are sure as time progresses that we will be able to bring in a good percentage of the alumni residing here in Canada.

Ed Mulcair, our Secretary, will issue News Letters from time to time informing those who are living in other parts of Canada, of our proposed activities and advising that we will have a permanent secretariat located in Montreal where any visiting alumni will be able to contact members of our group in Montreal or vicinity.

—P. H. Laframboise, Pres.

Canton

Last Fall, the ND ticket office sent us 50 tickets to the Notre Dame-Miami game.

The meeting of the game, some of the Canton Alumni, together with their friends, chartered a plane and flew non-stop to Miami. It was a genuine pleasure to have our own cheering section for the game.

We are very grateful to the ticket office for allotting us such a block of tickets and hope the good will and favorable publicity will offset the cost.

The trip was such a huge success that with the help of the ticket office, we are planning another chartered flight trip again this coming season.

Universal Notre Dame Night was observed by the Alumni of Canton and Stark County on Wednesday, April 11, at the Holiday Country Club. A very good turnout was on hand to hear Dean Baldinger of the Science School briefly the Alumni on the latest developments at Notre Dame concerning prospective and present students. He told the Alumni of the new counseling and testing programs. The observance this year was different, in that wives were present, and we hope that this will be an annual affair observed in this manner.

After the dinner and the Dean’s talk, movies CANTON—Dean Lawrence Baldinger, of the College of Science, was the club’s featured speaker on Universal Notre Dame Night.

2. Annual Picnic during each Summer.
3. Universal N.D. Night each April at which time we hope to have a "Man of the Year" selection.

PAYNE, JR., '39, continues in the post of Membership Secretary.

At the annual Rockne Memorial Breakfast in the station, DENNIS J. P. O'NEILL, '51, was honored by the members as the Club's Notre Dame Man of the Year. HUGH M. O'NEILL, last year's recipient of the award, made the presentation. Father Hesburgh's first visit to Connecticut, and the first time in over twenty years that any president of the University has been to the state. Nearly 300 persons attended the statewide reception and dinner held in his honor at the Hartford Club by the Connecticut Valley Club.

Archbishop Henry J. O'Brien of the Archdiocese of Hartford and Governor Abraham A. Ribicoff were on hand to welcome Father Hesburgh to Connecticut. Other guests included Auxiliary Bishop John F. Hatchett of Hartford; Montigneur Kelly, Vice General of the Diocese of Norwich; Father Carl Scherer, club chaplain; and congressman Thomas J. Dodd. Judge Jim Murphy of New Haven acted as toastmaster.

DENVER—The club's scholarship winner is Ronald J. Telk (center). From left to right: Eugene Blish, Telk and Arthur L. Anderson.

The proverbial stepping pin could be heard as a captivated audience listened to Father Hesburgh deliver Notre Dame themes of the past, present, and future. He pointed out that Notre Dame has the four qualities that make a university great: a great spirit, a great student body, a great faculty, and a good physical plant. Father Hesburgh also stressed that Notre Dame has always attempted to train the individual to be a good man, no matter what his chosen field of endeavor.

Another highlight of the evening was the presentation of the man of the year award. The president or another officer of each club announced the respective recipient, and Father Hesburgh presented the award. FATHER CARL SCHERER, club chaplain, was our man of the year.

This Universal Notre Dame Night celebration was successful due to the efforts of many, but a few men deserve special recognition. HANK MCCANN, general chairman, BILL WAELDNER on tickets, BOB DALTON on publicity, and JOHN ROBINSON on invited guests did a swell job. ART MCGEE, JOHN ROBINSON, and TIM MURPHY were very ambitious ticket sellers. Our thanks also go to the Naugatuck, New Haven, and Southwestern Alumni Clubs for their aid in making this affair one for the books.

At the last club meeting, the following officers were elected for the coming year: ART MCGEE, president; HANK McCANN, vice-president; LOU BERGERON, secretary; and BILL WAELDNER, treasurer. For board of governors, JOHN ROBINSON was appointed for three years, FRANK AHern for two years, and DON McMANUS for one year. The club took the first step in forming an auxiliary by appointing a committee comprised of Mrs. Frank Ahern, Mrs. Tim Murphy, Mrs. Bob Dalton, Mrs. Floyd Richards, Mrs. Joe Holbach, Mrs. Don McManus, and Mrs. John Robinson to act as a nucleus.

—LOU BERGERON, Secy.

**Rome, Italy**

Universal Notre Dame Night was celebrated by Notre Dame Alumni, families and friends at Notre Dame International School for Boys in Rome on the night of April 28th, 1956.

