800 N.D. Alumni Attend Class Reunion Program

Approximately 800 alumni were "checked in" at the general registration desk during class reunion weekend on June 8, 9 and 10, 1906, celebrating their 50th year of graduation, was the largest Golden Jubilee group that has returned to the campus in recent years. They met for a buffet dinner in the Morris Inn on Friday night and then joined in the general program during the remaining part of the weekend. Celebrating their Silver Jubilee, the men of 1931 were headquartered in Lyons Hall and had a turnout of approximately 200. Some of the special features on their class weekend program included a dinner on Friday night which was highlighted by a door prize drawing of about 50 gifts contributed by class members and a lunch on Saturday at which they were guests of Father Hesburgh in the Dining Hall. Other 5-year classes back for reunion included 1911, 1916, 1921, 1926, 1936, 1941, 1946 and 1951.

The Notre Dame national Monogram Club held their annual election meeting on Saturday in the Morris Inn Golfers Lounge (story in sports section of this issue). The engineering alumni met in the Engineering Auditorium while the Law Alumni Association held their usual board of directors meeting in the Law Building. An innovation of the weekend was the band alumni get-together in Washington Hall which is a forerunner to the establishing of a permanent organization of the band alumni group. Old grads of the College of Commerce assembled there to greet the new dean, Dr. James Culliton. Professor Robert Ervin gave a special lecture with slides and a motion picture on the work being done in Louband Institute. The O'Shaughnessy Hall Gallery was the scene of a fine arts exhibit.

Alumni attended Memorial Masses on Saturday morning for deceased members of the various classes. Father Hesburgh and Joseph I. O'Neill, Jr., Midland, Texas, president of the Notre Dame Alumni Association, were the featured speakers at the alumni banquet on Saturday night. The banquet also included the presentation of golf awards by Rev. George Holderith, C.S.C., to alumni who had participated in the weekend tournament. On the program were the introductions of class groups and the award of a Gilbert's Campus Shop hat to Ed Figel, Chicago, of the 1911 Class.

Reunion festivities were brought to a close on Sunday morning when an overflow crowd attended a Low Mass celebrated in Sacred Heart Church and listened to a sermon preached by the Rev. Joseph Barry, C.S.C.
Club Presidents Meet Here
For 2-Day Workshop Session

The biennial Presidents Council was attended by representatives from 68 local alumni clubs in all sections of the United States. Held at Notre Dame on June 6-7-8, the agenda was concerned with various aspects of the nationwide club program as well as the relation between various University departments and alumni groups.

The presidents assembled for an informal dinner on Wednesday evening in the Morris Inn, followed by a showing of the new Lobund Institute film and the Football Highlights of 1955. Professor Robert Ervin of the Lobund staff conducted a question and answer period regarding research being conducted in the Laboratories of Bacteriology.

Joseph I. O'Neill, Midland, Texas, national president of the Notre Dame Alumni Association, and Robert Gore, Ft. Lauderdale, Florida, association vice-president, opened the session on Thursday morning with appropriate remarks. James E. Armstrong outlined the purposes for a Notre Dame alumni club while Patrick J. Fisher, member of the Alumni Board of Directors, talked on the program for Universal Notre Dame Communion Sunday scheduled for December 9, 1956.

Cavanaugh, C.S.C., director of the Foundation program, gave a brief formal presentation of fund raising activities at the University which was followed by a question and answer period on Foundation topics. A group of club presidents including Ralph Else of Buffalo, Jake Reichenstein of Dallas, Russ Farrell of Kansas City, and Don O'Brien of Houston, formed an impromptu panel on the discussion of women's auxiliaries. Sectional meetings for clubs with specific problems were held on Thursday afternoon with George Meeker of Los Angeles in charge of the metropolitan organizations; Louis Lujan, Albuquerque, N. M., moderator for the geographical area clubs; and Jim Armstrong, director of discussion for the centralized community clubs.

Degrees Awarded Graduates At 111th Commencement

Admiral Arleigh A. Burke, chief of naval operations, delivered the commencement address and the Most Rev. Thomas K. Gorman, Bishop of Dallas-Fort Worth, preached the baccalaureate sermon at the University of Notre Dame's 111th annual commencement on June 3rd. Approximately 1,122 graduate, professional and undergraduate degrees were conferred by Rev. Theodore M. Hesburgh, C.S.C., at exercises in the Stadium.

Give Honorary Degrees

Honorary degrees were awarded to the two speakers as well as to Secretary of the Treasury George M. Humphrey, Washington, D. C.; Frank M. Folsom, president of the Radio Corporation of America, New York City; Dr. Marston Morse, a noted mathematician at the Institute for Advanced Study, Princeton, N. J.; William K. Warren, chairman of the board, Warren Petroleum Corp., Tulsa, Okla.; Dr. Philip E. Mosely, professor of international relations at Columbia University's Russian Institute, New York City; Walter Duncan, '12, LaSalle, Ill., oil executive; and John A. Coleman, of Adler, Coleman and Co., New York brokerage firm.

Duncan is an alumni member of Notre Dame's Associate Board of Lay Trustees. Folsom, Coleman and Warren are members of the University's advisory councils. Warren's son, William Warren, Jr., is president of the 1956 senior class, while Coleman's son, Thomas A., is a member of the class.

A Solemn Pontifical Mass was celebrated in the Stadium by the Most Rev. Leo A. Pursley, Apostolic Administrator of the Diocese of Fort Wayne, Ind. Following the Mass Father Hesburgh blessed an American flag which the seniors presented to the University on Washington's Birthday. Traditionally, the flag is blessed and flown for the first time on graduation day and then throughout the following year.

In his address Admiral Burke declared that the United States "will never wage a war of aggression." He warned, however, that we will not be "pushed around by any tyrant or groups of tyrants that threaten the cause of freedom in this world."

Adm. Burke Cited

Burke was the principal speaker and was cited as "the highest type of military leader." Secretary of the Treasury George M. Humphrey was commended for his "quiet yet forceful statesmanship" in dealing with the economic complexities of these times.

Admiral Burke asserted that "the strength of our moral principles" in America is even greater than our military might and industrial resources. He described our American concept as "brilliant" compared to Communism "which is presently engaged in repudiating its own founders." The World War II naval hero told the Notre Dame Alumnus, August, 1956
Dame graduates "your fitting-out period has ended. You are headed for an open sea," he said, that is "more challenging, more capricious, and as a consequence, more demanding than it has ever been in our nation's history."

Bishop Gorman, in the baccalaureate sermon, contended "there is probably more know-how about our world coupled with less know-what-it-is-all-about than ever before in history." He attributed this to "two voluntarily self-imposed blind spots in large and growing sections of the learned and scientific world."

Reason and Free Will
He said that in their rejection of reason and free will a vast group of the world's scholars and scientists have discarded "as working instruments the two human tools that distinguish men from beasts." To reject reason, he said, or "even seriously question its validity as the sceptics of various stripes do, is to remove moral certitude from the whole field of learning and life." Those who deny free will in the area of morality and moral responsibility, Bishop Gorman said, "surrender to the blind irresistible forces of nature pushing men on helplessly toward goals they know not or of no goals at all."

The annual $500 Lay Faculty Award of the Notre Dame Alumni Association was presented at the commencement exercises to Professor James Dincolo, head of the accounting department in Notre Dame's College of Commerce. A native of Medford, Mass., Dincolo has been a member of the Notre Dame faculty since 1937.

William K. Warren, chairman of the board, Warren Petroleum Corp., Tulsa, Okla., who was an honorary degree recipient, congratulates his son, William K. Jr., president of the Senior Class, after the latter had received a bachelor's degree from Notre Dame's College of Commerce.

Admiral Arleigh A. Burke, USN, Chief of Naval Operations, delivered the Commencement address at Notre Dame's June graduation exercises. To his right is Rev. Theodore J. Mehl, C.S.C., Provincial, Indiana Province of the priests of the Congregation of Holy Cross.

Most Rev. Thomas K. Gorman, Bishop of Dallas-Fort Worth, preached the baccalaureate sermon at Notre Dame's 111th annual commencement.

Lousberg of Moline, Illinois; the Harry English Award to James E. Murray of Bancroft, Iowa; and the Law Week Award to Edward F. Broderick, Jr., of Morristown, New Jersey.

BULLETIN

Terence B. Cosgrove, '06, Los Angeles, Calif., died on June 21 following a brief illness. Mr. Cosgrove was a member of Notre Dame's Associate Board of Lay Trustees, had served as a special counsel for the City of Los Angeles since 1930 and was a senior partner in the law firm of Cosgrove, Cramer, Diether and Rindge. He was considered an authority on corporation and property law.

Mr. Cosgrove received bachelor and master's degrees from St. Victor's College, an LL.B. from Notre Dame in 1906, a master of laws from Yale and an honorary doctor of laws from Notre Dame in 1938. He is survived by several nieces.
Will your son come to Notre Dame? From a number of comments during the recent Alumni Board meeting, the Council of Local Alumni Club Presidents, and the Reunions, (it was a full week), you might think that the above question was something new, something frightening.

Actually, it has always been a reasonable and real question. Plus others that follow.

Does your son want to come to Notre Dame? Some don’t.

Can you afford to send your son to Notre Dame? Some can’t.

Is your son prepared to come to Notre Dame? Some aren’t.

Under the partial interpretation of the wide publicity given Father Theodore Hesburgh’s aspirations for Notre Dame, there has been a corresponding misinterpretation of Notre Dame’s admission policy in the years ahead.

So far as I know—and the Club Presidents and those attending the 1956 Alumni Banquet should bear me out in this—there is little change in policy except the recognition of the same factors that are accompanying the other competitive factors in your life.

The world is demanding different things for success, in some respects, than it formerly demanded. To succeed in business, in literature, in law, in medicine, and in many other fields of endeavor, it is necessary to be better because channels of communication have improved the perceptive powers of those measuring success.

Therefore it is only logical that your son, to meet the new world, should be prepared for the new standards.

And the old questions remain just as applicable.

In thirty years on the campus since graduation, it has been my observation that some boys who have come here to please an alumnus father have not been happy, and often not successful because of it. To make your son want to come to Notre Dame is a job for you, requiring information, participation and inspiration.

Can you afford to send your son to Notre Dame? The same long period of observation has convinced me that much heroic sacrifice has been put into sending some alumni sons to Notre Dame. Aside from sentiment, and loyalty, which are beyond price, I am not sure that much of this sacrifice has been repaid, either in the education derived, or in the institutional ties, often much weaker than those which motivated the sacrifice.

Is your son prepared to come to Notre Dame? This is the question which does have a bearing in an era of intensive selection, and of rising standards of admission. These conditions are not peculiar to Notre Dame. Any boy heading for higher education in the years ahead will have to intensify his preparation, whether for Notre Dame or any other private college or university—and State schools are rapidly moving to effect the same standards, to conserve their limited plant and personnel resources.

Your move in this area is to interest yourself in your son’s preparation long before he files his application for college.

See that the sound basic fundamentals of reading, writing and arithmetic of his elementary school years find more than a glancing impact on his young mind.

When he enters high school, see that the boy and the school are aware that he intends to go on to college. You can easily determine that he has a course of studies to match the requirements of Notre Dame, for example, which are not unique. And you should, for the boy’s sake and the sake of his high school, insist on enough work to pass these courses with high enough grades to keep him in the upper section of his class. This is not the work of a genius that is asked—regular study habits, and a reasonable amount of work will attain it, with adequate time left for the broadening activities that will bring out the leadership qualities and the spiritual and cultural contributions to character that will enter into his college entrance screening.

You aren’t driving a 1920 car. Your wife isn’t wearing a 1930 dress. You don’t depend for your entertainment on a crystal set or a phonograph. And you don’t really and truly expect Notre Dame, or any other college or university, to turn out the same graduate to meet this new world that it turned out to meet the world of one or two or four decades ago.

It would be just as reasonable—and I fully anticipate the attack—to resent the improvement of Washington Hall because it has resulted in the assassination (by paint-brush) of three of the greatest men in the history of oratory and patriotism—George Washington, Cicero, and Demosthenes, whose benign and inspiring faces have for decades looked down on increasingly inadequate facilities.

Your sons will not regret the steps Notre Dame is taking. They would be far more likely to regret their not being taken.

McCarthy Leaves ND; Will Enter Business

Dean Emeritus James E. McCarthy, of the College of Commerce, has resigned to enter private business, effective June 1, according to a recent announcement. Dean McCarthy was head of the College of Commerce for 32 years prior to his succession last fall by Dr. James W. Culliton.

McCarthy will establish his own management consultant office and also be vice-president in charge of education and public service programs for the Gerity Broadcasting System of Michigan.

Father Lauck Judges Drawings

The Rev. Anthony Lauck, C.S.C., of Notre Dame's Fine Arts Department, served as chairman for the art jury recently in Cincinnati, O., where he judged drawings of the Sacred Heart. These drawings were by artists from every part of the United States, and were entered in a contest sponsored by Xavier University and the Apostleship of Prayer. The best drawings were placed on exhibition at the Annual Sacred Heart Conference to commemorate the 100th Anniversary of the Feast and later they will be shown in various places around the nation. Other members of the Art Jury appointed to judge the nationally represented collection of drawings were Louis Bouche and Alfred D. Crimi, both renowned American artists, living in the State of New York.

During the Conference, Father Lauck conducted a gallery tour and a discussion of the art works. Notre Dame has already arranged to bring the exhibition to its own galleries at a later date, where the work will receive further study.

Borden Freshman Prize

Establishment of an annual Borden Freshman Prize at Notre Dame has been announced by the University's Committee on Scholarships and Prizes.

An award of $200 will be given by the Borden Company Foundation, Inc. of New York City "to the student who has achieved the highest average grade among the members of his class for all college work taken during the freshman year." Students enrolling as freshmen next September will be eligible for the presentation which will be made early in their sophomore year.

According to H. A. Ross, president of the Borden Foundation, the Borden Freshman Prize is being established at a limited number of colleges and universities "to emphasize the importance of scholarly work at the very beginning of the student's college career." The Foundation has provided a number of annual scholarship awards to college seniors for several years.

Fr. Cavanaugh Talks at New Hampshire U.

Delivering the baccalaureate sermon at commencement exercises of the University of New Hampshire, Father John J. Cavanaugh, C.S.C., told the graduates that they must "never be contented with mediocrity. If you want peace of soul," he said, "you must strike out for a certain leadership in your civic community, in your business or professional life, in the cultural environment which you enter, in the alertness that you develop towards the affairs of this beloved country, and in its relations to the other peoples of the world."

Now director of the Notre Dame Foundation, Father Cavanaugh stressed that freedom of the thinking power, great as it is, is only one phase of freedom of the spirit of man. "Freedom of the moral side of the human personality is equally, if not more, important," he said.