Hosts were the Brothers of Holy Cross with BROTHER LOYOLA CHRISTOPH, C.S.C., headmaster of Notre Dame School, welcoming the guests. Invited as principal speaker, the VERY REV. CHRISTOPHER O'TOOLE, C.S.C., Superior-General of the Congregation of Holy Cross, was unable to attend. In a cordial letter Father O'Toole delegated FATHER EDWARD L. HESTON, C.S.C., Procurator General of the Congregation, to address the gathering. Father Heston made his theme the contribution that Notre Dame University is making to foster genuine Catholic culture in the modern world.

Demonstrating the traditional Notre Dame family spirit, the evening was programmed as an informal buffet supper with a non-Roman dish taking the spotlight: Baked Beans.

Gathering in the student dining-room, a piano was rolled in and all let out with The Victory March. As a volume builder one side of the dining room was pitted against the other to outdo the other. To induce the full spirit of combat was snapped by none other than "Grace Kelly's doctor" (DR. JERRY HORN, ex-N.D.) who is a medico stationed aboard the S.S. Constitution which brought the Princess over.

A special feature of the celebration was a "matinee" staged especially for ex-Notre Dame students who are attending St. Mary's College in Rome. There were able to stay on (before their holy curfew) long enough to meet and mingle with early arrivals of the evening.

The roster reads: REV. EDWARD L. HESTON, C.S.C., and 17 other priests, seminarians and brothers of Holy Cross—FATHERS MANNY and O'Rourke, O.P. (Alumni)—PROFESSOR PAUL BOGCO, Boys' Dean; LIEUTENANT BILL HENDRICK and CARL DOOZAN at- tended the Presidents Council, held at Notre Dame in June, at which were representatives from 68 ND alumni clubs from various sections of the nation.

**San Diego**

San Diego alumni held their annual June Council Breakfast on June 3 with WALTER G. STEFFEN, '40, chairman of the event. The club chaplain, RT. REV. MGR. FRANCIS C. Tentative plans for the club's summer schedule called for a beach party and a picnic. HOWARD BEILSTEIN, '47, was recruited to chair the beach party.

San Diego's most well-attended Universal Notre Dame Night banquet requires an attendance correction from the last issue of the ALUMNUS. Due to JOHN CACKLEY's deadline, we reported 40 in attendance based on early reservations. The final tally, however, was 62.

San Diego alumni initiated a commencement award at St. Augustine High School to go to the graduating monogram winner with the highest scholastic average. Presentation of the first award was made June 7 to Darvin F. Dapper. By a happy happenstance, Dapper will enter Notre Dame in the fall to bring San Diego's enrollment to 10.

Under the general chairmanship of President BILL GIBBONS, the club again sponsored a successful Old Timers vs. Varsity football game for the benefit of the scholarship fund. The two winners of club scholarships this year, who will enter Notre Dame in September, are DAVE FIXLER, Riley High School, and MIKE LAUGHLIN, St. Joseph Valley. The Scholarship Committee was composed of: FRANK MILES, chairman; FRANCIS JONES, JAMES E. ARMSTRONG, CHARLES Sweeney and JIM MEEMAN.

DICK RILEY and TOM SHEEHAN co-chaired a fine golf outing, held on the Burke Memorial Course, June 20, which was the club’s highlight event of the summer. Golf prizes as well as many door prizes were awarded to many winners. Alumni and non-alumni guests also enjoyed horseshoe pitching, swimming, archery and an excellent dinner served outdoors.

St. Louis

Our club activities got off to a good start on May 30th with our annual picnic. This year’s Committee of TOM McGUIRE, Chairman, MALCOLM DOOLEY and DAN SULLIVAN chose the Ivanhoe Lodge as the picnic site. The swimming, food, drink, the many fine attendance prizes and the special added attraction of ponies for the children made the picnic an outstanding affair.

On August 14th, we will have our first annual Golf Tourney. LOU FEHLIG is Chairman for the event which will be held at Norwood Country Club. The golfing will be followed with a dinner for club members whether they play golf or not. Any alumni or faculty in the city on this date are urged to attend.

GEORGE CONVY, JOE GOLABOWSKI and the officers are presently making final arrangements with the railroads for our annual scholarship fund football trip. This year, we will have the Oklahoma game for our trip. Since this is our only source of income for our scholarship fund, every effort is being made to promote this trip to attract our biggest attendance yet.

At the present time, the officers are at work on our program for the coming year. We are in hopes of having a guest from the University for each one of our affairs and on Universal Notre Dame night we are again going to have a speaker of national prominence who is in some way connected with or has shown an interest in Notre Dame and its program.