Most of the crises of our day, whether they affect the family, the nation or the world at large, "are spiritual and moral crises even more than they are intellectual," Father Cavanaugh contended. "Their solution," he said, "will be found by persons of trained and enlightened minds only if in the spirit of mercy and love and God's invisible help, they will have achieved freedom in their own hearts."

N. D. Receives CBS Grant

Notre Dame is one of sixteen privately-supported colleges and universities from which twenty-five key CBS executives were graduated who will receive a grant of $2,000. The money can be used where most needed, according to an announcement recently by CBS Foundation, Inc., the agency for making educational and charitable contributions on behalf of CBS, Inc., and its divisions. The grants for all 16 schools total $50,000.

The figure of $2,000 approximates the "cost of education" which is paid from an institution's endowment or other accumulated funds and is over and above the costs actually charged to the student. Like other college graduates, the CBS executives were not asked to pay this additional part of their college costs at the time they were students. CBS Foundation Inc. began in 1954 its plan of "repayment" on behalf of a limited number of CBS executives meeting certain qualifications.
**Complications Cause Death of Mrs. Rockne**

Mrs. Bonnie Skiles Rockne, 64, widow of Notre Dame's immortal football coach, Knute Rockne, died at 4:42 p.m. June 2, in St. Joseph Hospital, South Bend, Ind.

Hospital authorities attributed Mrs. Rockne's death to complications. She had been a patient for several weeks.

Mrs. Rockne lived quietly in the brick home that she and her husband built after he became the most famous coach of his era. Rockne died in a plane crash in 1931 at the height of his career.

The widow of the man who made Notre Dame and football nationally synonymous as a player and a coach never sought the glare of publicity, though former players and friends of her husband often visited her in the years after his death.

Her activities centered largely around her family and St. Joseph's Catholic Church, her influence being a major factor in her husband's conversion in 1925.

In the days when "Rock" was in his prime as coach of the Notre Dame football teams, Mrs. Rockne was much more than the wife of the coach. She won her place in the hearts of her husband's players as a "mom" to the boys, and many a night her home would be filled with Rockne's boys, many of them now remembered as football greats.

The Rockne home in those days was not far off campus and the players (Continued on page 15)

Father Hesburgh Speaks At Alumni Convention

BY TRUDY ERNST

The second annual Alumni State Convention of the combined Notre Dame Clubs of Florida, held the weekend of April 20 at the Sea Ranch Hotel in Ft. Lauderdale, was highlighted by an address by Rev. Theodore M. Hesburgh, C.S.C., at the Saturday night banquet. Other features enjoyed by the 160 alumni and guests included three days of swimming; bridge, putting and shuffleboard tournaments; diving and tennis exhibitions in addition to various other special features.

Those in attendance not only came from the State of Florida but also from New York City, Cleveland, Ohio, South Bend, Indiana, and Manitowoc, Wisconsin. Following registration on Friday afternoon, guests enjoyed cocktails and dinner served at the Sea Ranch.

Dick Whalen chaired the Convention bridge tournament which succeeded in getting three times as many participants as originally expected. High scorers were Willard Moss and Mrs. Dick Whalen. Activity at the card tables came to an end at midnight when Chefs Moss and Ed Kelly served a delicious charcoal-broiled hamburger snack for everyone present.

The putting and shuffleboard tournaments were directed by E. "Fitz" Gore and Hal Peters respectively. Both chairmen were so enthusiastic about these two events that everybody entered the tournaments. Fitz barely nosed out George Ernst in the putting contest while Dr. Lyle Russell and Charlie Maher were awarded top honors in shuffleboard.

A beautiful and outstanding exhibition of synchronized swimming and diving was performed by the Ft. Lauderdale Swimming Association girls directed by Tom Lamar. Tom Nolan and John Chapla provided the aquatic highlight of the week when they joined the swimmers in a special "balloon race in costume."

After lunch on the outside deck, a professional tennis match was staged between Jim and Jerry Evert, former Irish net stars, and well-known pros Bobby Riggs and Giornts.

Preceding the Saturday night banquet, a cocktail party was held on the pool terrace. John Sullivan, president of the Notre Dame Club of Ft. Lauderdale, was toastmaster at the dinner and introduced Alumni Secretary James E. Armstrong, State Foundation Governor Faris Cowart, and many other prominent guests. Father Hesburgh gave an inspiring address to the group concerning the curriculum and teaching staff at Notre Dame. After the banquet the guests enjoyed dancing in the beautiful lounge of the Sea Ranch.

Father Hesburgh celebrated Mass at Assumption Church for the group on Sunday morning and preached a never-to-be-forgotten sermon on the spirit of Notre Dame. After a delicious breakfast, the guests watched him give an impromptu demonstration of skin diving techniques at the Sea Ranch pool.

A scrumptious buffet luncheon prepared by Chef Pohl brought convention activities to a close on Sunday afternoon. The success of the State Alumni Convention is assured for 1957 with the advanced booking of the Sea Ranch by the Ft. Lauderdale Club for May 3 to 5.

Father Cavanaugh

(Continued from page 12)

Holy Cross College, Washington, D. C.
In 1933 he studied at the Gregorian University in Rome and received a Licentiate in Philosophy. Father Cavanaugh was appointed prefect of religion at Notre Dame in 1934 succeeding the Rev. John F. O'Hara, C.S.C., who later was to become president of the University and who now is Archbishop of Philadelphia.

Father Cavanaugh was named vice-president of Notre Dame and chairman of the Faculty Board in Control of Athletics in 1940 and he succeeded the late Rev. J. Hugh O'Donnell, C.S.C., in the presidency. Father Cavanaugh has been director of the Notre Dame Foundation since 1952. His brother, Rev. Francis P. Cavanaugh, is professor of sociology at the University.
Redecorate Washington Hall; Install Cinemascope Screen

Notre Dame's venerable Washington Hall, scene of thousands of concerts, plays, lectures and historic convocations since its dedication in 1882, is being completely remodeled and redecorated this summer. Scheduled for completion by September, the project includes new seats, carpeting, stage curtains, radiant heating, a cinemascope screen and public address system.

According to Rev. Arthur Harvey, C.S.C., director of the University Theatre, virtually all of Washington Hall's facilities will be new or greatly improved even though no major structural changes will be made in the 75-year-old building. Workmen already are busy from backstage to the lobby and scaffolding rises from the orchestra floor to the ceiling.

The seating capacity of Washington Hall when remodeled will be 848, only slightly less than at present. New automatic uplift chairs with light oak arms and upholstered in red mohair will be installed in the orchestra and balcony. The aisles and side areas of the theater proper are to be carpeted in charcoal grey while variegated black and white rubber tile has been chosen for the flooring beneath the seats.

The ceiling of the campus theater will be painted persian grey and the walls and woodwork will be crystal grey. The proscenium arch is to be framed in two tones of grey with gilt. A brilliant gold velour front curtain with matching valence has been ordered for the stage. The gold motif will be carried out in grand drapes covering the windows.

Father Harvey said that all lighting fixtures in the building are to be replaced. New down lights will provide illumination from the ceiling and recessed lighting will be installed under the balcony. A super carousel lightolier, suspended from the center of the ceiling, will be the only decorative lighting fixture in the theater.

Always known for its favorable acoustics for dramatic and musical events, Washington Hall's acoustics will be improved further with the installation of fibre glass material in the rear walls as well as by a new public address system recessed in the walls. For the first time, three dimensional movies will be shown there with the installation of a cinemascope screen and the necessary additional projection and sound equipment. The remodeled building will have radiant heating and a new ventilating system throughout.

Backstage, a new silver ripple traveler curtain, a new dimmer unit for the recently installed light board and new nylon rope rigging will add to the attractiveness of theatrical productions and to the efficiency of stage crews.