We are in hopes this year of completing and publishing our Roster. This Roster will be made up so that additions and changes can be made without the necessity of printing an entire new one each year.

Toledo

The Notre Dame Club of Toledo held its Annual Communion Breakfast on Sunday, April 28th. Toledo Alumni, their wives and friends attended Mass and received Communion at Rosary Cathedral. A slight drizzle outdoors hadn’t dampened the air of the group at all when President BILL MURTAGH, Co-Chairman JIM SATTLER and CHUCK SCHIRA greeted them at the front door of the Cathedral and ushered the Notre Dame men and their wives to the special reserved section.

Following Mass, breakfast was served in the white-and-gold room of the Park Lane Hotel. REV. EREND JOHN E. WALSH, C.S.C., who came from the campus especially for the affair, was guest speaker. His message was an inspiring one—what a Notre Dame education means to a man throughout his entire lifetime, the deep-down foundation it gives him for building a full, beneficial life in the name of his Father and for the good of his family and his fellow-men.

Father Walsh told of recent developments on campus—the planned dining hall, new residence halls—and the current needs of the University. We learned informally that in addition to important academic matters, both football and girls are still major topics of student talk between classes and before "lights out."

In the name of the Notre Dame Club of Toledo, President Murtagh presented a check for $1,500 to JACK SOLON, Toledo City Chairman of the

Attending this year's reunion were Mr. and Mrs. JAMES V. ROBINS of Nogales, Arizona, WILLIAM VONTELLER FOWNING of Decatur, Illinois, RAY T. MILLER of Cleveland, Ohio, and WALTER CLEMENTS, LEO SOGDZINSKI, CECIL BIRDUR and R. J. O'NEILL of South Bend. CHARLIE VAUGHAN and TWOMY CLIFFORD wrote that they were coming, but we missed them.

It was Jim Robins' first visit to the campus since '14, but he's promised to be a "regular" from now on. He and his charming wife, Mary, were amazed and enchanted at the growth and beauty of the campus, and visited every nook and cranny of it. Jim is a real "old-timer," entering Notre Dame in '08, and rooming, as an assistant to FATHER JOHN CAVAUGH, next to the President's office on the second floor of the Main Building. The Robins drove back to Cleveland for a visit with the Ray Millers, but the trip was delayed until Jim could get over to Corby and the Infirmary to visit FATHERS CARROLL and DOREMUS.

Ray Miller repeated his suggestion, enthusiastically seconded by FRED STEERS, LOUIE KIEFER, ER, et al, that for the earlier classes the "5-Year Reunion" plan be supplanted by a plan similar to the old St. Joe Hall reunion plan. Our column again records an unhappy event, as we note the passing of LORENZO (LOUIE) A. GLASSCOTT on May 5, of this year. Lorenzo entered Notre Dame in 1913 and was a resident of St. Jo Hall until its rebuilding in 1917. He graduated in 1918, receiving an L.L.B. Degree, and returned to Michigan City where he practiced until his death. Funeral services were held from St. Mary of the Immaculate Conception Church and burial was at Greenwood Cemetery.

Louie was born in Michigan City September 7, 1897, and practiced law from the time of his graduation until his death in his home town. He was a member of the Michigan City Bar Association, the American Bar Association, and was a veteran of World War One. He was unmarried and was survived by his father, two sisters and a brother, Robert E. Glasscott, who was also his partner in the practice of law.

His many friends mourn his passing and extend their sympathy to his bereaved family.

May his Soul rest in Peace.

Our belated congratulations to JAMES G. WALLACE, whose son, HENRY KING WALLACE, was among the group of postulants who received the habit of Brothers of the Christian Schools in the Church of St. Jean Baptiste de LaSalle on September 18, 1955. Brother Bernard James will be one of the Class who are beginning a twelve month period preparatory to taking their religious vows.

Congratulations to Jim and his family.

Members of our class should know the class officers elected to fill office until our next class reunion in 1960. I do not have the names of the vice presidents and the secretary, but I think I know who they are. It seems to me that the class officers should be elected to fill office until their term expires, but I hope someone will send the names to me. JOHN T. BALFE of New York City, I hope, will always be the Vice President, as I know no one who has given more time to Notre Dame affairs and who will so eagerly welcome a return to the campus next June.

Edward V. Crowe has been executive secretary of the Catholic Youth Organization for the Archdiocese of Detroit since 1934. His tremendous achievement in CYO work has helped contribute to the welfare of Detroit's youth.

Ed Crowe comes from a family of outstanding athletes. He and six of his brothers starred in basketball and football at Notre Dame.