Washington Hall's lobby and mezzanine, too, will be completely redecorated. They will be painted in sandalwood and coral, but the natural oak of the grand staircase will be preserved. The masks of tragedy and comedy, traditional symbols of the theater, will be inlaid in the center of the lobby's tile floor.

Mrs. Rockne

gathered in the coach's living room to hash over the day's activities and their plans for days to come.

Mrs. Rockne was born in Upper Sandusky, O., Dec. 18, 1891, and was educated in public schools there. She met Knute Rockne at a summer resort at Cedar Point, O.

Surviving are four children, a daughter, Mary Jeanne, at home; three sons, William D., South Bend, Knute Jr., Chicago, and John V., South Bend; a half-sister, Mrs. Joseph Dierickx, South Bend; and four half-brothers, William and Justin J. Jones, South Bend; Elvin Jones, Rt. 2, Niles, Mich., and Ira Jones, Kenton, Ohio. There are five grandchildren.
Military Units Urged
To Accept Leadership

Prior to the end of the spring semester, the Rev. Theodore M. Hesburgh, C.S.C., celebrated a military Mass in Sacred Heart Church which was attended by members of Notre Dame's R.O.T.C. units. Preceding the Mass, Rev. Robert Woodward, C.S.C., Director of the Office for Military Affairs at the University, delivered a "Memorial Day" address to student members of Notre Dame's Army, Air Force and Navy groups.

Extracts of Father Woodward's remarks are as follows:

It is altogether fitting that we on this day revere the memory of those who have preceded us and who fought with their blood the liberty of free-men which we enjoy. Although we never knew their company, nevertheless we are their companions and their compatriots.

It is equally fitting that we pay tribute to those who have preceded us in this University and who as citizens and as soldiers have established a renown for patriotism, for learning and for Catholic leadership. It is to their wisdom, devotion and example which we enjoy. Although we never knew their company, nevertheless we are their companions and their compatriots.

This is the heirloom which gives character and courage to people, and which when lost, leaves them spiritually bankrupt and divided.

We are living in a new era and we must face up to new problems which impose new obligations and require new solutions. The challenge that is offered to every educated Catholic is to live in the midst of this changing world and yet to remain unchanged.

At a time when everything is in preparation, everything in process, when nothing is completed and nothing fully accepted, we must stand firm and uncompromising on principle. We must be equally opposed to drift as to desolation. We must be conservative, and yet remain creative.

In the face of this ever rising challenge we note a serious lack of generosity and of positive attitudes on the part of Catholic students. Indeed, from the founding of this republic till now, we Catholics have been without an adequate sense of social responsibility. There is too much passive submission and surrender. We need more stiffening. We are too soft, too pliant and too obliging, if Christianity is ever to become a leaven of the mass, then Christians must be everywhere and in ferment. It is not enough to peddle petty accuracies when the times demand high priests and prophets of courage and enlightenment. Modern society and civilization are wasting away for lack of men who can inspire and enlighten others.

KERVICK FARM DONATED TO OPUS DEI MOVEMENT

Professor Emeritus Francis W. Kerwick, former head of Notre Dame's Department of Architecture, has donated a farm in Vermont to the Opus Dei movement. This is the first secular institute approved by the Holy Father. Plans are under way to remodel the farm house that will be used for retreats, days of recollection and courses on spirituality.

Opus Dei was started in October, 1928, by Msgr. Joseph M. Escriga and its primary purpose is to achieve the personal sanctification of its members and to spread the life of Christian perfection. Members are men and women from all walks of life who continue to live their normal ways without the habit or community life of a religious but who consecrate themselves to God by private vows of poverty, chastity and obedience.

Sculptor Award Presented To Professor Mestrovic

Professor Ivan Mestrovic of Notre Dame received the Gold Medal for Sculpture of the National Institute of Arts and Letters at a recent ceremony in New York. The 72-year-old internationally recognized artist is generally regarded as the outstanding living sculptor of religious subjects.

Mestrovic accepted the award at the joint annual ceremonial of the Institute and the American Academy of Arts and Letters. He was also formally inducted as a newly elected member of the Institute. A Gold Medal for Music was presented to Aaron Copland who has been described as "America's first great composer."

The Institute's gold medals are awarded for distinguished achievement in each of two distinct branches of the arts each year. Ten artistic fields are designated for the award, each being dealt with in rotation every five years. The entire work of the recipient, rather than a specific example, is taken into consideration. Previous medalists in sculpture were Augustus Saint-Gaudens, George Gray Bernard, Paul Manship and James Earle Fraser.

Memorial Day Sermon

(Continued from page 16)

Our aim at Notre Dame is to develop leaders who will think more of cause and of principle than of themselves. We expect Notre Dame graduates to have high ideals and strong convictions. We are disappointed if they are lacking in normal initiative and legitimate ambition.

Only as a commissioned officer can the college graduate enjoy the prized privilege of living and of associating with those of his own cultural background and tastes. Only as an officer will he have the chance to exercise and to develop in himself those very gifts and traits that make for success in every walk of life. Only the officer is permitted and is required to make decisions, to shape policy and to affect the life and character of others—and to a greater degree, and at an earlier age, than anyone, anywhere else.

It is our hope that you young men will continue as you have begun and assume the responsibilities of leadership—in one or other of the Armed Services. Without question Notre Dame has the right to expect that you will not set for naught the lessons learned here and first taught you in your homes and in your parishes. Wherever you may be, and under whatever circumstances, let your life and conversation reflect a full and a true Christian culture.

Student Art Show Displayed at N.D.

One of the largest single exhibitions of art work by students, featuring 150 pieces, opened in the University Art Gallery on Thursday, May 31, and will be on display until July 15.

From the classes in life drawing under Stanley S. Sessler, Head of the Fine Arts Department, are charcoal sketches, pastels, and crayon work of the human figure and portrait studies.

There is an interesting exhibit of sculptures in plaster and patines by students in the graduate studios of Ivan Mestrovic, Notre Dame's distinguished sculptor. A large relief by Mestrovic serves as the centerpiece for the entire exhibition in the west gallery.

Fred Beckman's classes show studies in commercial art, designs for radios, work in hammered and tooled metals, and studies in three-dimensional geometric design. The featured work from the Beckman classes is a scale model in plexiglass for a new car body, done as his thesis by Virgil Exner, Jr., styled with a new and refreshing streamlining pattern. For this unusual work, Exner won the 1956 Jacques Medal.

Figures of St. Dymphna done in bisque, mosaic panels of the head of Christ, crossed-plane animal forms in ceramic, and several studies of the human figure in patined plaster represent the various classes in sculpture under Rev. Anthony Lauck, C.S.C.

A large group of paintings in oil
casein, tempera, and other special bases are the work of advanced painters under Robert Leader. They reveal the study and understanding of many modern forms of expression and contemporary handling of theme and style.

**NEW ASSIGNMENTS GIVEN TO PRIESTS**

Rev. Louis J. Thornton, C.S.C., has been appointed placement director at Notre Dame and Rev. Richard D. Murphy, C.S.C., has been named his successor as director of admissions. Their appointments were recently announced by Rev. Theodore M. Hesburgh, C.S.C., president.

Father Thornton, who had held the admissions post since 1945, replaced Rev. Alfred F. Mendez, C.S.C., who recently was named director of development for the Holy Cross Fathers’ Indiana Province. Father Murphy has been an assistant professor of physics at Notre Dame since 1950.