Ed came to Detroit as a teacher and coach of all sports at St. Benedict's High School following his graduation from Notre Dame in 1926. He was one of the pioneers in the organization of the Parochial High School League and served as its president for eight years.

Various voluntary posts which he holds at the present time include chairman of the Detroit Commission on Children and Youth; president of the Group Work and Recreation Federation of Metropolitan Detroit; Michigan Regional Director of the Youth Department of the NCWC; and secretary of Cardinal Mooney's annual capital fund campaign.

More than 20,000 boys and girls and young men and young women enjoyed the CYO sports program last year under Ed's direction. He was named Man-of-the-Year by the Notre Dame Club of Detroit this past April.

Ed and his wife reside in Detroit and are the parents of six children.

Our hearty congratulations go to ALBERT "AL" CARROLL of Rockford, Ill., who was highly honored as recipient of the N. D. FRANK OTT of Herkimer, N. Y., hits the "Jackpot" by coming up with the find of the year for years we have been wondering whatever happened to DANNY E. SULLIVAN of Jamestown, N. Y. We gave him up for lost, but then Frank has led us back to Danny. Let us quote Frank Otu's letter with the joyous news:

"History was made once again in Herkimer, N. Y., when Danny Sullivan of Amen Corner swept out of the past and faced each other again after 34 years, come June.

"If you have had no newsy tidbits about Danny of late, this will fill you in. We had dinner together about two weeks ago and we are repeating again tonight (May 16).

"The winds of good fortune that took Danny to N. D. from Jamestown, N. Y., and then on to the metropolis of the Midwest, finally landed him along the fabled New Jersey coast with the ocean at his door. That he has enjoyed every day of his life since leaving N. D. is at once evident by his hearty laugh and the same old good fellowship that made him so popular on the campus. He may best be described as chairman of the board of directors in appearance with his shocky steel grey hair and that ever-present Irish wit.

"On his shoulders he carries the responsibilities of one of the country's largest air-conditioning manufacturers as Eastern Sales Manager, and it is quite evident that with Danny at the helm we Easterners are going to be kept cool in the hot summer and warm in the cold winter.

"On his shoulders he carries the responsibilities of one of the country's largest air-conditioning manufacturers as Eastern Sales Manager, and it is quite evident that with Danny at the helm we Easterners are going to be kept cool in the hot summer and warm in the cold winter.

"He and Mrs. Sullivan recently took over Albany where I first got on his trail. They decided they wanted to live in one of Albany's garden apartments with a long list of applications. Showing the Amen Corner formula is still working for him, for his name went from last to first, and there he is ... Stonehenge, Albany, N. Y., V. I. P. ... that's what did it. Danny knows the right
people. And he is wondering what happened to "Ma" Conway.

A 33-year-old mystery of a missing classmate came to light a few weeks ago that is as astonishing as the fact that only after 33 years did it come to light in the Alumni Office.

This corner of the Alumni Secretariat (meaning L. V. B.) has long been unhappy over the fact that some 20 names of classmates appeared on the list of "whereabouts unknown—mail returned unclaimed," and this spring I decided to do something about it. Personal advertisements were inserted in the newspapers of those cities from which, according to the '23 Dome, these missing classmates hailed. The following ad is a sample and this one, incidentally, unearthed the mystery:

LEO C. DUNLEA (or relatives or friends) requested to furnish his present address. Last known address Youngstown, Ohio, graduate University Notre Dame 1923, degree LL.B. Louis V. Bruggner, 127 W. Washington St., South Bend 1, Ind.

A few days later I received this letter: "Answering your adv. in the local paper regarding my brother, Leo C. Dunlea, I am sorry I cannot furnish his address. I doubt he is alive. . . . After finishing at Notre Dame in 1923 arrangements had been made for him to enter a law firm in Pittsburgh, but they did not want him until that fall. He decided to spend the summer on a Great Lakes freighter. We heard from him for a few weeks and then—NOTHING. We have not heard from him since. The steamship company advised

WILLIAM M. McNALLY, '37

After graduating from Notre Dame with a bachelor of arts degree in 1937, William M. McNally attended St. John's University Law School for one year. He later was president of the Sheridan Square Wine and Liquor Corporation and also was a member of the sales promotion department of Calvert Distillers and Bellows Company.

During World War II, Bill served three and a half years in the United States Army Air Force and was discharged as a first lieutenant. Following his tour of duty with the Armed Forces, he was vice-president of Community Redevelopment Corporation in New York City.

He established the William M. McNally and Associates Agency, an organization of fund counsellors whose only clients are Catholic institutions. Bill is unmarried and resides at the New York Athletic Club. He is a member of the St. Paul A. C., the New York A. C., and the Irish Historical Society. 1940
James G. Brown 52 Vanderbilt Ave. New York, New York

About three years ago I was having lunch with GERRY SEXTON and in the course of the conversation I remarked that not enough fellows sent in news items to the 1940 column. So Gerry with a very smile replied: "Well all you have to do Junior, is sit down and write the man a few lines and things will improve." Needless to say I never did get around to writing and I guess very few others have found time either. However, we have a little change of personnel as they say and perhaps someone may read it and a contact be established.

I really took the assignment because being out selling all day I frequently bump into a good many of the fellows in the course of a day's travel. In addition, I have been in the life insurance business for the past six years and since I have done work for many of our group I have a rather intimate knowledge of the family affairs of many of the fellows in whom you are no doubt interested. I am hoping that my personal file will keep me going for a couple of issues and from that point on you will all have to help with a contribution. The Alumni Office feels that this column is largely responsible for maintaining class interest in between reunions. So with everyone's help we will try to do just that. Incidentally, the reunion last year was a very wonderful affair. Not really just another social function but all should try to attend. For many, including myself, it was the first visit to the campus since graduation and I personally found the time spent on the campus very moving in many respects. It was wonderful seeing so many of the fellows for the first time in years and also a source of disappointment in missing faces that each had kind of looked forward to seeing. It is something that will be mentioned in the column from time to time not so much in the way of promotion but because it is an individual experience that you will find very hard to duplicate.

There are a number of items that I would like to discuss with you before getting into the usual chatter:

First of all the Brown family is living out in the suburban area of New York City and we would like to extend an invitation to all of you to visit us if you should come to the city. We are 10 minutes away from Jones Beach which is the finest sea bathing on the Atlantic coast. (Florida residents note also that in good-old War.) We are within 15 minutes of three fine golf courses. If you wish to see the sights in town, you can leave the kids with us and take Mama in to see the city lights. We have two children and one-half acre of pasture so yours would be glad to see you. If you prefer to stay in town, at least give me a call. If you are in town and there is a moment, let me know and we will please call; we can have lunch. If you are looking for tickets to sporting events or the theatre, a native son frequently has a few wrinkles that the ticket seller does not know about.

Secondly, in many of the other columns I notice reference to ND men in one section of the country doing business with ND men in other sections of the country. This is particularly true of graduates who are older than we. So when you write, please mention what you are doing in a business firm, and perhaps someone may read it and a contact be established.

Thirdly, I also notice that other classes have some system of class reunions. I do not relish the prospect of keeping a set of books or acting in a fiduciary capacity but at the reunion last year we noticed that the check which was sent in from France, the Balkans, and Lyons had things arranged in a very nice way. Each evening they had a bar set up in the archway hall and served drinks and hors d'oeuvres before dinner. We found out that the members of the class had arranged for these different items beforehand and financed it with the funds that were left in the class treasury. Let's hear your reaction. Something extremely nominal, i.e., $1.00 annually may be in order.

So . . . with my yearbook on my left and my personal file on my right here goes with the scoop . . . , in alphabetical order.

RAY ALLEN was at the reunion. I did not get a chance to get any particulars about his personal affairs. HANK ARMITAGE attended the reunion and just as he was coming across the diagonal from the law building to Morrisey with his suitcase. From the look on Hank's face I do not think he is a practicing physician up in New England. GEORGE BECKER is living down in Texas and flying for one section but something tells me he is still a real hot ticket, plenty of laughs. He apparently sees a good bit of BOB CONNOLLY and WALT FLEMING.

JACK COLE drove a few of us over to one of the neighboring towns on Saturday night for a little refreshment. Jack lives and is working in the South Bend area. TOM BRENNAN was with us. Tom is working for a steel company in the Chicago area. Married, with a couple of children.

Brown is easy. A little zig-zagging after
a garage set up with boxing equipment to stay in shape. Finds the exercise very enjoyable since Magmir Wenon. TONY Cell occasionaly and at the reunion. Tony was in the retail liquor business but has recently sold his interest and was meeting men building on Long Island. Tony is married. BOB CENTLIVRE was at the reunion. No vital statistics.