A native of Birmingham, Ala., Father Thornton was graduated from Notre Dame’s College of Commerce in 1929. He took graduate work at New York University and Columbia University and was associated with the Guaranty Trust Co. of New York City for nine years. Returning to Notre Dame in 1938 as an instructor in finance in the College of Commerce, Father Thornton began his studies for the priesthood the following year. He was ordained June 24, 1944, and became university registrar a year later. His title was subsequently changed to director of admissions.

Father Murphy was born in Lima, Ohio, but spent most of his youth at Marion and Anderson, Ind. He entered Holy Cross Seminary at Notre Dame in 1921 and was graduated from the university in 1931. Since his ordination on June 24, 1934, he has been a faculty member at St. Edward’s University, Austin, Tex., at the University of Portland in Oregon, and at Notre Dame. He is a member of the American Institute of Physics.

DUKE AND CALIFORNIA ADDED TO GRID SCHED

Duke, Georgia Tech and California will be future football opponents of the Fighting Irish according to an announcement by Edward W. Krause, Director of Athletics. Notre Dame is scheduled for a two-game series with the Blue Devils beginning in 1958 with the latter visiting here for the first grid game ever scheduled between Duke and the Irish.

Georgia Tech will play at Notre Dame in 1959 but since Notre Dame's 1960 schedule is already completed a return game with the Rambling Wrecks is not slated at that time. Tech and N.D. have battled on 16 occasions, beginning in 1922, with the Irish victorious in 14 games.

A two-game series between Notre Dame and California will start in 1959 with the first contest to be staged in Berkeley.

Akon

On Tuesday evening, April 10th, the Notre Dame Alumni Club of Akron celebrated Universal Notre Dame Night with a dinner in the Akron City Club. President Ralph Else presided at the meeting. Tom reports it was a huge success and he picked up several wonderful ideas which he plans to pass along to the Akron alumni in the near future.

Discussion of future club activities: Chicken Fry, to be held at the Steel Company of Canada's offices we had the pleasure of having Father Maurice Desjardins with us at the affair.

Officers elected were as follows: Honorary President, Frank J. Shaughnessy; President, P. H. Laframboise; Vice-President, Joe Brennan; Secretary, Ed Mulcair; Treasurer, Bob Henaus.

Then [2] of the Directors out of the five (5) to be elected, were also chosen, namely Father Maurice Desjardins and Bill Santel. [3] other Directors will be chosen from the alumni across Canada as provided for in the Constitution. Therefore, the Board of Directors will be made up of five (5) Officers and five (5) Directors.

We also had the pleasure of having with us Larry Sullivan who was coaching at McGill in Montreal and we are sure as time progresses that we will be able to bring in a good percentage of the alumni residing here in Canada.

ED MULCAIR, our Secretary, will issue News Letters from time to time informing those who are living in other parts of Canada, of our proposed activities and advising that we will have a permanent secretariat located in Montreal where any visiting alumni will be able to contact members of our group in Montreal or vicinity.

—P. H. Laframboise, Pres.

Canton

Last Fall, the ND ticket office sent us 50 tickets to the Notre Dame-Miami game.

The meeting of the game, some of the Canton Alumni, together with their friends, chartered a plane and flew non-stop to Miami.

It was a genuine pleasure to have our own cheering section for Notre Dame.

We are very grateful to the ticket office for allotting us such a block of tickets and hope the good-will and favorable publicity will offset the cost.

The trip was such a huge success that with the help of the ticket office, we are planning another chartered flight trip again this coming season.

Universal Notre Dame Night was observed by the Alumni of Canton and Stark County on Wednesday, April 11, at the Holiday Country Club. A very good turnout was on hand to hear Dean Baldinger of the Science School brief the Alumni of the latest developments at Notre Dame concerning prospective and present students. He told the Alumni of the new counseling and testing programs. The observance this year was different, in that wives were present, and we hope that this will be an annual affair observed in this manner.

After the dinner and the Dean's talk, movies

Connecticut Valley

Monday, April 9, was a day that will long be remembered by many Connecticut Notre Dame men, their families, and friends, for we were privileged to have the REVEREND THEODORE M. HESBURGH as the main speaker at our annual observance of Universal Notre Dame Night. This was Father Hesburgh's first visit to Connecticut, and the first time in over twenty years that any president of the University has been to the state. Nearly 300 persons attended the statewide reception and dinner held in his honor at the Hartford Club by the Connecticut Valley Club.

Archbishop Henry J. O'Brien of the Archdiocese of Hartford and Governor Abraham A. Ribicoff were on hand to welcome Father Hesburgh to Connecticut. Other guests included Auxiliary Bishop John F. Hackett of Hartford; Montemporary, Vicar General of the Diocese of Norwich; Father Carl Scherer, club chaplain; and Congressman Thomas J. Dodd. Judge Jim Murphy of New Haven acted as toastmaster.

DENVER—The club's scholarship winner is Ronald J. Telk (center). From left to right: Eugene Blisch, Telk and Arthur L. Anderson.

The providential dropping pin could be heard as a captivated audience listened to Father Hesburgh deliver Notre Dame theme of the past, present, and future. He pointed out that Notre Dame has the four qualities that make a university great: a great spirit, a great student body, a great faculty, and a good physical plant. Father Hesburgh also stressed that Notre Dame has always attempted to train the individual to be a good man, no matter what his chosen field of endeavor.

Another highlight of the evening was the presentation of the man of the year award. The president or another officer of each club announced the respective recipient, and Father Hesburgh presented the award. FATHER CARL SCHERER, club chaplain, was our man of the year.

This Universal Notre Dame Night celebration was successful due to the efforts of many, but a few men deserve special recognition. HANK McGAH, general chairman, BILL WAEDER on tickets, BOB DALTON on publicity, and JOHN ROBINSON on invited guests did a swell job.

The REV. ARTHUR HOPE, C.S.C., spoke at the University has been to the state. Nearly 300 persons attended the statewide reception and dinner held in his honor at the Hartford Club by the Connecticut Valley Club.

Rome, Italy

Universal Notre Dame Night was celebrated by Notre Dame Alumni, families and friends at Notre Dame International School for Boys in Rome on the night of April 26th, 1956.

Hosts were the Brothers of Holy Cross with BROTHER LOYOLA CHRISTOPH, C.S.C., Headmaster of Notre Dame School, welcoming the guests.

Invited as principal speaker, the VERY REV. CHRISTOPHER O'TOOLE, C.S.C., Superior General of the Congregation of Holy Cross, was unable to attend. In a cordial letter Father O'Toole delegated FATHER EDWARD L. HESTON, C.S.C., Procurator General of the Congregation, to address the gathering. Father Heston made his theme the contribution that Notre Dame University is making to foster genuine Catholic culture in the modern world.

Demonstrating the traditional Notre Dame family spirit, the evening was programmed as an informal buffet supper with a non-Roman dish taking the spotlight—Baked Beans.

Gathering in the student dining-room, a piano was rolled in and all let out with The Victory March. As a volume builder one side of the dining room was pitted against the other to outdo the other. To induce the full spirit of combat one side was labelled Notre Dame and the other (not Southern Methodist) but "St. Mary's!"

N.D. campus stories were swapped and a picture was snapped by none other than "Grace Kelly's doctor" (DR. JERRY HORN, ex-N.D.) who is a medico stationed aboard the S.S. Constitution which is limited as principal speaker, the VERY REV. MSGR. FIUVINCIS C. OTT, chaplain, Rt. Rev. Msgr. Francis C. St. Louis

Our club activities got off to a good start on May 30th with our annual picnic. This year’s Committee of TOM McGUIRE, Chairman, MALCOLM DOOLEY and DAN SULLIVAN chose the Ivanhoe Lodge as the picnic site. The swimming, food, drink, the many fine attendance prizes and the special added attraction of ponies for the children made the picnic an outstanding affair.