JIM CLEARY was at the reunion, you may have noticed in the various financial publications or the financial pages of your local newspaper about a month ago that the "Young Presidents Organization" held its annual meeting in Hollywood, Florida. This is a group of men who are presidents of their respective corporations throughout out the nation; the corporations are doing million dollars gross and the men are under age forty. Our class has two members, Jim Cleary is one and at the recent meeting BILL COLLEEN also of our class was elected president of the organization. This is extremely fast company and both of these gentlemen are moving real well. Someone mentioned that he had bumped into HANK COLLINS who is teaching at one of the Colleges in the mid-west at some place of Virginia or Maryland. BOB Connolly was at the reunion. Bob is an attorney, married, and has a flock of children. GENE COSTELLO had some conversation with George at a packaging exhibition down in Atlantic City, New Jersey, about six years ago. He was living with the Dumas in New York. No recent data. Incidentally for the benefit of the rest of the golfing brigade SCHALLER, HAGEN, DONOHUE, CENTLIVRE etc. I see Sam Nemo quite often. He is in the advertising business here in New York. Curtis Publishing Co., lives up in New York. Dray that started this column I ran into PAUL MenNEXE who is doing public relations work with McGraw-Beckton in here in New York. He mentioned he has just won the cruisers golf tournament the previous day. Paul, who is originally from Long Island is now living up in Connecticut and has three children.

We earnestly solicit your cooperation in sending a dollar bill to Don Hetzel at the above address so that we can gather a fund sufficient to see us through for a few years for the memorial Mass each year; also, as we learn of it, an individual Mass for any deceased members of the Class of 1943. To date we have raised less than 20 contributions. Please send the buck to Don today.

Had a welcome letter from Ed Kemf recently, filing his annual report from Evansville, and filling us in on his activity in support of the American Legion. Indiana: "Today's mail brought the March-April ALUMNUS and I read the class secretary's plea for letters. Honestly, I'm sorry that I am so unreliable as a writer, but believe me I have good intentions. Always glad to read your notes in ALUMNUS. It seems that Youngstown (Ed. Note: reference to Griff Allen) still has pen, pencil and typewriter. Now, George, back to you and an explanation of the stationery. Currently, I'm the Grand Knight here and supplies are available.

'I'll try to bring you up to date on Evansville Notre Dame, thumbnail ed and captioned '44. Paul Unverzagt, Henry Deneus, Tom Clemens and Ed Kemf, that's me, were the four intrepid souls from Evansville to begin N.D. careers in 1940. Paul, as far as I know, is still with Crosley in Cincinnati. Hank is still in Evansville, real active and kicking, and an engineer with Whirlpool-Seeger Corp. Tom in the past two weeks has been transferred from San Antonio, Chico to Washington, D.C. and very much closer to home. In fact, his family expects him in May. As for yours truly, I am still in the wholesale beer business and the present father of a 1974 N.D. freshman named Timothy William."

"BOB Londergan, a transplanted Evansvillian, is another who's a very active legal eagles and rights man."

"So much for now, George. Current plans call for a South Bend week-end for Michigan State. Hope to see you there. If not, 1959 will find us all together reluctantly approaching the unrecognizable forties. Tell Griff Allen he owes me a letter."

Many thanks to you, Ed, for rescuing us once again. Would be fine if some other of our classmates would take pen or pencil in hand and send along some notes about themselves and other '44ers in their vicinity. If we had just one faithful correspondent in all of the major cities, especially those that 1974ers are jampacked this column with plenty of news each issue.

We received a note the other day from Brother ARMEL LATTERMILL, who after graduating with our class was sent to teach at St. Thomas Aquinas School in Brooklyn. Brother is now principal of the school located at 2000 Flatbush Avenue, in the midst of a $1,500,000 supplement of nearly 1600 with over 500 on the waiting list. They've broken ground for an additional school to open in the fall and expect to have the new building ready by next February.

Hop-skipping across this land of ours here are bits of information spotlighting other '44 brethren. . . . Ed Antendorf is with the organization and procedure dept. of the Miller Brewing Co. in Milwaukee. . . . Ben Brunette is with the Merchandising Co-ordinating Div. of the General Binding Corp. in Chicago. . . . John "Buddy" Kuhn, President of our Senior Class, is now Vice-President in Charge of sales and the Electro Xirelurgical Div. of Union Carbide & Carbon Corp. in Ashbula, Ohio. . . . Jim Malone is general cost dept. supervisor in the Cleveland Abbott Laboratories in N. Chicago. . . . Jim Meman is in the lab in Mt. Pleasant, S. C., and a chemical engineer with the West Vaco Pulp and Paper Co. in Rockford, Ill.

Glancing in other directions, we note that . . . WILLIAM GRAFE is a salesman with the Abbott Laboratories in N. Chicago; . . . Ted Cummings is in the lab in Stoughton, Mass. . . . Joe Kaltchen is keeping them out of jail in Woodstock, Ill. . . . Norm Hassel is asst. prof. of math on the campus. . . . Hal Haley is on the full-time faculty of Stritch School of Medicine at Loyola.

We're expecting a hot summer here along the Jersey seashore, but by the time this column reaches you the Heat will be in sight, and your secy. is looking forward to the coming football season, as I expect to be at X.D. for the Michigan State and Oklahoma game weekends. Can't seem to pull the right strings to get accommodations at the right prices for the LaSalle. If you expect to be on hand for either game look me up or drop a note beforehand.

DO YOUR PART!

We of the class staff are doing what we feel is an honest effort of maintaining class records, increasing the membership list, creating class spirit, planning class activities, and doing everything and anything to strengthen, expand, and coordinate class structure. All we ask is that the class is behind us. All we ask is that you, as you read this, cooperate with us. You have not up to now. Or at least only a handful of you have been business-like enough to have done so.

Your class treasurer, BILL MOORE, recently sent out individual letters to each of you in the class, asking for a contribution to bolster our fading fund. Have any of you answered the spirit? What if WE took that attitude? Where would class structure, and this column, and the reunion, etc., be? Suppose we all take the interest to find the time and the little energy it takes to get a $3.00 check off. Don't be a side-of-the-reader. Answer Bill's letter. Give us a vote of confidence. Do at least your part! And do it today.

HERE AND THERE

Did you know that . . . JOE INCE, who has been carried as "unclaimed" for quite a while, has finally been cornered, as being at 316 South Flower Street, Inglewood, Calif. Hope you fare well out on the West Coast, Joe . . . that CHUCK SARR THEORY and a make-up trip, sprucing class new home at 4915 Hamptrich Avenue, Memphis, Tenn. Best of luck to you new residents, the chaps and from . . . that JOE HOGGAR has moved to 6305 Wedgebrook Lane, Dallas, Texas . . . that JIM RETTER'S new address is 219 Kenwood Drive, Delmas, New York. You're getting closer and closer to Garden City, Jim. Soon you won't have any excuse for not dropping in; you're about the only one that my letters sent to HARRY HAAS at 821 Forest Avenue, South Bend, and to DICK YOUNG at Box 365, Niagara Falls, Ontario, Canada, are coming back because they have moved and left no forwarding address. Now, is that having any consideration? . . . that Margaret and WELTON RALPH ABBEL of 23H4 South Bentley, W. Los Angeles 61, Calif., have two lovely children, 4-year-old Scott and 3-year-old Michael Bryan. Ralph is with the Doyle Dane Bernbach Advertising Agency as an account executive . . . that MICHAEL G. MACK, JR., and his wife, Catharine, are the proud parents of four youngsters, Marjorie (6), Michael (5), Mary Catherine (4), and John (1), who is the assistant to the general manager for sales with the Inland Steel Company. John's address is 58 S. Dearborn Street, Chicago 3, Illinois . . . that big MIKE GARRY, one of the most popular members of the class, is presiding over a household of wife, Elise, and two youngsters, both under the care of Patrick (7½), at 323 Elm Street, Fairmont, Minnesota. Mike is self-employed with the Garry Electronics Company in Chicago . . . that plans for a get-together at the Oklahoma game on campus this year are progressing, and that already thoughts are being formed about the annual class reunion, which you should sit down right now and get a class contribution off to Bill Moore, a letter off to me telling me about your activities, work, and your

family . . . that PAUL W. SMITH, my former roommate, and his wonderful wife, Elise, have four youngsters I'm looking forward very much to meeting. They are Paul, Joseph (5), Mary Teresa (3), Nancy Giles (2), and Patrick James (1). Paul is president of the Southern Oxygen Supply Company, Inc., of Atlanta, and lives at 526 Meadow Lane, Decatur, Georgia. (Dr. Note: Paul is also president of the N.D. Club of Atlanta and he attended the President's Council held on campus in June. J.C.)

LETTERS FROM DEPARTMENT

From MIKE GARRY: "I don't think I ever took the opportunity to thank you for the terrific job you did in organizing our 10-year class reunion last year. To say the least, I enjoyed every moment of it."

"My activities have centered around the Knights of Columbus as I am Grand Knight of our local council."

"We hope to add another name to our family sometime this summer. With best wishes to you, Al, and to everyone in the class, I remain ready for any class reunion, Mike Garry."

From JIM CLYNES, class president: "Names are beginning to come in of those who plan to attend the Oklahoma game hurrah in the University. So far we have the following: JOHN MACK, JR., JOHN CARON, DICK BLACKHURST, DICK SELLERS, MIKE GARRY, JIM RETTER, DES CURRIER, DAVE MURPHY, NEAL CLYNES, AL LESMEZ, JACK CLEARY, HARRY KIEN, BOB RIORDAN, BILL KLEM, JR., BOY GRIFFIN, ED NOONAN, and JACK KINNEY."