On August 14th, we will have our first annual Golf Tourney. LOU FEHILL is Chairman for the event which will be held at Norwood Country Club. The golfing will be followed with a dinner for club members whether they play golf or not. Any alumni or faculty in the city on this date are urged to attend.

GEORGE CONY, JOE GOLABOWSKI and the officers are presently making final arrangements with the railroads for our annual scholarship fund football trip. This year, we will have the Oklahoma game for our trip. Since this is our only source of income for our scholarship fund, every effort is being made to promote this trip to attract our biggest attendance yet.

At the present time, the officers are at work on our program for the coming year. We are in hopes of having a guest from the University for each one of our affairs and on Universal Notre Dame night we are again going to have a speaker of national prominence who in some way is connected with or has shown an interest in Notre Dame and its program.

We are in hopes this year of completing and publishing our Roster. This Roster will be made up so that additions and changes can be made without the necessity of printing an entire new one each year.

Toledo

The Notre Dame Club of Toledo held its Annual Communion Breakfast on Sunday, April 28th. Toledo Alumni, their wives and friends attended Mass and received Communion at Rosary Cathedral. A slight drizzle outdoors hadn’t dampened the ardor of the group at all when President BILL MURTAGH, Co-Chairman JIM SATTLER and CHUCK SCIRIA greeted them at the front door of the Cathedral and ushered the Notre Dame men and their wives to the special reserved section.

Following Mass, breakfast was served in the white-and-gold room of the Park Lane Hotel. REV. ERENDE JOHN E. WALSH, C.S.C., who came from the campus especially for the affair, was guest speaker. His message was an inspiring one—what a Notre Dame education means to a man throughout his entire lifetime, the deep-down foundation it gives him for building a full, beneficial life in the name of his Father and for the good of his family and his fellow-men.

Father Walsh talked of recent developments on campus—the planned dining hall, new residence halls—and the current needs of the University. We learned informally that in addition to important academic matters, both football and girls are still major topics of student talk between classes and before “lights out.”

In the name of the Notre Dame Club of Toledo, President Murtagh presented a check for $1,500 to JACK SOLON, Toledo City Chairman of the
DALLAS—A portion of the 225 alumni, wives and friends of Notre Dame who attended the Universal Notre Dame Night banquet on April 5 in the Baker Hotel. Rev. Alfred F. Other directors, also introduced, were BUDD MALONE, JOHN MULLEN, JIM MURTAGH and President BILL MURTAGH.

Toledo Blade chief photographer, TOM O'REILLY, was a busy one, skittling in and around tables taking record photos of the event. An informal picture of GEORGE NORUMMEL, JIM SCHROEN, JOHN MULLEN and their wives was featured in the society section of the Blade the following week.

HOWARD SCHELLENS, the outgoing president, introduced FATHER ARTHUR HOPE, C.S.C., who gave a very inspiring talk on the mission of those alumni to the ND-Purdue game this fall, but that had to be cancelled because the New York Central Railroad will not let us have a special. Dr. KEN LAWS was chairman of that committee.

We plan a tennis golf ruck, with PAUL KENEDY and JOE CAMPAGNA as the co-chairmen. That should be a real affair, with those two handling the arrangements.

Attending this year's reunion were Mr. and Mrs. JAMES V. ROBINS of Nogales, Arizona, WILLIAM POYNTZ of Canton, Ohio, RAY T. MILLER of Cleveland, Ohio, and WALTER CLEMENTS, LEO SOODZINSKI, CELIIR BIRDUR and R. S. O'NEILL of South Bend. CHARLIE VAUGHAN and TWOMYE CLIFFORD wrote that they were coming, but we missed them.

It was Jim Robins' first visit to the campus since '14, but he promised to be a "regular" from now on. He and his charming wife, Mary, were amased and enchanted at the growth and beauty of the campus, and visited every nook and cranny of it. Jim is a real "old-timer," entering Notre Dame in 1916 and returning as an assistant to FATHER JOHN CAVAUGH, next to the President's office on the second floor of the Main Building. The Robins drove back to Cleveland for a visit with the Ray Millers, but the trip was delayed until Jim could get over to Corby and the Infirmary to visit FATHERS CARROLL and DOREMUS.

Ray Miller repeated his suggestion, enthusiastically seconded by FRED STEERS, LOUIE KIEFER, et al, that for the earlier classes the "5-Year Reunion" plan be supplanted by a plan similar to the present "once every five years" reunion of the old St. Joe Hall reunion plan. Classes were delayed until Jim could get over to Corby and the Infirmary to visit FATHERS CARROLL and DOREMUS.

EDWARD V. CROWE, '26

Edward V. Crowe has been executive secretary of the Catholic Youth Organization for the Archdiocese of Detroit since 1934. His tremendous achievement in CYO work has helped contribute to the welfare of Detroit's youth.

Ed Crowe comes from a family of outstanding athletes. He and six of his brothers starred in basketball and football at Notre Dame.

Ed came to Detroit as a teacher and coach of all sports at St. Benedict's High School following his graduation from Notre Dame in 1926. He was one of the pioneers in the organization of the Parochial High School League and served as its president for eight years.

Various voluntary posts which he holds at the present time include chairman of the Detroit Commission on Children and Youth; president of the Group Work and Recreation Federation of Metropolitan Detroit; Michigan Regional Director of the Youth Department of the NCWC; and secretary of Cardinal Mooney's annual capital fund campaign.

More than 20,000 boys and girls enjoyed the CYO sports program last year under Ed's direction. He and his wife reside in Detroit and are the parents of six children.
people. And he is wondering what happened to 'Ma' Conway.'

A 33-year-old mystery of a missing classmate came to light a few weeks ago that is as astonishing as the fact that only after 33 years did it come to light in the Alumni Office. This corner of the Alumni Secretariat (meaning L. V. B.) has long been unhappy over the fact that some 20 names of classmates appeared on the list of "whereabouts unknown—mail returned unclaimed," and this spring I decided to do something about it. Personal advertisements were inserted in the newspapers of those cities from which, according to the '23 Domus, these missing classmates hailed. The following ad is a sample and this one, incidentally, unearthed the mystery:

LEO C. DUNLEA (or relatives or friends) requested to furnish his present address. Last known address Youngstown, Ohio, graduate University Notre Dame 1923, degree LL.B. Louis V. Bruggner, 127 W. Washington St., South Bend 1, Ind.

A few days later I received this letter: "Answering your adv. in the local paper regarding my brother, Leo C. Dunlea, I am sorry I cannot furnish his address. I doubt he is alive... After finishing at Notre Dame in 1923 arrangements had been made for him to enter a law firm in Pittsburgh, but they did not want him until that fall. He decided to spend the summer on a Great Lakes freighter. We heard from him for a few weeks and then—NOTHING. We have not heard from him since. The steamship company advised his ship arrived in Detroit on a Saturday. The crew was paid off and went ashore for the weekend. When the ship sailed Monday a.m. Leo had not returned. They received no word from him. I went to Detroit twice during the following months but found no trace of him. He just vanished. I hope... our assumption of his death is wrong. We have continued to hope during the..."

WILLIAM M. McNALLY, '37

After graduating from Notre Dame with a bachelor of arts degree in 1937, William M. McNally attended St. John's University Law School for one year. He later was president of the Sheridan Square Wine and Liquor Corporation and also was a member of the sales promotion department of Calvert Distillers and Bellows Company. During World War II, Bill served three and a half years in the United States Army Air Force and was discharged as a first lieutenant. Following his tour of duty with the Armed Forces, he was vice-president of Community Redevelopment Corporation in New York City.

He established the William M. McNally and Associates Agency, an organization of fund counsellors whose only clients are Catholic institutions. Bill is unmarried and resides at the New York Athletic Club. He is a member of the St. Paul A. C., the New York A. C., and the Irish Historical Society. His brother, Joseph C., also graduated from Notre Dame in 1937.

steep 33 years that we would hear from him. Leo P. Dunlea, 839 Canfield Road, Youngstown, Ohio. Then followed an exchange of letters between us which brought nothing new of any consequence to light, although this sentence is probably wrong, each state has a published directory of all authorized lawyers. For what the suggestion is worth, there are now only nine names on the "unclaimed mail" list. Of these, two are Atlantics, REV. VINCENT CATA-PANG of the Philippines and CHING KAY DOM-INICh of China. All Alumni are asked to check their contacts and to report to me any informa- tion as to their whereabouts.

This leaves seven names. Of these, three are unfortunate who wish to be left alone, three are old students who did not graduate but are listed as '23 men by the Alumni Office, and our, FRED D. ULLRICH, with degree of Bachelor of Science, does not appear in the '23 Dome. Thus ends my manhunt. Correspondence with and from classmates has been encouraging. Keep the letters coming, fellows, and the direct-mail newsletter campaign will go on apace.

CLIFFORD B. WARD, editor of the Fort Wayne, Ind. News-Sentinel, and TOM PLOUFF, Marinet-ette, Wis., sales man, were honored as men of the year this spring by their respective home-town clubs.

The death of JOHN R. FLYNN was reported in the last issue of the ALUMNUS, but is repeated here in the belief some of his friends might have missed the item in the last issue. In line with a practice begun a year ago John has been enrolled in the Purgatorial Society of the Holy Cross Foreign Mission Society. The policy is recommended to other classes having the necessary "facilities."

Frye, 1925 men who are identified by the Alumni Office with earlier or later classes than 1923, and who wish to keep informed on '23 news, are requested to communicate with the class secretary. Our periodic newsletters which go out to '23 men are more exciting and detailed than these notes in the ALUMNUS. Let's keep our old ties strong. (LOUIS NAVIN and others, note).

About three years ago I was having lunch with GERRY SEXTON and in the course of the conversation I remarked that not enough fellows sent in news items to the 1940 column. So Gerry with a very pleasant expression said, "Well all you have to do is junior, is sit down and write the man a few lines and he will be glad to see you. If you stay to dinner, you can have no tea. If you are in town, you can leave the kids with us and take in the city. If you are looking for tickets to sporting events, or the theatre, a native son frequently has a few wrinkles that the visitor does not know about.

Secondly, in many of the other columns I notice reference to ND men in one section of the country doing business with ND men in other sections of the country. This is particularly true of graduates who are older than we. When you write, please mention what you are doing in a business capacity and perhaps someone may read it and a contact be established.

Thirdly, I also notice that other classes have some system of dues. I do not relish the prospect of keeping a set of books or acting in a fiduciary capacity. So, if that is the case, I can assure you that every little bit helps. From the look on Hank's face that is still a long walk with a suitcase. There are a number of items that I would like to discuss with you before getting into the usual chatter: First of all the Brown family is hanging out in the Chicago area. Married, with a couple of children. Brown is easy. A little zig-zagging after
A recent appointee as United States Referee in Bankruptcy is John C. Mowbray of Las Vegas, Nevada. He graduated from the Notre Dame Law School in 1949 and is a member of both the Illinois and Nevada Bars. John was assistant district attorney in Las Vegas from 1949 to 1953. At the present time he is also engaged in the private practice of law.

John has been active in various organizations since moving to Las Vegas. He is a past president of the Serra Club and also a past grand knight of the Knights of Columbus Council in that city. Mowbray is the district governor-elect for Serra International, a Catholic businessmen's club. He served in Korea as one of the military governors from 1945 to 1946 and is a major in the United States Air Force Reserve. He is a member of both the American Legion and Veterans of Foreign Wars.

JIM CLEARY was at the reunion. You may have noticed in the various financial publications or the financial pages of your local newspaper about a month ago that the "Young Presidents Organization" held its annual meeting in Hollywood, Florida. This is a group of men who are presidents of their respective corporations throughout the nation; the corporations are doing millions of dollars gross and the men are all under forty. Our class has two members, Jim Cleary is one and at the recent meeting BILL COLLEON, also of our class was elected president of the organization. This is extremely fast company and both of these gentlemen are making real well. Jim has mentioned that he had bumped into HANK COLLINS who is teaching at one of the Colleges in the mid-west. Apparently Virginia or Maryland. BOB CONNOLLY was at the reunion. Bob is an attorney, married, and has a flock of children.

Had a welcome letter from ED KEMPFF recently, filing his annual report from Evansville, and filling us in on his active in state and elsewhere. In Indiana: "Today's mail brought the march-April ALUMNUS and I read the class secretary's plea for letters. Honestly, I'm sorry that I am so unrelated to a writer but believe me I have good intentions. Always glad to read your notes in ALUMNUS. It resembles Youngstown (Ed. Note: reference to GRiff ALLEN) still has his pen, pencil and typewriter. Now, George, back to you and an explanation of the stationery. Currently I'm the Grand Knight here and supplies are available."

"I'll try to bring you up to date on Evansville Notre Dame, thumbed and encircled '44. PAUL UNVERZART, HENRY DEWES, TOM CLEMENS and ED KEMPFF, that's me, were the four interpid souls from Evansville to begin N.D. careers in 1940. Paul, as far as I know, is still with Crosley in Cincinnati. Hank is still in Evansville, real active and kicking and an engineer with Whirlpool-Seeger Corp. Tom in the past two weeks has been transferred from San Diego, Calif. to Washington, D.C. and very much closer to home. In fact, his family expects him in May. As for yours truly, I am still in the wholesale liquor business and the president father of a 1974 N.D. freshman named Timothy."

"BOB LONDERGAN, a transplanted Evansville-ian, is another '44er who's a very active legal eagle andightseter."

"So much for now, George. Current plans call for a South Bend week-end for Michigan State. Hope to see you there. If not, 1959 will find us all together reluctantly approaching the uncorrected forties. Tell GRiff ALLEN he owes me a letter."

Many thanks to you, Ed, for rescuing us once again. Would be fine if some other of our classmates would take pen or pencil in hand and send along some notes about themselves and other '44ers in their vicinity. If we had just one faithful correspondent in all of the major cities, especially through the mail, we'd jam-pack this column with plenty of news each issue.

We received a note the other day from Brother ARNOLD LATTERELL, who after graduating with our class was sent to teach at St. Thomas Aquinas School in Brooklyn. Brother is now principal of the school located at 2000 Flatbush Avenue, in the midst of Dodger-land, and reports an enrollment of nearly 1600 with over 500 on the waiting list. They've broken ground for an additional school to open in September and expect to have the new building ready by next February.

Hop-skipping across this land of ours here are bits of information spotlighting other '44 brethren. . . . ED ALTENDORF is with the organization and procedure dept. of the Miller Brewing Co. in Milwaukee. . . . BEN BRUNETTI is with the Method Company, Philadelphia, Pa., engaged in management consulting. . . . JOHN "BUD" KUHN, President of our Senior Class, is now Vice-President in charge of sales for the General Binding Corp. in Chicago. . . . LEO LARDE, the father of three sons and two daughters, is with the Electro Vxirurgical Div. of Union Carbide & Carbon Corp. in Ashland, Ohio. . . . JIM MALONE is general cost dept. supervisor with Libbey-Owens-Ford Glass Co., Toledo, Ohio. . . . JIM McManus is living in Mt. Pleasant, S. C., and a chemical engineer with the West Va. Pulp and Paper Co.