"Al, I can't stress enough the importance of each man interested in this get-together letting me know so we can plan, and that each person get his own football tickets."

"I am still waiting to hear from one of our members in the South Bend area as to whether he will accept the project of contacting the non-members of any N.D. class so that our class can grow. I am also awaiting a letter from Father Sheedy with regard to BILL WHALEN'S Mass card. Evidently he sent it on and failed to charge us for it. Kindest regards to the whole class."

AND STILL NO ACTION

Here's a good example of the "put-tid-off" spirit which licks us every time. Here you have finished the column, figured "well, that's that until the next issue," and are already thinking about other things more immediate to you. But how about getting a check off to BILL MOORE? How about a letter for me for ammunition for this column?

How about letting JIM CLYNES know if you will make the get-together at the Oklahoma game? How about some action, now, positive and real!!

ROBERT L. LeHANE has been promoted to Executive Officer of a NIKE guided missile battery located at North Field, Illinois, a mere ten minutes from my home for the last 20 years. Back then there is nothing like electronics for an English major. As for my home life, I just picked up news of an electronics group working on a data processing system for demand-deposit banks. It's hard to believe I've been away that long from the U.S. Army. I am at present the Executive Assistant during the ensuing five years. He will appreciate receiving information about you and your family. I received a letter from a fellow whom I knew at Camp Morgan, just outside of San Diego, finally got back to the 'fatherland', immediately bought himself a Volkswagen and began looking up various people here. He is serving in the U.S.S. Chittendon County (LST-551) and has been over in Japan for the last five months. Oh those steam baths. ORL BRATTON married the Miss Barbara Shcarson, Hammill and Co. Thanks for the card, when this sage put on another year. They're attending school. ROY BELKNAP is taking the nuptial leap as evidenced by the wedding invitation that Frank sent me in mail. The time by this column is printed, Roy will have married Miss Maureen Sullivan on the 9th of May. I hope you will be able to be present to wish him well. Also being served a heaping portion of wedded bliss will be DENNIS RONKOE who died on this column timeline by having married the former Miss Carolyn Linnig on the 5th of June. Our best wishes to the newlyweds, Dick. Apparently this entire column is quite a deal.

From the U.S.S. San Marcos (LSD-23), FPO, N. Y., N. Y., FRANK MAHR writes that all goes well and that he is finding Navy life quite agreeable. Frank mentions that a trip to Santa Catalina Island was a real treat and it appears he is happy with his assignment aboard the U.S.S. Chittendon County (LST-551) and has been over in Japan for the last five months. Oh those steam baths. ORL BRATTON married the Miss Barbara Shcarson, Hammill and Co. Fellow Alumni:

During six beautiful days in what otherwise has been a miserable spring around South Bend, there were considerable "doin's" at Notre Dame.

Your Alumni Board met in an abbreviated session on Tuesday and Wednesday and then participated in joint sessions with sixty-eight Alumni Club presidents from all over the country for two days of concentrated sessions dealing with all phases of club activity. After hearing the "party line" by affable Jim Armstrong and his able Alumni Office staff, specific problems were discussed. Questions raised on each problem produced a lively exchange of ideas which should prove helpful to the individual club.

You should be proud of your representatives—their enthusiasm and serious approach to the complexities of club guidance has assured the administration that a continuance of this program is beneficial to the Alumni and to Notre Dame.

On Friday the "Old Grads" poured in for their respective class reunions—eight hundred strong. Any attempt to recount the myriad happenings, impressions and relived memories would fill a book—however, several highlights stand out in my mind.—The Class of '06—fifty years young—including Fathers Doremus and Burke.—The "Twenty Fivers"—Class of '31—Rock's last and perhaps his best—Metzger, O'Connor, Conley, et al, all looking fit and ready to go.—The screwballs of '36 out twenty years who broke up the '31 "bar association" meeting on Sunday attempting to throw "water boy" Mazziotti into the lake.—The genuine interest exhibited in fellow classmates and things Notre Dame:

_personal—"The last twenty years haven't done a thing for you!"
_sectional—"Do they allow colored television in Memphis?"
_local—"What happened to the board sidewalks?"

—The man who has won more games for Notre Dame than anyone living or dead—Jack Shea, '06—author of the Victory March.—The standing ovation given Father Hesburgh at the conclusion of his dynamic speech.
—The sadness in discussing our missing friends.—The beauty and serenity of the campus—the grotto—the lakes—the new buildings—and the spiritual stimulation of returning to this lovely spot where Our Lady etched indelibly in our minds four unforgettable years.

Sincerely,

JOSEPH I. O'NEILL, JR.,
President