The new president of Vestal Laborato­ ries, Inc., is Frank J. Pollnow, Jr., a member of Notre Dame's 1942 Class. Frank succeeds his father, Frank J., Sr., founder of the Chemical Specialties Manufacturing Company, who will continue as chairman of the board.

Except for service with the United States Navy during World War II, Frank has been associated with Vestal since graduation. Prior to being named president, he served as plant manager, research director, technical director and executive vice-president.

He is affiliated with the American Chemical Society. Frank is chairman of the Industrial Division, Association of American Soap and Glycerine Pro­ ducers and is a past director of Chemical Specialties Manufacturing Assocation.

He has been active in the Notre Dame Club of St. Louis where he has served as vice-president and member of the board of directors. Frank is also a member of the Serra Club and recently he participated in the founding of The Priory of St. Mary and St. Louis—a monastery and Catholic preparatory school for boys conducted by the Benedictine monks.

He is married to the former Geor­ anne Funsten and they reside in St. Louis with their two sons.

**DO YOUR PART!**

We of the class staff are doing what we feel is an honest effort of maintaining class records, encouraging all to contribute to this column, creating class spirit, planning class activities, and doing everything and anything to strengthen, expand, and coordinate class efforts. We ask you to know that the class is behind us. All we ask is that you, as you read this, cooperate with us. You have not up to now. Or at least, only a handful of you have been business-like enough to have done so.

Your class treasurer, BILL MOORE, recently sent out individual letters to each of you in the class, asking for a contribution to bolster our fading finances. Has anyone done this? Not. What about the spirit? What if we took that attitude? Where would class structure, and this column, and the reunion be, etc.? Suppose we all give the interest the find the time and the little energy it takes to get a $3.00 check off. Don't be a side-of-the-road-answer, Bill's letter. Give us a vote of confidence. Do at least your part! And do it today.

HERE AND THERE

Did you know that . . . JOE INCE, who has been carried as "unclaimed" for quite a while, has finally been cornered as being at 316 South Flower Street, Inglewood, Calif. Hope you fare well out on the West Coast, Joe . . . that CHUCK SARTAIN, who has made a mid-season trip, spending class after their new home at 4936 Hampshire Avenue, Memphis, Tenn. Best of luck to you, we'll see you on the chinchilla, and from South Bend. Joe HAGGAR has moved to 933 Wedgewood Lane, Dallas, Texas . . . that JIM RETTER'S new address is 210 Ken­wood, Lakeview, Delmar, New York. You're getting closer and closer to Garden City, Jim. Soon you won't have any excuse for not dropping in; you're about as close as they can be . . . that my letters to GIL HAAS at 621 Forest Avenue, South Bend, and to DICK YOUNG at Box 363, Niagara Falls, Ontario, Canada, are returned because they have moved and left no forwarding address. Now, is that having any consideration? . . . that Margaret and WELTON RALPH ABELL of 23144 South Bent­ley, W. Los Angeles 61, Calif., have two lovely children, 4-year-old Scott and 3-year-old Michael Bryan. Ralph is with the Duale Dane Backheath Advertising Agency as an account executive . . . that JIM and G. MACK, JR., and his wife, Cath­erine, are the proud parents of four youngsters, Marjorie (6), Michael (5), Mary Catherine (4), and John (2). Johnny is the assistant to the general manager for sales with the Inland Steel Company, John's address is 38 S. **LETTERS FROM DEPARTMENT**

From MIKE GARRY: "I don't think I ever took the opportunity to thank you for the terrific job you did in organizing our 10-year class reunion last year. To say the least, I enjoyed every moment of the reunion. "My activities have centered around the Knights of Columbus as I am Grand Knight of our local council. "We hope to add another name to our family sometime this summer. With best wishes to you, Al, and to everyone in the class, I remain ready for any class reunion, Mike Garry." From JIM CLYNES, class president: "Names are beginning to come in of those who plan to attend the Oklahoma game on the University. So far we have the following: JOHN MACK, JR., JOHN CARON, DICK BLACK-HURST, DICK SADLONI, MIKE GARRY, JIM RETTER, DES CURRIER, DAVE MURPHY, CLYNES, AL LESMEZ, JACK CLEARY, HARRY MURPHY, ROB MORDAN, BILL KLEM, JR., ROY GRIFFIN, ED NOONAN and JACK KINNEY. "AI, I can't stress enough the importance of each man interested in this get-together letting me know so we can plan, and that each person get his own football tickets. "I am still waiting to hear from one of our members in the South Bend area as to whether he will accept the project of contacting the non-member of any N.D. class so that our class can grow. I am also awaiting a letter from Father Sheedy with regard to BILL WHALEN'S Mass card. Evidently he sent it on and failed to charge us for it. Kindest regards to the whole class.

AND STILL NO ACTION

Here's a good example of the "put-off-off" spirit which licks us every time. Here you have finished the column, figured it all, that's that until the next issue," and are already thinking about other things more immediate to you. But how about getting a check off to BILL MOORE? How about a letter for me for ammunition for this column? How about letting JIM CLYNES know if you will make the get-together at the Oklahoma game? How about some action, now, positive and real!!

Office of the President
The University of Notre Dame
Alumni Association

Midland, Texas
July 1, 1956

Fellow Alumni:

During six beautiful days in what otherwise has been a miserable spring around South Bend, there were considerable “doins” at Notre Dame.

Your Alumni Board met in an abbreviated session on Tuesday and Wednesday and then participated in joint sessions with sixty-eight Alumni Club presidents from all over the country for two days of concentrated sessions dealing with all phases of club activity. After hearing the “party line” by affable Jim Armstrong and his able Alumni Office staff, specific problems were discussed. Questions raised on each problem produced a lively exchange of ideas which should prove helpful to the individual club.

You should be proud of your representatives—their enthusiasm and serious approach to the complexities of club guidance has assured the administration that a continuance of this program is beneficial to the Alumni and to Notre Dame.

On Friday the “Old Grads” poured in for their respective class reunions—eight hundred strong. Any attempt to recount the myriad happenings, impressions and relived memories would fill a book—however, several highlights stand out in my mind.—The Class of ’06—fifty years young—including Fathers Doremus and Burke.—The “Twenty Fivers”—Class of ’31—Rock’s last and perhaps his best—Metzger, O’Connor, Conley, et al, all looking fit and ready to go.—The screwballs of ’36 out twenty years who broke up the ’31 “bar association” meeting on Sunday attempting to throw “water boy” Mazziotti into the lake.—The genuine interest exhibited in fellow classmates and things Notre Dame:

Personal—“The last twenty years haven’t done a thing for you!”
Sectional—“Do they allow colored television in Memphis?”
Local—“What happened to the board sidewalks?”

—The man who has won more games for Notre Dame than anyone living or dead—Jack Shea, ’06—author of the Victory March.—The standing ovation given Father Hesburgh at the conclusion of his dynamic speech.
—The sadness in discussing our missing friends.—The beauty and serenity of the campus—the grotto—the lakes—the new buildings—and the spiritual stimulation of returning to this lovely spot where Our Lady etched indelibly in our minds four unforgettable years.

Sincerely,

JOSEPH I. O’NEILL, JR.,
President
